END FOLLOWS AN ATTACK OF INFLAMMATORY RHEUMATISM AT OYSTER BAY—STRICKEN MAN DIES IN HIS SLEEP

NEW YORK, Jan. 6.—Colonel Theodore Roosevelt, one of the greatest figures in American history, passed away in his sleep at his home at Oyster Bay, from an attack of inflammatory rheumatism, at 4 o'clock this morning.

The shocking news was received by Miss Josephine Strickler, the Colonel's secretary, in a telephone message from Mrs. Roosevelt. Colonel Roosevelt had been suffering from an attack of this disease, to which he was more or less subject, but his condition was not considered alarming. The immediate cause of his death was due to pulmonary embolism, or lodgment in a lung of a clot from a broken vein, his physician said. His illness may be said to have dated from last February.

Mr. Roosevelt passed away at his home on Sagamore Hill. He sat up most of the day yesterday, and retired at 11 o'clock. His death came painlessly.

Mrs. Roosevelt was the only other member of the family at home. She went to his room and found him dead at 4 o'clock.

Telegrams have been sent to the children, Colonel Theodore Jr. and Captain Kermit, who are overseas. Captain Archie Roosevelt and his wife were on their way to Boston, where Mrs. Roosevelt's father is ill. Colonel Roosevelt had been recovering treatment at a hospital, and had returned home on Christmas day.

The date of the funeral is expected to be announced this afternoon. It will be held at Oyster Bay, and will be private, at Mrs. Roosevelt's request.

OYSTER BAY, Jan. 6.—The Roosevelt funeral will be at 12:45 Wednesday at the Episcopal Church here, where the Colonel attended. One service will be held at Sagamore Hill and one at the Church.

The deceased will be buried in Young's memorial cemetery in a spot selected by the Colonel and his wife shortly after they left the White House.

Mr. Roosevelt's physician in New York declared that the Colonel had suffered another attack similar to the one which caused his death, at the Roosevelt Hospital in New York, about a month ago, which nearly cost him his life.

There was no one at his bedside when he passed away. His attendant James Amos, a young negro noticed that he was breathing heavily and went to summon a nurse. When he returned, the Colonel was dead.

BOSTON, Jan. 6.—Thomas St. John Lockwood, the father-in-law of Captain Archibald Roosevelt, died Saturday night but the fact was not generally known until today.

ICE SKATERS NOW ENJOYING GLORIOUS TIME

Ice This Year Is Unusually Fine

NO SNOW TO BOTHER

Large Number to Be Seen Out Every Day—Unusual Advantage of Klamath for Skating, Coasting and Ice Boating Should be Exploited to Greater Extent.

The present winter has offered unusual opportunities for ice skating to those of Klamath Falls who enjoy this sport and from the general appearance of things there are many that do.

The lack of snow since the last ice was formed gives the skaters almost unlimited scope to cover and nearly every day large numbers of skaters can be seen on Lake Ewauna.

Many of the youngsters who are too small to go to the Lake are having the best kind of a time on the irrigation canal where the remaining water has been frozen solid and is sufficiently shallow to be perfectly safe if they should fall thru.

A fine ice harvest will be gathered this winter with the steady cold snap that has settled here for the last few days. It is reported that ten inch ice is now being cut on the big Upper Lake.

The fine coasting which has been enjoyed here for several winters past, has been lacking thus far this winter but there is plenty of time yet for this sport.

Ice boating for some reason has never been started in the Klamath section but is one of the winter sports which could be enjoyed here and will probably be introduced before many seasons.

It is believed that Klamath County could be made almost as great a winter resort as it now is for the summer tourists, if the winter sports which are so common to us could be advertised as they should be in the press. Klamath Falls is very convenient to the California of means, who like to get away for a little time for this kind of recreation. As it is there are a number who make it a practice to come here almost every winter.

FIRE DESTROYS BARN AND SHED ON WEST SIDE

Fire, caused by the explosion of a lantern, destroyed the barn and one chicken house belonging to C. Leon Lewis on West Main Street shortly after six o'clock last night.

In some manner the lantern which she carried exploded and the structure caught fire so rapidly that by the time the fire engine could reach the place, it was beyond control. Prompt effort on the part of the family and neighbors, saved a hundred chickens and one chicken house near the barn. A considerable amount of hay and some harness was destroyed.
