EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite, and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv

The value of resident representatives is too obvious to require any argument for the extension of this feature of our service.

The field for European investigations by special agents immediately upon the conclusion of the war will be so extensive that the bureau will require greatly increased funds.

Too much emphasis cannot be placed on the desirability of employing trained economists, statisticians and experts on banking, shipping, etc., in excess of the bureau's present force. These types of economic authority are constantly needed to conduct work equal in importance to that performed by the great federal commissions in Washington.

Our country is looking to the bureau of foreign and domestic commerce to do its share in preparing the country for economic security and prosperity after the war, when the chief industrial and commercial forces in both hemispheres will be ready to launch great organizations on the commercial seas in quest of trade.

ing too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges.
