

PERSHING SHY OF CANDIDACY FOR PRESIDENT

SHARON, Pa., Feb. 23.—General John J. Pershing, commander of the American expeditionary forces, will not be a candidate for the Republican nomination for president in 1920, according to a letter received Wednesday by James Brackin, Mercer county Republican leader from Colonel Carl Boyd, the general's secretary.

The statement came in reply to a letter sent to General Pershing by Brackin, congratulating the general on the allied military victory and stating that in response to the wishes of returned American soldiers the Republican party probably would nominate him for the presidency at the Republican national convention in 1920. In reply Colonel Boyd wrote:

"My Dear Brackin—General Pershing has asked me to acknowledge receipt of your cordial letter of November 14 and to extend his hearty thanks for your high appreciation of the achievements of our armies and of himself as commander-in-chief.

"As for the other matter mentioned in your letter, he thanks you for the compliment which you pay him, but he is interested only with his military duties and feels that he could not consistently become interested in anything which would divert his attention from them. He asks me to extend you his best wishes."

The lunch committee of the Mardi Gras will meet in the assembly Tuesday evening at 7:30 o'clock. Every member is urged to be present, as matters of importance will be discussed. 24-2t

SIXTY-FIFTH BOYS COMING

LADS WHO LEFT KLAMATH EARLY IN THE WAR WILL BE HOME SATURDAY OR SUNDAY. WELCOME HERE TO BE GREAT

That the Sixty Fifth Coast Artillery, which arrived from the east several days ago, and is now at Camp Lewis, will be discharged on Friday and that the large group of Klamath County boys who are identified with this regiment will be home Saturday night or Sunday, is the glad news received by Dr. J. C. Goble of this city from his son Lloyd, this morning.

Most of these boys enlisted in the service at the outbreak of the war. They were put through months of strenuous training at Fort Stephens, Oregon before going abroad where they distinguished themselves in the trenches. This is probably the largest group from Klamath County in any one unit of the service and their arrival here will no doubt be one of great welcome and rejoicing. Already plans are on foot to give them a rousing reception when they step from the train.

Reassured Himself

A city man tells this story of a well-known financier:
Two company promoters, once called on him to arouse his interest in a scheme of theirs. They talked to him about an hour. Then they took their leave.

"I believe we've got him," said the first promoter, hopefully.

"I don't know," said the other. "He seems very suspicious."

"Suspicious?" echoed the first.

"What makes you think he is suspicious?"

"Didn't you notice," was the reply, "how he counted his fingers after I had shaken hands with him?"—Washington Post.

PURITY AND CLEANLINESS

There is no article of food that requires the care that Butter does. That is why you should buy a home product, because you can then know the conditions under which it is placed on the market. You are invited to visit our creamery and see for yourself that we have justly earned the honor to be placed right at the top of the list of creameries in the state, for the cleanliness of our plant, and the purity of our product, and the care we exercise in its preparation. The few cents you save in buying an inferior butter may cost you many dollars in doctors' bills, as well as permanently endangering your health. Our trade-mark insures you against all danger that accompanies cheap butter. We are not trying to see how cheap we can make butter, but how good and pure we can make it, and that is why you are protecting yourself and your family when you buy Klamath Falls Creamery Butter.

Like Being Hit By Rattle Snake

Says that every time you cut or pick at a corn you invite lockjaw

You reckless men and women who are being pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved, and soon the entire corn, root and all, lifts right out with the fingers, without one particle of pain. This frezone is a sticky substance which dries the moment it is applied and just loosens the corn without inflaming or even irritating surrounding tissue or skin. He says a quarter of an ounce will cost very little at any of the drug stores, but this is sufficient to rid one's feet of every hard or soft corn or callus. You are positively warned that cutting or picking at a corn is a suicidal habit.—Adv.

BESSIE BARRISCALE

One of the strongest, most gripping dramas in which Bessie Barriscale, the Paralta star, has yet appeared is "Within the Cup," which will be the attraction at the Liberty Theatre tonight. In it Miss Barriscale, as "Thibbe Lorraine," suffers the uncanny warning, delivered by "Tea Cup" Ann, a Bohemian fortune-teller, that her soul is cursed and that, though she will forever try to realize the love for which her heart craves, true love will never be attained. The horrible prophecy and the ghost of her past haunt her through the play, one of the most impressive which Paralta has yet produced. It
