STREET WORK IN KLAMATH FALLS

Let us hope that this city is not going to continue the policy of haphazard street improvement that it has followed in the past.

For some unknown reason there is active propaganda among some of the council for the improvement of the streets with cinders.

At 5 o'clock tonight come to the city hall and take count of the five ones of the city.

The cinders have demonstrated their impracticability this year, even though they have been but little used, and the city engineer realizes this, having expressed himself to that effect at the council meeting last evening.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate.

Headache stops, neuralgia gone. Dr. James' Headache Powders give instant relief—Cost dime a package.

The city administration must not lose sight of the fact that the taxpayers cannot be burdened with expensive street improvements at this time, unless they specially petition for them.

dreds of pieces of property, because the owners were unable to pay the cost of the improvement, and Klamath Falls does not want to experience a similar fate.

Don't forget that tonight will be held the meeting of the Klamath Good Roads Association. Do not be conspicuous by your absence.

Have you joined the Good Roads Association? If you haven't, just stand up in front of a looking glass and take a good, long look at about as big a slacker as there is in town.

At 5 o'clock tonight come to the city hall and take count of the five ones of the city.
