

SOLDIERS ARE URGED TO KEEP UP INSURANCE

To the Soldiers and Sailors of America:

Approximately four million officers and men of the Army and Navy are now insured with the United States Government for a grand total of almost thirty-seven billion dollars.

You owe it to yourself and to your family to hold on to Uncle Sam's insurance. It is the strongest, safest, and cheapest life insurance ever written.

For your protection Uncle Sam has established the greatest life insurance company in the world—a company as mighty, as generous, and as democratic as the United States Government itself. Just as Uncle Sam protected you and your loved ones during the war, so he stands ready to continue this protection through the days of readjustment and peace.

The privilege of continuing your Government insurance is a valuable right given to you as part of the compensation for your heroic and triumphant services. If you permit the insurance to lapse, you lose that right and you will never be able to regain it. But if you keep up your present insurance—by the regular payment of premiums—you will be able to change it into a standard Government policy without medical examination. Meantime you can keep up your present insurance at substantially the same low rate. The Government will write ordinary life insurance, twenty-payment life, endowment maturing at age 62, and other usual forms of insurance. This will be Government insurance—at Government rates.

The United States Government—through the Bureau of War Risk Insurance of the Treasury Department—will safeguard you and your loved ones with the spirit and purpose of

a Republic grateful to its gallant defenders. To avail yourself of this protection, you must keep up your present insurance. Carry back with you to civil life, as an aid and an asset, the continued insurance protection of the United States Government.

Hold on to Uncle Sam's Insurance. W. G. McADOO, Secretary.

TRIAL OF ALBERS STARTS TOMORROW

PORTLAND, JAN. 21.—The trial of Henry Albers, wealthy Portland miller, who is charged with violation of the espionage act, probably will come before the federal court tomorrow. Albers has introduced many technicalities in an attempt to avoid trial, only to have them all overruled. A demurrer, a request for continuance until after the war and a claim that a material witness was missing for the defense have all been entered by his attorneys.

"Albers must stand trial," says United States District Attorney Haney. "He will come before a jury of patriotic, honest men and he will be judged on his proved actions alone, no more, no less."

Six or seven counts appear in the indictment against Albers. A maximum penalty of 20 years' imprisonment and \$20,000 fine may be assessed for each.

ROOMING HOUSE LICENSES LET

COUNCIL SHOWS CAUTION IN GRANTING PERMITS TO OPERATE PLACES OF THIS KIND. GOOD CHARACTER NECESSARY

Granting of licenses for rooming houses, occupied a considerable part of the time of the City Council at its regular meeting at the Council Chamber last evening.

Members of the Council evidenced a greater desire than has been apparent heretofore in the granting of these permits and a large part of the applicants were requested by City Attorney, Groesbeck in behalf of the Council to furnish reference as to their moral character before the permit was granted. Those who had been in operation for an extended time and were generally known to be unquestionable, were not asked for reference.

The following were among the licenses issued: E. B. Hall for White Pelican Hotel and Hotel Hall, M. L. Poland, R. P. Curtis for American House, Mrs. J. M. Ricord for Metropolitan Hotel, J. C. Beardsley, George Reed for Reed Rooming House and Welton Rooming House, Fred Noel for Ewauna House, American Hotel Annex, A. A. Davis for the Country Club, Edd Smith for house at 1019-1021 Main, John Slade for House between 10th and 11th on Main, Dick Vanderveer for Holland House, Miss Maude Baldwin for Baldwin Hotel, Fred Grennon for Onelda Rooming House, William Barnes for the Houston Hotel, H. UMATILLA COUNTY FOR BETTER ROADS

PENDLETON, Or., Jan. 21.—Umatilla County has taken a long step forward toward the goal of good roads when a meeting of representative citizens from every community in the county and from farmers and commercial organizations endorsed, without a single dissenting voice, a program of road-building for the next two years calling for the expenditure of over \$1,500,000.

The meeting was called by the County Court, which had mapped out a program specifying the roads to be improved and the amounts to be spent on each.

No such harmonious meeting was ever held in the history of the county. It was voted to circulate at once petitions calling for an election on road bonds for \$1,500,000, which is the limit for this county, and the court was authorized to name an executive committee to conduct an educational campaign. Highway Commissioner Thopson was present and assured the meeting of an equitable amount of state aid. The meeting gave him a vote of confidence and will request his reappointment.

CORRECTION

Through an error on the part of The Herald, the admission prices for the Temple Theater was last evening quoted as being 10 and 25 cents. This was a mistake. No change has been made in the prices of admission to this popular picture show. They still are, and will continue to be, 10 and 15 cents.

JANUARY REDUCTION ON DOMESTICS

Reductions at this time, when many of the most staple lines are no longer to be found in the market at any price; raw cotton is advancing in price; no signs of lower wages to mill operatives; stocks held by jobbers practically exhausted—under these conditions, there is no hope for lower prices at the mill for a month to come. All things considered, it would seem advisable to anticipate one's household needs for at least six months ahead.

No Food, Wooden Shoes, As He Quit Hun Prison

This picture is proof of Germany's brutality in her treatment of prisoners of war. Released by the Huns, this British Tommy from North Staffordshire was started out without food to find his way to the frontier as best he could. Although the weather was cold, he had no under-clothing and was forced to wear wooden shoes on his sockless feet.

BONANZA LOCALS

The Intermediate grades of Bonanza school met Thursday morning and organized a Student Body with Miss Audrey M. Lewis acting as chairman and the following officers were elected: President, Elsie Ruck, Vice-President, Joy Burkhart, Treasurer, Milburn Burke, Yell Leader, Bruce Houston, Assistant Yell Leader, Geo. Maxwell. The name "Bonanza Pine Intermediate Student Body" was adopted.

The motion was made, seconded and carried out that we have our colors green and brown to represent the pine tree and also that we meet once a week on Friday. After a few more business transactions the meeting was adjourned. The new officers will be installed Friday.

Arthur Hamaker, who was quite ill with the Spanish influenza for the past week is improving quite rapidly.

Reports have been received from those subpoenaed on the F. W. Bold trial being held in Portland and that they think the trial will last for some time yet.

In the Student Body it was decided that the Eighth grade should send in news items for the Evening Herald, from Bonanza.

The spirits of Bonanza school are very high at present, for today, Mr. Daniels and Horace Daniels came and helped the school boys raise the flag pole after which, flag-raising took place and the school took part in giving the Flag Salute and singing "The Star Spangled Banner."

The 8th grade comes to school on Saturday morning to study under the instruction of Miss Audrey M. Lewis, their teacher.

Since his departure for Portland, we all miss Mr. W. Woods very much but his dog seems to miss him the most of all. In awakening at any time of the night one can hear him lonesomely howling for his master.

WAR PROFITEERING EXTREME IN TURKEY

LONDON, Jan. 20.—Profiteering was carried to such an extreme in Turkey during the war that, in the opinion of a special representative of the British press at Constantinople it passes comprehension how people managed to live. Writing from Constantinople, he says:

"There is no doubt that Turkey during the war was largely the plaything of Enver Pasha, Talat Pasha, and their band of satellites. They reduced the country to a state of wholesale corruption remarkable for Turkey, and in amassing riches themselves allowed economic conditions to become a nightmare.

"Nowhere else in the whole area of the war have the prices of commodities approached anything like the heights known here. The right to use a railway wag on was sold for

1,000 pounds. The profiteer who secured it bought say, sugar from Austria or Germany at a shilling or so a pound, and sold it at two or three hundred times its value, making 50,000 pounds or more on a single consignment of modest dimensions."
