

# SECOND UNITED STATES OFFICIAL WAR FILM "AMERICA'S ANSWER"

NO ADVANCE IN PRICE

Star Theater Sunday and Monday

SPECIAL MATINEE SUNDAY

PRESENTED BY THE DIVISION OF FILMS COMMITTEE ON PUBLIC INFORMATION, GEORGE CREEL, CHAIRMAN

You want to know how the Government is spending your money in its prosecution of the Great War. You want to know just what your Soldier Boys are doing in France. "America's Answer" tells you. This pictorialization of the greatest War Drama in all history has been made and is presented for public consideration, not to make money—although it must necessarily produce a revenue, in order to meet the expense involved—but in order to show the millions of contributors to the several Liberty Loans, the purchasers of Thrift and War Stamps, Tax-Payers, and those who have so generously given in other ways for the needs of the war, exactly what has been accomplished in France during the first year of America's participation in the Struggle for Democracy.

While showing the tremendous activities of the United States in France, growing out of the colossal needs of the war, "America's Answer" also replies, in the thunderous roar of cannon and the driving force of America's Soldiers, to the kaiser's declaration that "America wouldn't fight." The answer has already reached the Hohenzollerns. It is your duty, as well as your privilege to see "America's Answer."

## QUARTER OF U. S. WHEAT FROM KANSAS

KANSAS CITY, Mo., Jan. 4.—A report by Edward C. Paxton, field agent for the federal department of Agriculture, declares that Kansas, with 11,184,000 acres, has 22.8 per cent of all the winter wheat area of the United States.

A full crop on this enormous acreage, which is 13 per cent larger than the record acreage of last year, would total 200,000,000 bushels, or more than one third of the 509,304,000 bushels for the average annual consumption in the United States, the report says.

## CLEVER POEM BY CITY MAN MAKES A HIT

The following is taken from the Sacramento Bee of a recent issue: "These last few days have been busy, trying times for Postmaster W. A. Delsell of Klamath Falls, but he has found time to send to Postmaster Thomas Fox of Sacramento a Christmas poem.

"It is believed that the cleverness, the thoroughness and the timeliness of the verses composed by the postmaster-poet will make them long remembered by the Sacramento official. "The poem is entitled 'If,' and is 'with apologies to Kipling.' It follows:

IF—  
(With apologies to Kipling)  
If you can figure zones when all about you  
The babel of the voices doth arise—  
If you have weighed the parcel so that none can doubt you  
And to all the C. O. D.-insurance kinks are wise—  
If you can register a foreign letter  
And write the address down all straight and true  
While all the lobby full of people crowd  
And ask a dozen foolish things of you—

If you can trade a Thrift Card for Stamp  
And get the twenty-three cents bonus on the side  
And write a money order to Shears Sawbuck Company  
And don the package get the C. O. D. tag tied—  
If you can answer phone call rings  
And start a tracer for a parcel lost last May  
And forward all Dad's letters but the duns  
And see why Ma's "Home Comfort" went astray—

If you can tell Jane when her beau will get the candy that she sent to France  
And when the Fluey ban will lift—  
And on the Red Cross raffle buy a chance—  
If you can tell the Des-part-ment just why you failed to write  
That Bob's old singe was late an hour because it rained that night—  
If you can fix the passports up for a dozen aliens, too,  
Who want to change their residence because their "job" is thru—  
If you can keep your temper sweet—  
And not say little things like "damn" Your job is in the Postoffice A servin' Uncle Sam.

BUY A THRIFT STAMP TODAY.

## Lumberman's Protective League Now Disbanded

ORGANIZATION WHICH WAS FORMED AT THE TIME OF INDUSTRIAL WORKERS BIG DISTURBANCE, EIGHTEEN MONTHS AGO, FOUND TO BE NO LONGER NECESSARY

SEATTLE, Jan. 2.—At a meeting of representative lumbermen and loggers at the Washington Hotel in Seattle a few days ago the Lumbermen's Protective League, which was formed in the summer of 1917 to represent the interests of employers in the lumber industry, was formally disbanded and the funds remaining in the treasury were voted to the American Red Cross.

Since the formation and successful operation of the Loyal Legion of Loggers and Lumbermen the employers have had no need for a separate organization of their own and the League, therefore, has been inactive for nearly a year.

At the time the League was formed there was much agitation on the part of the I. W. W. and other irresponsible elements for strikes and disturbances in the lumber industry, and the employers were compelled to form an organization to represent their interests to combat the agitation.

Shortly thereafter the War Department, thru Colonel Brice P. Disque, effected the organization of the Loyal Legion, which since has adequately represented the interests of both employers and employees in all activities of the industry.

Now that the Loyal Legion is to be continued on a peace basis, abandonment of the League was unanimously agreed upon. The meeting in Seattle merely was for the purpose of taking formal action toward this end.

E. S. Grammer, who has been Chairman of the organization from its inception, urges all employers to unite in their support of the Loyal Legion.

"The Loyal Legion now is doing all the work that the Protective League ever was intended to do," says Mr. Grammer. "Its principal function at the outset was to harmonize whatever differences might arise between the employer and employee. When the League first was organized we faced

the dangers of a strike that threatened to tie up the industry.

"Soon after that situation had been met successfully, the Government took control of our operations so far as production of Government lumber was concerned and the Loyal Legion became a part of the Government program. The Loyal Legion has succeeded so well that our further activities as a separate organization are entirely unnecessary.

"It remains for the lumbermen now to get behind the Loyal Legion and give it the same active and wholehearted support that they gave the Protective League."

## Change in Star Program

Owing to a mix up in the film delivery today, J. V. Houston was informed by a wire this afternoon that "The Goat" starring Fred Stone would not be available for the show tonight. Douglas Fairbanks in "His Picture in the Paper" will be shown instead.

## R. C. KNITTING SOON FINISHED

We have just received notice from Red Cross headquarters that no more knitting will be necessary, except to make up yarn already distributed.

We are sure this news will be gladly received by those who have knitted faithfully since the call first came for knitted goods.

Now that there is only the sewing left, let us make an effort to get it done quickly.

The refugee garments are needed for winter and should be ready for shipping now.

The sewing room is open every afternoon but Sunday from 1 o'clock until 5.

## ANNOUNCEMENT

The Hengley Red Cross will meet Thursday, Jan. 9th from 10 to 4 at the home of Mrs. Chas. Letta, one mile south of the Hengley School on the Merrill road. All are invited to come and bring their lunch.

## WEATHER REPORT

Oregon—Fair and cold, with continued light easterly winds.  
Maximum yesterday—28 degrees.  
Minimum today 9 degrees.

Thirty-two thousand school children in the schools of Paris were receiving regular lunches from the Red Cross during the past year.

## TOO LATE TO CLASSIFY

DR. WHITE'S furnished house for rent, 416 Pine street. Inquire L. B. Kinnear, Whitman Drug Co. 241

FOUND—Pocket book with small amount of cash. Owner can have same by calling 260M and describing property. 4-11

## Electric Cooking Cuts Meat Bills

The Hughes Electric Range effects a wonderful saving over other fuels in meat shrinkage—frequently as much as a pound on a single roast. With meat at from 25c to 35c a pound the saving on meat bills each week is a very appreciable one.

The remarkable oven, with walls as heavily insulated and heat conserving as a fireless cooker, retains all the rich juices of the food usually carried off by air currents, and the delicate flavor often spoiled by gaseous fumes.

This is but one of the many unusual cooking advantages of the Electric range. You can bake bread evenly without burning it; roast meat without basting; brown case as evenly on the bottom as the top; cook cabbage and onions in the oven with very little water and no odor—at the same time obtaining better flavored food than you have ever known before.

California-Oregon Power Company

# "TO HELL WITH THE KAISER"

LIBERTY THEATER  
SUNDAY AND MONDAY

A SCREEN CLASSICS, Inc., PRODUCTION

THE BIG, SMASHING, ATTRACTION SENSATION  
OF A GENERATION

DIRECTED BY GEORGE IRVING  
STORY BY JUNE MATHIS

METRO PICTURE CORPORATION, DISTRIBUTORS

The scenes beggar description. The kaiser's council chamber is shown; Belgian villages are burned; there are "shots" of the trenches, and a fleet of airplanes is shown in battle with rival aircraft. In the realm of fancy the kaiser is shown going to his final destination, "the hot place."
