COMING FROM PORTLAND

W. C. Davenport and daughter will return this evening from a two weeks visit in Portland.

NOTICE OF SALE OF ESTRAY

Notice is hereby given that A. O. Tardbell of Klamath Falls, Oregon, has filed in this office his affidavit that he did, on the 24th day of November, 1918, take up the following stray animal, and that after due and reasonable diligence had been exercised, no owner for said animal could be found:

One sorrel gelding horse, with a white strip in face, branded with the letter M on the left shoulder, weighing about 1,250 pounds. Now, therefore, notice is hereby given that I will, on the 28th day of December, 1918, at the hour of 2 o'clock p. m., at the Blue Front stables, in Klamath Falls, offer for sale to the highest bidder the above described animal to satisfy damages, cost of keeping and all expenses incurred, including justice fees and costs of advertising and sale, and such other costs and expenses as may have been regularly made.

Dated this 9th day of December, 1918. N. J. CHAPMAN, Justice of the Peace for Linkville District. 9-16

PERSONAL MENTION

Mrs. F. H. Downing Jr. is in town from Worden. Mrs. J. E. Lowe is visiting in this city from Redding, California. Paul Waigren is registered at the Hall Hotel from Aligoma. W. E. Roberts is a Klamath Falls business visitor from Seattle. F. Brenner of Dunsmuir was among the train arrivals last night. Mrs. Robert Fry and Miss Beth Fry are county seat visitors from Aligoma. A. H. Ginsbach is a recent arrival in Klamath Falls from Sioux Falls, North Dakota. Mrs. C. Betts is a recent arrival from Seattle. She is a guest at the Hotel Hall. Mr. and Mrs. G. K. Van Ripper who left here several weeks ago are now in Los Angeles and will spend two months or more there before returning to Klamath Falls.

SPECIAL FOR THE HOLIDAYS. A stock of imported and American Dishes. Very complete in plain and dainty patterns, by the set, or open stock. Buy her a set. JOHNSTONE FURNITURE CO.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS. Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. This preparation is a delightful toilet requisite, and is not intended for the cure, mitigation or prevention of disease.—Adv.

UNSPEAKABLE FAMINE IN PETROGRAD NOW

COPENHAGEN, Dec. 14.—The Danish Nyheter of Stockholm says that Petrograd is suffering an unspeakable famine. Prices of provisions are out of reach. One herring sells for 5 rubles and is eaten cheap. People buy them on the street and eat them on the spot, and if a herring head is thrown away there is a rush to get it. The civic elements cannot get food. Thousands are now insane from hunger. Of the city's 2,000,000 now only 500,000 inhabitants are left. Rumors of intervention by the entente have caused the Bolsheviks to persecute all who yet are living.

MRS. J. W. WILLIAMS GAINS 25 POUNDS

HEALTH SO BAD BEFORE TAKING TANLAC DON'T SEE NOW HOW SHE LIVED. "A little less than two months ago I began taking Tanlac and since that time I have actually gained twenty-five pounds," was the remarkable statement made by Mrs. J. W. Williams, of 659 Owens St., Seattle, Wash., recently. "My health has been very poor for many years," she continued, "but my condition has been so bad during the past two or three years that I really don't see how I lived. I suffered most all the time with fearful headaches, and awful pains in my back and, in fact, I was racked with pain all over. I lost my appetite, and my nerves became so shattered that I hardly knew what sleep was. When my husband lost his sight my duties of course, became doubly hard, and my health being bad already, I kept going down under the strain. I did everything I could to keep out of bed but finally got to where I was just up and down—would sit up one day and be in bed the next—and I even had to give up my housework because I was so weak. Everyday was just another day of suffering and misery for me." "I went down from one hundred and forty pounds to less than a hundred, and was just a frame with scarcely strength to move around. I finally made up my mind from what I read about Tanlac to try it and I have certainly found it wonderful. I now weigh one hundred and twenty-five pounds and if anyone could feel like a new person I do. My appetite is splendid and I am just building up every day. My nerves are in good condition I have gotten rid of all my pain and I now sleep like a child every night. I have gained so much in strength already that I can do all my housework without any trouble and I have been benefited so much that I am glad to recommend Tanlac to everybody." Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by James Merc. Co.

Send Your Mail Orders to K. K. K. Store. If it is impossible for you to come to town to do your Xmas shopping, send us your mail orders. AUTO DRIVERS SHOULD APPLY FOR LICENSES

SALEM, Or., Dec. 16.—With only 8,000 motor vehicle license applications received out of the 63,317 registered last year, Secretary Olcott has warned car owners to get their applications in at once to avoid trouble after the first of the year. Mr. Olcott said: "Unless owners of automobiles who have not yet applied for their 1919 licenses file their applications promptly they are likely to experience some inconvenience at the hands of police officers about the first of January next. If our office promptly receives applications from all those motor vehicle owners who desire to operate their cars without interruption from year to year, it can set the licenses out without delay. But if the great majority of car owners defer applying for 1919 licenses until the latter part of this month or the first of January next, it will be impossible to register automobiles and issue and forward license plates on the day of the receipt of applications. I wish, therefore, to impress upon car owners who have not yet applied for 1919 licenses to do so at once. Last year as many as 2,500 applications were received in a single day, and it was only by a supreme effort of the office force and by working overtime that we were able to accept all applications and issue and mail licenses without delay." Seven hundred portable houses for various uses were sent to France by the Red Cross.

INSTRUCTIONS FOR WARDING OFF THE FLU

COUNTY BOARD BELIEVES THAT EPIDEMIC CAN BE STAMPED OUT IN TEN DAYS IF FULL CO-OPERATION IS GIVEN.

At a joint meeting of city and county officers last evening, at which were present Dr. George H. Merryman, County Health Officer, and Dr. Warren Hunt, City Health Officer, it was unanimously agreed that more rigid measures should be immediately adopted in order to check the epidemic of influenza now present in Klamath County. It was agreed that there must be co-operation on the part of all the people of the county in order to stamp out this disease. It was the opinion of the two physicians that if the following policy, adopted by them, is closely adhered to, the epidemic can be curbed within ten days, and the warning is given that if the people fail to co-operate in this important matter, rigid measures will be taken to enforce the penalties prescribed by law. A summary of the policy, which is to be in force from and after December 11, 1918, is as follows: 1.—All influenza patients are to be isolated. 2.—All prospective patients, that is, those people who have been exposed to this disease are also to be isolated for about four days. 3.—Every city and county physician is to be promptly appointed as a deputy health officer in the county. 4.—Every health officer is to make a daily report of influenza patients, and those who have been exposed to the disease. 5.—Daily reports from all the health officers will be published daily. 6.—Health board rules regarding the influenza will be published daily. 7.—Instruction cards regarding prevention and care of influenza can be secured at the drug stores. 8.—Food and necessities will be furnished to those in quarantine. 9.—Assistant city health officers and precinct constables in county, to visit daily influenza patients, and ascertain the needs of individuals in isolation. Full observance of the following rules are required of the citizens of the county: a.—Keep your bowels open. b.—Take a bath every day. c.—Get lots of fresh air. d.—Eat plain nourishing food. Avoid alcoholic stimulation. e.—Keep your feet warm and dry. Remove wet clothes as soon as possible. f.—Avoid chilling of the body or living in rooms of a temperature below 65 degrees or above 72 degrees. g.—Gargle frequently with a mild antiseptic solution. h.—Avoid persons suffering from colds, sore throats and coughs. i.—Cover your nose with your handkerchief when you sneeze—your mouth when you cough. Change handkerchiefs frequently. Promptly disinfect soiled handkerchiefs by boiling or washing with soap and water. j.—If sick—no matter how slightly—see a physician.

Brings All The Music of The World. Some phonographs play one make of records. And other phonographs other records. The Brunswick plays all records—all makes. This one feature alone makes The Brunswick the most desired and desirable phonograph. It means that you can enjoy all of the music of the world. None is denied you. And better still is the fact that The Brunswick plays all records better—with more tonal value. Come to our store and prove this to your own satisfaction. Let us demonstrate The Brunswick. Learn its many points of superiority. Compare it with the others. The low price and easy terms of payment are especially attractive. The Brunswick

DAILY CONCERTS H. J. WINTERS Jeweler and Optician 701 Main Street. AVIATORS FOUND TO BE MUSICIANS. LOS ANGELES, Dec. 16.—Nearly all aviators and radio operators possess musical ability and were born early in the life of their mother parent. Expert mathematicians never became good musicians. Only 12 percent of the men who graduate from college have low pitched voices. These were among the recently announced discoveries of Theophilus Fitz of this city as the result of twelve years of research during which over eighteen thousand tests were made in high schools here and in New York and in colleges and musical conservatories in many parts of the country. Other facts revealed by his studies, he said, were that the appreciation of rhythm and rhythmic sound was more developed in children born of young mothers than those of mothers of middle age; that dramatic ability was also the result of early motherhood; that men who have high or medium high voices were inclined toward the professions and arts, and that during the past 100 years more babies were born who developed soprano or tenor voices than of the contralto or bass type.
