STOP IT!

Another slick attempt is being made by those who want to control the taxation affairs of the counties of the state to take out of the hands of the local board of equalization the right to definitely fix the assessment of each piece of property in the county. This latest piece of skulduggery comes under the guise of consolidation of the various departments of the state, and provides for the abolition of the state tax commission, its place to be taken by a commissioner and two deputies, and these will constitute a board to which may go appeals from county boards of equalization.

When it was proposed to consolidate the various commissions and departments of the state we looked upon the proposition with suspicion, for if it were honestly done it would be the first time in the history of our government that an effort was made to save the taxpayers (of a state) money by a reduction in the expense of administering its affairs. Consequently we were not surprised when we discovered this effort to take away from the people of a county the right to say what the assessment of any particular piece of property shall be.

There is just one thing for the people of the state to do, and that is to defeat any such a move. If the legislature dares to pass such a devilish piece of bare-faced legislation, then it should be ripped from the statute books by a referendum. The legislature of this state should be given to understand for all time that the people of Oregon have surrendered all of their rights to it that they are going to. Under the guise of this so-called popular legislation, this "let the people rule" fraud that has been put over, we have had crammed down our throats a commission for the so-called regulation of corporations. The people have had a good sample of this regulation lately, and woke up to the fact that they were fooled into voting into effect a law that set aside any power of control they might have thru the medium of franchises, according to a decision of the state supreme court. They are not going to have the same sort of a deal put over on them again by placing in any state commission the power to pass on any decisions of the county boards of equalization, and those back of it, and the office-holders who are trying to sneak something to their advantage thru the legislature, with the help of certain interests that hope by such a law to steal some more revenue away from the counties of the state, had better beware, or there will be initiated a law that will do some real consolidating and eliminate them from further plundering of the state's treasury.

If you can't get back of the good roads movement, just send for the undertaker. You're dead and you don't know it.

Now let us get busy and get the Chamber of Commerce going. The Good Roads Association has set a pace that it will have to do some hustling to follow.

If you are a real, wide-awake, up-to-the-minute, want-to-see-Klamath-grow business man, get back of the Herald and help in its work of starting the development that needs to be done in this county. The advertising columns of this paper contain a directory of such men. Is your name to be found there? If not, it ought to be.

Don't leave it all for the Herald to do. Do a little bit of hustling yourself. Every bit helps, and if each one in the county will lend a hand, there will be something doing every minute. Get busy!

COLLECTION OF GARBAGE At the last meeting of the council there was submitted for consideration a proposition having to do with the

collection and disposal of the garbage of the city. This question will come up for action at the adjourned session next Monday night, and should receive the careful attention of the council. The time is at hand when something along this line must be done. The granting of the exclusive privilege to one person is not new, but it should be done in a manner that will protect the rights of the people, as well as those of the contractor. Doubtless the revenue derived under present conditions will not be very large and consequently the period over which the contract will be granted will have to be of sufficient length to justify a man in making such investment as he will have to make to properly handle the work. However, this contract should contain such saving clauses as will prevent imposition upon the "people," if they have to pay for the collection, or the city if it has to foot the bill.

WOMAN MAKES HARDY GOLDSEEKER

CORDOVA, Alaska, Dec. 29. (By Mail).—A woman "sourdough," Mrs. Nellie Cashman, who came north thirty-four years ago and who has followed gold stampedes all over Alaska and the Yukon Territory, arrived here today on her way to the States. This is her first trip outside in years.

When Mrs. Cashman left her home at Wiseman, up around the Arctic Circle, she was on her way outside to offer her services as a Red Cross nurse in war work. Not only did she start for the war herself, but she induced five Wiseman Swedes to join her and go outside and enlist.

When the six arrived at Tanana, with their dog team outfits, they found that the war was over. The five men turned back but Mrs. Cashman came on alone.

Mrs. Cashman has extensive mining holdings on the upper Koyukuk River. At Wiseman she is known as the "Mother of the Camp."

OBJECTORS DISCHARGED

WASHINGTON, D. C., Jan. 22.—Secretary Baker has ordered the release of a hundred and thirteen conscientious objectors at Fort Leavenworth. They will be honorably restored to duty and immediately discharged from the army.

These are dark days for Germany because she put out the light of truth.—Long Island City Star.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.

PERSONAL MENTION

LITTLE SIDELIGHTS ON LOCAL HAPPENINGS AMONG THE PEOPLE OF THIS CITY AND VICINITY. GOINGS AND COMINGS OF LOCAL FOLKS

Wm. F. Jnette is a county seat visitor from the Merrill district today.

E. P. Butterfield was among the train arrivals last night from Dunsnair.

A. J. Sterl is in the County seat today from his home in the Merrill district.

CONTRACTING IN CONCRETE

Cement Work of All Kinds and Roofing Let Me Make You an Estimate W. D. MILLER Contractor

Hart Schaffner & Marx advertisement featuring a logo with a horse and rider, and text: 'Get what you pay for A MAN said recently: "I do not mind paying a good price for real value, but I certainly object to paying a high price for a poor article." You may feel that way about clothing. You know it isn't possible to keep up quality standards at former prices. You are willing to pay enough to get good values, but you want to be sure to get it. Hart Schaffner & Marx clothes that save are the fine, high class, guaranteed values you want. We guarantee your satisfaction with them; they are all-wool. These splendid suits and overcoats are a real economy. They last long; you don't have to replace them soon; they save money for you and materials and energy for the nation. If you don't need clothes, it's patriotic not to buy new ones, but if you do need clothing, come to us and get guaranteed quality. K. Sugarman The home of Hart Schaffner & Marx clothes'

PHONE RATE HEARING PUT OFF A MONTH

STATE CAPITOL, Salem, Or., Jan. 22.—(Special).—It is barely possible that a final decision on the question of an increase in rates for the Pacific Telephone & Telegraph Company may not come from the Public Service Commission until late in February, or possibly until after the adjournment of the Legislature. The telephone company asked for a hearing on January 20, to present further data, and the Commission had contemplated handing down its order a few weeks afterward. Influenza has been at work however, among the companies and the Commission's employees, and as a result the hearing slated for January will go over until some time in February, and it may not be until some time in March before the order comes down. You're welcome to a calendar for the New Year. We have a good supply of homely ones and some pretty ones.—Chilcote & Smith. 24

MEAT CAUSE OF KIDNEY TROUBLE TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS OR BLADDER BOthers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidneys, sharp pains in the back or side, headache, dizziness, stomach sour, tongue is coated and the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from the pharmacy here, take two tablespoonfuls in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon

juice combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.
