

FEDERAL FARM ASSOCIATION FAST GROWING

Many of the farmers of the County will be much interested in the report of the Klamath Falls National Farm Loan Association made to the Farm Loan Board at Washington showing that since its organization nearly two years ago, this association has received applications for loans totaling nearly \$150,000. Some were rejected entirely by the Federal Land Bank, others were reduced; some \$20,000 are held in abeyance pending the filing of necessary releases from the Klamath Water Users Association, and some 19 loans have been closed and the money paid thereon. A few more are practically closed, the necessary mortgage to the Federal Land Bank having been ex-

ected, and checks are expected at the local office almost any day. The annual meeting of the local association will be held next Tuesday, Jan. 14, 1919 at the office of the Secretary, 211 White Building in this city. It is requested that borrowers desiring loans to be closed during the coming season should file their applications as early as possible, as the coming of the Federal Appraiser to view their lands will be influenced somewhat by the number of applications on file when the spring season opens. Loans bear 5-1-2 per cent interest and are made generally for about 35 years. This association was the first one of its kind to be formed in the county, its growth has been steady and substantial, and the directors are proud of the fact that not a member had failed to make his amortization payment to the Federal Land Bank, and there is not a delinquent among the membership.

TO THE PUBLIC
Have resigned from the capacity of city health officer. Pressure of private business has necessitated this action. Respectfully,
WARREN HUNT, M. D.

Y. M. C. A. Accusations Refuted By Officers

NEW YORK, Jan. 8.—A review of the year which the Young Men's Christian Association regards as the greatest in the history of the organization in effort and accomplishment has been made public by the Association's war work council. The review deals with the complaints of fifteen overcharges made by some of the returning soldiers, refers to the war department investigation, which, it says, exonerated the "Y," and states that because of frequent reiteration of these and other complaints by returning soldiers, John R. Mott, general secretary of the war work council, has asked that the entire administration of the Y. M. C. A. war program overseas be investigated by the inspector general.

"It is our judgment," says Dr. Mott, "that these complaints should be frankly and fearlessly faced. If we were to ignore criticism we would be false to our trust. It is our duty to discover the unfounded criticism so that a patriotic organization, as a matter of simple honesty, may not be blighted unjustly. It is equally our duty to discover the well founded criticism, in order that we may adopt a constructive program that will obviate in our future policy any lay administration of the past."

Is it true that the Y. M. C. A. has been guilty of profiting in the operation of its post exchanges overseas? The following telegram from the third assistant secretary of war, Frederick P. Keppel, is self-explanatory.

Matter of prices asked by Young Men's Christian Association for its articles sold in canteens overseas already investigated by war department, and conditions being remedied. Young Men's Christian Association originally asked by General Pershing to run canteen for army on cost basis. To do this, had to reckon in price fixing such overhead charges as transportation charges and marine insurance, so that prices were much higher than in this country. Young Men's Christian Association made no profit, but lost thousands of dollars. Arrangements now made will enable them to obtain supplies from sources that will reduce overhead charges and keep prices down.

"Raymond B. Fosdick, chairman of the commission on training camp activities of the war department, following his return from Europe recently, stated that he went into this matter thoroughly, and found the complaints absolutely without foundation. I mention this matter only because of the wide-spread rumor is doing heroic service."

Criticism of the "Y," the review states, was thus leveled at a branch of the Association's work which was multiplied in volume by five during the year. Receipts of less than \$1,000,000 in the post exchange system last January had grown to more than \$5,000,000 a month by September, 1918, and since then have maintained that level. At these post exchanges, millions of dollars in remittances to the folks at home have been handled without charges by the "Y."

NOTICE OF ESTRAY
The following stock has come to my place at Swan Lake: One roan 2-year-old steer, branded JH connected on left hip and slit in right ear and lower and upper half crop; one 2-year-old steer, half upper crop on right ear and smooth on left ear; with a brand something similar to a letter K on the left hip and a wattle on the right side of neck; one 2-year-old red heifer, with upper bit in right and under bit in left ear; couldn't make out brand. Anyone owning this stock may recover same by paying costs.—Harry Stills. 7-3t

"I'LL PRAISE IT THE LONGEST DAY I LIVE"

MRS. ROBBINS RESTORED BY TANLAC AFTER SUFFERING THIRTY YEARS.

"Talking about things that help people," said Mrs. P. H. Robbins of 1449 South 14th Street, Omaha, Neb. in an interview, recently, "Tanlac is doing more good than any medicine I have ever known in my time, and I'm now past sixty years of age.

"In 1889, nearly thirty years ago now," she continued, "when lagrippe first came along and so many people were having it, I had an attack of it myself and have had it in some form or other from once to twice a year ever since. The first spell left me in a badly weakened condition and I would no sooner recover from one attack than I would be pulled down again. The doctors at that time called it 'rheumatic gripe' and I had aches and pains all thru my body, in all my limbs and muscles. Three years ago I had one of these spells, which was so severe that they took me to the hospital, and I nearly died. I had the worst headaches it seems anyone could have and I was badly rundown and frightfully weak. I couldn't sleep well for all those thirty years. My appetite was poor, I lost twenty pounds in weight and just had to drag myself around. I was hardly ever without some kind of an ache or pain, and the past spring I was in such a bad fix that we couldn't keep house, so I went to my daughters. My husband went to boarding and where he boarded he heard of a remarkable case like mine, that had been relieved by Tanlac.

"Then he went straight to Sherman & McConnell's drug store and got two bottles, one for me and one for himself as he was in very bad health, too. Well, I showed some improvement on the first bottle and kept on getting better slowly. My appetite came gradually, and my strength came back a little each day. My aches and pains wore away and I got to sleeping better. When we would see one bottle getting low we would hurry to get another and since I finished my sixth bottle I'm feeling better and more like myself than I have in years. With all the sickness and 'flu' epidemic that's going over the country I'm feeling stronger and better than I ever did. We are keeping house again now, and I eat well, sleep well, do all my housework and feel fine all the time. I am taking Tanlac with the Tanlac Tablets again now to keep in shape for the winter. It certainly is a blessing to humanity and has done so much for my husband and me that I will praise it the longest day I live."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by James Merc. Co

TAKE SALTS TO FLUSH KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular esters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Quality Drugs...

It isn't economy—and it isn't wise—to buy anything but the best in drugs.

We have gained the confidence of our customers by selling drugs of the highest quality only. You cannot buy any other kind here, and you are always safe and sure that nothing but the best drugs will be sold in this store.

Underwood's Pharmacy

No one ever got rich merely by saving money. You must invest it. A good way to invest it is to buy War Savings and Thrift Stamps.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates thru every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv

Electric Cooking Cuts Meat Bills

The Hughes Electric Range effects a wonderful saving over other fuels in meat shrinkage—frequently as much as a pound on a single roast. With meat at from 25c to 35c a pound the saving on meat bills each week is a very appreciable one.

The remarkable oven, with walls as heavily insulated and heat conserving as a fireless cooker, retains all the rich juices of the food usually carried off by air currents, and the delicate flavor often spoiled by gaseous fumes.

This is but one of the many unusual cooking advantages of the Electric range. You can bake bread evenly without burning it; roast meat without basting; brown case as evenly on the bottom as the top; cook cabbage and onions in the oven with very little water and no odor—at the same time obtaining better flavored food than you have ever known before.

Klamath Falls a Gem Which Needs Polishing

Klamath Falls, basking in the sunshine on the hillside's southern slope, should be made the City Beautiful. When Nature has done so much by giving us a beautiful setting, why can't we polish up the gem, and make Klamath Falls a clean place in which to live?

It would be hard to improve our environment, with Shasta's pyramid of snow standing, as it were, our sentinel at the south, rising from Siskiyou, "the golden," Shasta's dome of snow should be an inspiration to make our city a diadem among the snow-clad mountains.

The placid waters of Lake Ewauna at our feet should mirror a clean, healthy city, to which we could point with pride.

In the shadows of the pine we breathe the ozone from the forest. The breezes of the largest fresh water lake in our land (except the Great Lakes) fan us in the summer. Let's give our children the birthright of a clean city, that will be made merry by the voices of healthy little men and women. Let it be made a clean city for our own personal satisfaction. Clean from cellar to garret. The "City Beautiful" that looks as good as its name sounds.

Why should we have a string town, from an unsanitary auto camp ground along the tules, to the smoke and dust of the sage brush flats? Why not tear down the old fences, outbuildings, beautify the lots and clean up in general?

My fellow townsmen, do you get the vision of Klamath Falls—the City Beautiful? Let's make it clean, like the lily, arising from the mire. Ladies of the Civic Improvement League, let's make Klamath Falls a joy forever. Where are the Boy Scouts and Camp Fire Girls?

Mr. Merchant and Hotel Man, Banker, and all the rest of us, let's get into the fight. Did you say this was a tourist town? Live up to it then.

Are you on? Leave your name with the mayor, Mr. Murray or myself. Get your ticket and insignia. You, me, and all the rest of us, little and big, are planning. Let's do something.

Oh, Klamath Falls! My Klamath Falls!
With lakes and woods and snowy walls.
Health and Pride now on thee call.
Oh, Klamath Falls! My Klamath Falls!

Oh, Klamath Falls! My Klamath Falls!
With Crystal streams and marble halls;
Where Nature's splendors in rapture fall.
Oh, Klamath Falls! My Klamath Falls!

Oh, Klamath Falls! My Klamath Falls!
For you I'll don the overalls,
And save you from a loathsome fall.
Oh, Klamath Falls! My Klamath Falls!

A. A. SOULE, M. D.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetaniline, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning, never have any headache or know a miserable moment.—Adv.

SNOW DEEP ON BRYANT
F. M. Priest, insurance representative, has returned from a four months stay on his ranch on Bryant Mountain, and reports that snow is two feet deep there.
