HERE FROM ASHLAND

Mrs. A. L. Harvey of Ashland arrived yesterday evening to visit relatives and friends for a time.

Fifteen thousand automobiles since August 1st have been shipped to France for the Red Cross.

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

R. C. Membership Not Requested of Children

PORTLAND, Dec. 13.—No soldiers, sailors, or children will be solicited to take out membership in the Red Cross when the membership drive is held December 16 to 23. These are specific instructions from the national headquarters to State Chairman Wilbur E. Coman and State Manager H. E. Witham. Every solicitor engaged in the drive must observe this order.

Not all of the energy of the Red Cross has been expended in the countries of Europe. The Red Cross has been rendering invaluable service here at home, and in Oregon itself the organization is spending a large sum every week in offering relief to the dependents of American fighters and in furnishing clothing. There has been no advertising of this class of work for the Red Cross does not advertise its good works. It sees that there is a job to be done and it goes and does it.

As a matter of history it is shown that the arrival of the Red Cross in Italy was the turning point of the war in that nation and was the first assurance the Italian soldiers and civilians had that America was in the game and coming to their assistance.

The work of the Red Cross in Belgium is a story which cannot be told in one book, and the same is true of its relief work among the refugees of France, and now it is operating in Russia.

Membership is wanted by the Red Cross—big membership, the biggest of any organization in the world for it is carrying on a world of work.

AMERICAN WOMAN WHO IS POILUS' ANGEL

No American woman has worked harder to help the French poilu than Mrs. Joseph A. Blake, long known to American society as Mrs. Clarence H. Mackay. When she married Dr. Blake after her divorce from the American millionaire she took up work in her husband's hospital, and she is now nursing wounded men of the United States as well as Frenchmen. This is the first picture for which Mrs. Blake has posed since she left the United States three years ago.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast. Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost

nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for a while, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is expensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if your tongue is coated or you wake up with bad taste, foul breath or have cold, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning, never have any headache or know a miserable moment.—Adv.

Just to Remind You

Have the storage battery in your auto tested and filled tomorrow, and be sure to have it in prime condition; cooler mornings makes the engine crank harder, longer evenings lights shine longer, requires more strength in the battery. Close attention to the electric system will give better satisfaction and save you dollars. We are equipped to give you the best service, when you have electrical automobile troubles, at the Willard Service Station. Link River Electrical Co. 7th and Main Sts.
