## JUDGE'S WIFE IS QUICK TO ADOPT RULING

NEW YORK, Feb. 10.—"A wife has a right to go thru her husband's pockets for money." This ruling was made by Magistrate Groehl in the west side court and was duly chronicled in the newspapers. Today the magistrate stepped into court with a saddened expression on his face. Before opening court he called a reporter to his side and said:

"It was a mistake to print that story. Last night I left my money on the bureau and this morning when I woke up I found my wife helping herself. When I protested she read my own ruling from your paper. What could I do?"

## CAMPAIGN ON FOR CRUSHING SOCIAL EVIL

WASHINGTON, Feb. 5.—As a step in a nation-wide campaign against the social evil, ministers and church leaders are urged in a pamphlet issued by the United States Public Health Service to observe February 23 as Health Sunday, with special sermons and meetings that day devoted to discussion of means of improving morals.

Separate meetings for men and women are suggested to consider elimination of vice districts, education of children, the organization of a permanent community committee to improve civic conditions and to provide wholesome recreation, especially for returning soldiers.

"The public health campaign is a community task," said the Public Health Service's announcement, "The church, as an important part of the community, should not fail to help in this important work."

"Your whole community will be at the station, when the boys come marching home. Are you making sure that the profiteers of vice are not planning to take advantage of the days of festivity to dishonor them before they get settled again in the normal ways of life? Are you sure that demobilization will not mean demoralization?"

Cities and towns throughout the country now face a most important crisis. Under control of the military authorities four million soldiers and sailors received greater protection against diseases than they received before the war in civil life. The federal government must of necessity in the next few months give up war time control. It is the social responsibility of cities and towns to make their communities fit places to receive the returning soldiers.

The Public Health Service has prepared a program of procedure for community organizations, with particular reference to the churches' participation.

## TOURIST BODY LABORS BRING BIG RESULTS

PORTLAND, Feb. 5.—Oregon will act as host this summer to the National Editorial Association as one of the results of the activities of the Pacific Northwest Tourist Association. This body of men and women is made up of the brightest minds in the newspaper world and the results that will accrue from a publicity standpoint are beyond all computation. During the past two years the Tourist Association representing Oregon, Washington and British Columbia has spent \$112,000 to attract tourists to the Pacific Northwest and the results have been far beyond expectation when war conditions are taken into consideration. That Oregon has received the greater benefit over the other commonwealths is evident in the attendance at Crater Lake. There are 11 National Parks in the United States and all but two showed a decrease in attendance except Crater Lake and Rainier National. Crater Lake showed an increase of between 25 to 40 per cent and nearly 50,000 people visited Rainier National while all parts of the Pacific Northwest were included in the various phases of publicity.

The total expenditure of the tourists and vacation seeker per annum is not less than One Billion Dollars and it is to secure our fair share of this immense revenue that this association exists.

It is safe to say that within a very short time the Pacific Northwest—and it can be demonstrated by figures—can derive from Fifty to One Hundred Million Dollars of actual cash from the encouragement of this travel. This cash remains in the Pacific Northwest. It is not sent out for any raw material, nor for any other commodity, but remains here to help every individual citizen in the development of his business, and in the payment of his taxes and the Tourist is absolutely the fore runner of the settler, the new investor and the manufacturer.

Travel by rail was discouraged last year and as far as going abroad is concerned there will be nothing doing this year. The war is over and the people have the money and a desire to travel. We have so far expended \$112,000, to attract attention to the greatest asset we have and we only need to keep up the work to secure returns based on this expenditure far beyond the desires of the most avaricious. To illustrate: the Park to Park Highway Association at a recent meeting in Spokane reported 10,000 machines entering Spokane over the Yellowstone Highway with an average of four in a machine. Suppose these machines were gathered together in Spokane in one day. You

know what it costs to travel. Take this amount and multiply it by 40,000 and look at the total and this is the way this new money that costs us practically nothing to get flows in a steady stream into our lap. House Bill 76 calls for another appropriation to cover the coming two years, for the same amount asked for two years ago and dependent upon Washington and British Columbia following with the same amount they gave previously. No appropriation has secured more for Oregon or been better administered. The work is under the constant attention of some of our leading business men who give their time free of charge and pay their own expenses when attending the meetings of the Board of Directors.

The state revenues are used to develop every other asset, either by maintaining departments, enforcement of laws, maintaining institutions, and the building of roads and bridges and the simplest way to increase these revenues is by a development more potent than any that has gone before which will result in the coming here of thousands of men and women, who will see us as we are and who will in a large measure either remain permanently or leave their money for investments.

### BONANZA BRIEFS

The Ladies' Aid met at Mrs. L. D. Burk's house last Wednesday, and while there decided to give a picnic on the evening of February 14th, when they will sell pies and give a program. Everybody invited.

Fannie Heuston, Joy Burkhardt, Birdie Hamaker and Elsie Rueck took the agricultural examination Thursday, February 6th. Mrs. Etta Killgore came to the school house to give the examination. She also came Friday morning and gave the physiology examination to Fannie Heuston. A very good program was given here Monday, February 3d, prepared and supervised by the Eighth grade of Bonanza school. The following gave the program: Joy Burkhardt, Fannie Heuston, Elsie Rueck, George Maxwell and William Brightman. The program consisted of the following: Reading by William Brightman,

which was immediately followed by the song, "Where is My Wandering Boy Tonight?" Dialogue, "An Arkansas Traveler." "Just a Baby's Prayer at Twilight," was the last number. The high school, primary room, Mrs. Ella Burkhardt and Mrs. L. P. Burk were visitors at the program.

Friday, February 7th, the B. P. L. Student Body met again, and Fannie Heuston resigned her position as secretary, which office was then taken by James Paddock. After a few other business transactions the meeting was adjourned.

Miss Audrey M. Lewis spent the week end with Elsie Rueck.

The different rooms of the Bonanza school held a joint meeting on Thursday, February 6th, for the purpose of organizing a Boys' and Girls' Industrial Club. The following clubs were organized: Gardening, Canning, Sewing, Sheep Raising and Cooking. The officers are as follows: Mrs. Esther Dickerson, club adviser; Anna Rueck, president; Elsie Rueck, vice president; Leola Ferris, secretary, and Carl Ferris, sergeant at arms; also Bruce Heuston as yell leader. The total membership was 22.

### SPRING'S MESSENGERS

Mrs. Hattie Hamaker  
February, won't you smile?  
Won't you leave a sunny day  
Now and then along the way?  
Don't pass by and leave us thinking  
You were gloomy all the while.

Fold your clouds like downy pillows,  
Toss them up to catch the breeze  
Like sailboats on the sky-blue seas.  
Catch the sunbeam's welcome message—  
Whisper "spring time" to the willows.

March is quite a truthful child—  
We expect his sleet and snow,  
And his winds that come and go.  
We are glad he seems to hurry:  
He's so boisterous and so wild.

April has such changeful moods:  
She's so sunny and so breezy,  
But she pouts and cries so easy;  
And when she wants to run away,  
She sends us scampering to the woods.

There we find May, dressed in flowers,  
All the trees in tender green,  
Let the blue skies seep between,  
Birds and squirrels call from the boughs:

"Goodbye, April, with your showers."  
O, lovely May, you must leave soon  
You're so balmy and so airy;  
Laughing, skipping, dancing fairy:  
In the rosebuds you are kissing  
Hides the fragrant, dreamy June.

We Have Them  
From 1c to 15c each
