LOST—On way from depot to town, small wicker suit case with leather strap. Notify W. O. Smith, Herald office.

HUNS AGREE TO REPAY LOSSES OF BELGIANS

(By the Associated Press) BERLIN, Jan. 1.—The question of indemnities has been settled between Germany and the United States and the allies and German delegates signed the armistice on condition that there should be restriction to indemnities according to Matthias Erzberger, chairman of the German armistice commission in a speech here. War damages and war costs, he said, must be borne by each nation itself unless expressly mentioned in the notes which were exchanged. Germany being obliged to indemnify districts she occupied in France and Belgium and to pay all losses inflicted upon the civilian populations.

No Husband Can Handle \$10,000,000 She Inherited

Miss Alice de Lamar. No husband can handle the income of \$10,000,000 left by Captain Joseph Raphael de Lamar, capitalist and mine owner, to his daughter, Alice Antoinette de Lamar. He so stipulated in his will. If she marries and has offspring, the principal of the trust passes to her children. Otherwise the \$10,000,000 reverts to the residuary estate, which is divided equally among the medical schools of Harvard, Columbia and Johns Hopkins universities.

PERSONAL MENTION

LITTLE SIDELIGHTS ON LOCAL HAPPENINGS AMONG THE PEOPLE OF THIS CITY AND VICINITY. GOINGS AND COMINGS OF LOCAL FOLKS

MAN HELD FOR PHILADELPHIA BOMB WORK

PHILADELPHIA, Jan. 1.—Superintendent of Police Mills has announced the first arrest in connection with the bomb explosion Monday night at the homes of three prominent men in public life here which were supposedly in revenge against the Judicial Police in enforcing the law against open sedition and the display of the Red flag. Mills declared that the man is probably responsible for the explosion and has been actively connected with the Bolsheviks and I. W. W. We will not let lawyers or relatives see him, he said.

FORD MAY REQUEST RECOUNT OF VOTES

GRAND RAPIDS, Mich., Jan. 1.—A petition to restrain city clerks from destroying ballots cast in the senatorial election in Michigan last November has been filed in federal court here in behalf of Henry Ford, who according to the official canvass of the vote was defeated for the election by Commander Truman H. Newberry, Republican.

The petition is filed, it was stated, because Ford intends to ask the senate to order a recount.

"I HAVE NEVER SEEN ANYTHING LIKE IT"

CARRICK GAINS SIXTEEN POUNDS IN LESS THAN 30 DAYS BY TAKING TANLAC.

William Carrick, for many years a resident of Tacoma Washington, is now a citizen of Hunter, Missouri. While enroute to his future home in Hunter, recently Mr. Carrick called at the Owl Drug Store in Kansas City purchased two bottles of Tanlac and made a statement regarding his experience with the medicine that will be of interest to all suffering people.

"I have never seen anything," said Mr. Carrick, "well like Tanlac is selling out on the Pacific coast, around where I lived. A friend of mine actually went seventy-five miles one day to get a bottle and knowing what I do about it now, I believe I would do the same thing, rather than be without it. When I first started taking it I had little idea it would do me any good, but when I tell you I have gained sixteen pounds in less than thirty days and am able to work for the first time in months, you can understand why I talk like I do about it."

"Something like a year ago my appetite went back on me and my stomach got in such a bad fix that nothing I would eat seemed to do me any good. My food would sour soon after meals and keep me belching up sour gas for hours. I suffered terrible pains about my stomach all the time and at times I would turn so deathly sick that I could hardly retain a thing I had eaten. I dropped off twenty-seven pounds in weight and hardly had strength to raise my hands and was so nervous for almost six weeks that I hardly slept at all. I finally got down flat of my back in bed—couldn't take a bit of nourishment except a little milk—and for five weeks I thought sure I would never pull through."

"I was stopping with my nephew in Tacoma at this time, and as he had seen Tanlac recommended so highly he went down and got a bottle for me. Well, sir, by the time I finished my first bottle I was on my feet and feeling like a different man. My appetite picked up right away and I soon got so I couldn't get enough to eat, and ever since I finished my second bottle I have been feeling strong and fine as you please. The sourness, gas and pain has left my stomach entirely and nothing is barred from my diet. It was about the close of Spring when Tanlac straightened me up and I worked every day this summer, at my trade as carpenter, and have felt fine all the time. I don't believe I ever enjoyed better health than I do now. I have personally recommended Tanlac to hundreds of people and as I was passing thru here today, I stopped in to get two bottles to carry down to Hunter with me, because I don't want to be without it."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorells by James Merc. Co

GEN. PERSHING PINS D. S. C. ON PRIVATE FOR BRAVERY IN ACTION AT CHATEAU THIERRY

Private Nick Connors of the infantry, Forty-Second division, wears the Distinguished Service cross, awarded for bravery in action in the hard fought defence and later advance in the Chateau Thierry sector. General Pershing is shown in this photograph pinning the decoration on Connors' jacket in the presence of his comrades in arms.

Germans Admit Foch Was Best Strategist

PARIS, Jan. 1.—M. Harden, the German editor, in an interview, has declared to the correspondent of the Temps that Germany was beaten by the superior strategy of the French general, Marshal Foch, he declared was a military leader far above Ludendorff, who never has been victorious on the front. As for Von Hindenburg, the editor characterized him as little more than a figurehead.

Harden expressed fear that the loss of Alsace-Lorraine would be for Germany a wound like that suffered by France, but he hoped the borders would have no great importance in the future. He considered the former emperor not directly responsible for the war, but a great culprit for he should have been able to avert the catastrophe, but lacked courage to say "No" at the last moment.

Over Quarter Million Beds In Yank Hospitals

GENERAL HEADQUARTERS, American Expeditionary Force, (Correspondence of the Associated Press) The prodigious effort of the medical department in the army in France is revealed in statistics which the Associated Press is now permitted to make public. When, on November 11, the armistice suspended hostilities and the great expansion and extension work of the medical department was suspended, there were in operation 282,240 beds in camp and base hospitals and convalescent camps with about 100,000 of them vacant.

There were on duty in the American Expeditionary Force at that time 12,989 doctors and 8,593 nurses. The authorized nurse strength of the army when America entered the war was 206 and of doctors 329. Nurses that testify to the work the medical corps was called upon to perform.

The hospitalization of the army in France is interesting. Basically it consists of mobile organizations. To each division there are four field hospitals, two evacuation hospitals and one mobile surgical hospital and in addition there is fixed hospitalization, consisting of camp and base outfits and convalescent camps, with an authorized bed capacity of 15 per cent of the strength of the command.

There are now 85 camp hospitals serving training and billeting areas while for general service and for the treatment of more serious cases and battle casualties there are 116 base hospitals. These base hospitals occasionally are single institutions of from 1000 to 3000 beds or are grouped in hospital centers. Twenty such centers of from 2,500 to 15,000 beds are in operation.

Convalescent camps at the bed rate of twenty per cent of normal hospital beds are authorized for the purpose of giving as early graduated physical training as possible and fifteen such

camps are in operation at present. The American hospitals are partly in French barracks, school buildings and hotels and partly in constructed cantonment of demountable buildings. All the buildings taken over were remodeled and outfitted for the purpose, lighted and heated and modernized while the demountable huts are models of their kind.

LONDON, Jan. 1.—The release of all Sinn Feiners interned in England is expected immediately. Count Plunkett, who was elected to parliament at the recent election, has already been released.

SIXTY PLANES SURRENDERED BY GERMANS

(By the Associated Press) COBLENZ, Jan. 1.—Sixty airplanes of the Fokker type have arrived in Coblenz by special train from Berlin. They were the first of 200 airplanes which are to be turned over to the American forces in Coblenz in accordance with the armistice.

Each machine occupied a flat car and a German soldier guarded each car. A number of German aviators also arrived to try out one out of each twenty machines before the planes are turned over to the American commission. The planes for the test will be selected by the Americans and the Germans will make ten flights to show the machines are in good condition. The flights will take place near Coblenz in the presence of American officers.

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK HURTS OR BLADDER BOTHERS YOU, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

BE PRETTY, TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

YOUNG MAN ON JOB AT WESTERN UNION

In the person of V. B. Carlson, who is relieving J. J. Stankey for his annual vacation period, the local Western Union office boasts the youngest expert telegrapher on the coast.

Altho Mr. Carlson most emphatically denies that it will be necessary to alter the present standard equipment to meet his requirements, it seems advisable to place a special requisition for a more appropriate set of instruments, in order that they may properly conform with his age and stature.

Deducting the usual three or four years apprenticeship necessary before anyone shall have the required experience to handle the position such as he is entrusted with, it is safe to say that he started before he had mastered all his A, B, C's.

RELEASE OF SINN FEINERS EXPECTED
