

A HEART TO HEART TALK TO BUSINESS MEN OF KLAMATH COUNTY

Every month in the year the Klamath Falls Creamery pays to the farmers of Klamath County between four and five thousand dollars. This fifty to sixty thousand dollars a year stays here, and is spent here, and no doubt is turned over and over many times in the year. Every business man gets the benefit of it, and every business man is interested in it. If we had no creameries in Klamath County this money, and that paid by the other creameries, would go out of this county and be lost to us forever. We have invested a great deal of money in our creamery, and the fact that it is recognized as one of the best in the state by state authorities goes to show that our efforts to give to the people here the very best that can be had have been untiring. We therefore feel that we are entitled to the patronage of this community, and it is this feeling that prompts us to place the situation before the people of this

city, that they may give to us the support to which our labors and the interests of the farmers of this county entitle us.

We regret to say that some of the dealers have been shipping into this city butter from outside points. It is our firm belief that this butter is being handled without profit to the grocer, and sold to the consumer at a figure that is little, if any, lower than what we offer our product. We are forced, because of our location, to depend entirely upon home consumption, and must look to the people of this city and county to buy our butter, and in asking them to do so, we are appealing to their sense of justice and home pride, and this, with the additional fact that the difference in price is so slight that we are not asking them to make a sacrifice.

When you order your butter, ask for Klamath County

butter. Your grocer will sell it if you ask for it. Urge on him the necessity of patronizing home industry, of keeping your money at home, and of helping the home farmer. And we appeal to the sense of justice of the local business men that they join us in this appeal, so that not one dollar will be sent away from Klamath County for anything that can be secured at home. If we stand together and work together, it can be productive of but one result—a more progressive, a more enterprising, and a more co-operative community, where every citizen will stand back of the enterprise of his neighbor and help to make it a success.

DEFENSE BODY IS URGING AID ON BIG DRIVE

The Klamath County Council of Defense has received a copy of the following telegram, with a letter from the State Council urging that all possible help be given to the chairman of the local committee, Rev. E. P. Lawrence.

The County Chairman replied that he had already assured Mr. Lawrence of the assistance of the members of the County Council toward raising this fund.

"We endorse and ask your support for the campaign now being conducted by the American Committee for relief in the near East to raise thirty million dollars to relieve the unparalleled distress among Armenians, Syrians and Persians. This campaign has governmental status in that the relief, which in the Near East can be financed by private contributions alone will be administered under the supervision of Herbert Hoover as

Director General of International Relief. President Wilson has just cabled. "The appropriation asked of congress for handling food relief is not intended in any way to take the place of the subscriptions being asked for relief and rehabilitation in the Near East. I hope that this subscription will not in any way be interrupted or reduced. The need is immediate and very great." Please arrange for all possible assistance from your entire organization.

The terrible conditions left in those regions by the unspeakable Turk, under his German officers, need not be reviewed here.

All of us who have followed the story of the war are familiar with the outlines of the horrible story. Of course we cannot bring our minds to understand what those stories really mean, yet we know enough and appreciate enough to rouse our deepest compassion for those unfortunate peoples.

Prosecuting Attorney W. M. Duncan who was called to San Francisco a short time ago by the illness of his little boy, has returned with the news that the little fellow is greatly improved.

DECREE GIVEN IN CIVIL SUIT

ACTION WHICH AROUSED CONSIDERABLE LOCAL INTEREST AT TIME OF HEARING HAS BEEN DECIDED BY JUDGE

A decree in favor of the defendant has been issued in the case of A. J. Wiggins versus J. J. Keller by Circuit Judge D. V. Kuykendall.

The action was one in which damages were sought by the plaintiff for the alleged breach of a contract. Keller had at one time operated the Keller Cafe at 427 Main Street, disposing of the business to A. J. Wiggins. A contract was made between the two regarding the former again entering the restaurant business in the city. It was decided that the defendant had in no way violated the contract which he had signed.

A general strike has been proclaimed at Rainschield as a protest against the killing of Dr. Karl Liebknecht and Rosa Luxemburg, the Spartacan leaders. The factories are closed and all traffic stopped. Liebknecht and Rosa Luxemburg were captured by the government forces at their hotel at Berlin and were both killed while on their way to jail by their captors.

WHY SHOES WEAR OUT

Interesting Statistics That Show the Wonderful Wearing Qualities of Some Shoes Over Other Materials.

Did you ever stop to consider why shoes wear out, and why some wear shoes faster than others? No doubt you have never given it a thought, except to be surprised when you find that you have to visit a dealer to get re-shod. Well, this is the reason:

The average step is 26 inches; this means 2,437 steps in a mile, or 12,185 in a five-mile day. A person weighing 160 pounds has, in a day, pounded into his shoes 974 tons and 1,600 pounds of meat, bone and troubles, and all this he carries above his shoes. Men buy three pairs of shoes a year. A steel hammer weighing 160 pounds, coming down at that rate for four months would have to be renewed each day, and would have to be fished out of the deepest hole in the earth at the end of four months.

Some shoes will stand this wear and tear longer and better than others, but those that you get at Van Hellen's are made with these statistics in mind, and will, of course, stand the terrific hammering you will daily impose on them. If you have any doubt, just try him once, and you will be convinced for all time.

Lovely Waists

ARE WINNING HIGH POPULARITY!

No longer does the plain and simple shirtwaist hold sway! Blouse styles this season are more showy than they have been, ranging from artistically simple styles to the most elaborate. Georgette is the leading fabric, and our showing is replete with Georgette blouses in wonderfully varied and becoming styles.

Could you use a New Sweater?

If you can, here is an opportunity to buy it at a decided bargain. We have too many sweaters in stock. They are all good grades and good styles, but we do not want to risk carrying them over to next season. So to reduce stocks quickly we have reduced prices.
