

## MEDFORD FOLK OPPOSING GAS RATE INCREASE

MEDFORD, Feb. 11.—A striking feature of the Oregon public service commission's hearing, held here in the city council chamber on application of the Oregon Gas & Electric company's application to increase its rates, followed the assertion by J. J. Katherine of San Francisco, secretary of the company, that if a 50 per cent increase in rates were not allowed the company would close down its Medford-Ashland plant.

When Mayor C. E. Gates asked Katherine, if the increase were granted, if the company would guarantee to keep in operation, Katherine replied that it would not. Mayor Gates put up a vigorous protest against the company's application being allowed, charged that the company was inefficiently managed, and ridiculed its contention generally. He asserted that if the company were given the increase asked for the situation in Medford would be worse than ever, as the company would have fewer customers.

Other citizens protested against the application being allowed, and Fred A. Rasch, the commission's gas expert, testified as to his investigations of the company's local plant.

Secretary Katherine testified that the company's losses in the Medford-Ashland district from July 1 to De-

ember 1, 1918, were \$4841.91. According to his figures it cost the company to make gas \$2.50 per 1000 cubic feet, which it sold for an average price of \$1.85.

The commission members at the hearing were H. H. Corey and Fred A. Williams, and W. H. Ellis acted as examiner for the commission.

The commission will hear the company's application for an increase at Grants Pass today and at Roseburg Saturday.

### ANNOUNCEMENT

The meeting of the Presbyterian Ladies Aid Society which was announced for Thursday of this week will take place Wednesday at the home of Mrs. A. D. Addison, 610 N. Eleventh Street at 2 o'clock.

### More Comfort for the Public

The management of the Liberty Theater is cutting two new ventilating tubes into the balcony, and will install electric suction fans to further assist in removing surplus heat in the summer months. Not satisfied with the most sanitary and comfortable moving picture theater in Southern Oregon, the owner of this popular amusement house wants it 100 per cent perfect, regardless of the number of people who may be in the building at one time. These extra suction fans will make it possible to change the air so rapidly that the size of the crowd will in no way interfere with perfect ventilation, and the patrons are assured of a comfortable evening's amusement when they visit the Liberty.

For reliable piano tuning leave orders at Klamath Falls Music House, 8-31\*

At the peace conference there will be German waiters. — Baltimore American.

What brand of rubber heels do you prefer? We have them, at the Modern Shoe Store.

## MAN STARTS ON FOOT ALONE TO ARCTIC CLAIM

TANANA, Alaska, Dec. 4. (By Mail)—Bound for an isolated gold claim far to the north on the Arctic slope, a lone prospector, Martin Josephson, left here today with his dog team to "mush" on foot in the half dark Arctic winter over the difficult snow trail to Bettles, Alaska, and on farther into the country beyond the polar line.

Tanana prospectors say Josephson's trip is one of the longest ever undertaken by one man alone. Josephson, however, has sought for gold before along the Arctic, from the Kobuk to the Mackenzie countries, and has even prospected in Greenland, so his friends here are not going to worry about his safety.

Josephson's gold claim is on the Anactucuk River, a tributary of the Colville River on the Arctic slope. There are no white men or Indians or Eskimos on the Anactucuk. Josephson said before he left here.

After leaving here Josephson will have to travel 112 miles to Alatina before he finds any white residents. There is a roadhouse at Alatina, the first roadhouse on the Bettles trail north from here. From Alatina Josephson will "mush on" 53 miles to Bettles. At Bettles he expected to get a gasoline drill which he shipped in last summer.

After leaving Bettles, Josephson will continue his lonely journey 110 miles to the headwaters of the John River. Even then he will not have crossed the divide between the Arctic and Pacific slopes. At the John River the prospector will stop and rest and spend a few weeks hunting and trapping while waiting for warm weather.

When warm weather comes Josephson will take an Indian or two into his employ and climb up across the divide to his claim. He must take fuel with him for, it is said, his "lay" is above the timber line. If he finds gold he may remain on his claim some time. Also he may come out this season.

### "OUT OF THE NIGHT"

Catherine Calvert, who is featured in "Out of the Night," the photoplay attraction at the Liberty theater tonight, is exploited as "The Lady Beautiful of the Screen." The story tells of a girl who lives down a past in spite of evil and malice. In the part of Rosalie Lane Miss Calvert has a remarkable vehicle for the expression of her exceptional talents.

## RECIPE TO CLEAR A PIMPLY SKIN

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THROUGH SKIN PORES

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts, and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Adv.

## YANKEE BOYS ARE DECLARED ILLY HOUSED

PHILADELPHIA, Feb. 11.—Neglect of housing by the United States government is shameful, declared Robert D. Kohn, architect and former United States shipping board official, in an address he delivered before the Octavia Hill Association.

"Why, even little Cuba appropriated several millions for this purpose before the war," declared Mr. Kohn. "Why have we been so remiss? Probably because we have a naive belief in the all-efficiency of private initiative. People make most money out of building expensive houses. Consequently no houses are built for the man who receives low wages and he has to live in houses no one else would have."

Mr. Kohn approved the plan of Massachusetts, where, he said, the state loans money at a low rate of interest so that low-cost houses can be built.

"In England," continued Mr. Kohn, Premier Lloyd George already has announced a colossal housing program, one hundred millions, I believe. It is part of their reconstruction program and supplementary to their war-time efforts in that direction."

### ANNOUNCEMENT

The Ladies of the Sacred Heart Parish are requested to meet Wednesday evening at 7:30 in the Assembly room.

Tomorrow being Lincoln's birthday, the Klamath Falls Post-office will remain closed with the exception of two hours from 8:30 to 10:30 in the morning. There will be one business delivery made.

**HEAD STUFFED FROM CATARRH OR A COLD**  
Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting: Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates thru every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.—Adv
