A UNITED FRONT

Those who were prevented from attending the meeting at the city hall last night missed the opportunity of their lives. If they had been there they would have seen a spirit new to Klamath Falls-a spirit that breathed determination to do things; a spirit that spoke out for progress. for development, for improvement, for co-operation. Not since the days when this city felt the first impulse of growth has there been gathered together an assembly that had within
it the unity of purposes and harmony it the unity of purpose and harmony of mutual association that was shown last night. The Herald can say that the day has dawned for Klamath County when the people are going to stand shoulder to shoulder for the promotion of the things that we need

The Klamath Good Roads Associa tion is going to be a powerful factor in the development of the entire While its name indicates that its chief activities will be along county a complete system of good roads, they are not going to be confined to that. Corelated to the good roads are the scenic attractions of the county, and these are the greatest single asset we have. To the development and exploitation of these the association will undoubtedly lend all the power of its influence, so that when the people of the world think many other wonderful beauties of our great county, they will associate with them the name of Klamath; and when they hear the name of Klamath it will be immediately linked up with reign of terror in which all debts Nature's Wonderland, the home of should be canceled and, the we stand scenes that thrill the soul with their forth as a champeen of law and order inspiring splendor and glory,

The Commercial Club is again beginning to bestir itself and it will not be many days before active steps towards its reorganization and recreation will be taken. It has a distinct field of its own and the time is at hand when it must occupy it. Likewise with the Waters Users Association: It must step forward and handle the settling up of the farming land of the county and make a fight for the further development and extension of the irrigation projects of the county. Now that the start has been made, that the spirit of co-operation and a desire to do things is abroad in the county, let us get back of it and drive it forward, that thru a united and fully organized effort we shall begin to secure for this county the immediate results it is demand-

I not only had pains after eating, but would become dreadfully nauseated and finally I just had to give up meats and everything else except milk and the very lightest foods. I was also badly constipated and my back, just over my kidneys hurt me a great deal and my condition kept getting worse.

> "I now believe that it was catarrh that caused my stomach trouble and gave me that nauscated feeling all the time, for since I have been taking Tanlac I haven't suffered that way at all. My head and throat are not stopped up like they were and I don't cough and gag now at all. And my very first bottle of Tanlac reliev ed me of the gas, bloating and pains, and in almost no time I was eating just about anything I wanted. I have meats every day now in fact, nothing is barred from my bill of fare and you may know my food agrees with me or I would not be picking up so rapidly in weight. My stomach seems to digest just anything and I am making up for lost time by eating three rousing meals a day, I never notice the catarrhal trouble any more and have also been relieved of constipation and every night is a good one for me, as I sleep like a log. Tanlac is wonderful, there's no gettingaround that fact, and I am only too glad to recommend it to everybody."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.
