BULGARIA HAS BIG PROBLEM FOR SOLUTION

SOFIA, (Correspondence of the Associated Press)—Bulgaria is in the throes of a political crisis which will require the greatest wisdom for its solution. She must liquidate the military and political disaster and the bad effects of the personal regime of King Ferdinand which extended through a period of some twenty-five years. She must restore her standing with her alienated foreign friends, and by wise concessions and reforms forestall the spread of extreme doctrines among a large and somewhat susceptible population. Hearty co-operation of all political parties is evidence of their earnestness to meet the situation wisely.

The country now has a coalition government, the cabinet being composed of men from six different parties. This is the third cabinet change since last June, and each change has seen an increasing number of factions represented in the official family. To an American the popular character of the Bulgarian government is something of a revelation, no less than a dozen different parties being formally represented in Parliament.

Bulgaria has taken precautions against internal troubles thru representative and parliamentary discussion rather than in dictatorships, street outbreaks or other forms of social upheaval. The country breathes freer in the absence of Ferdinand, even though it is occupied by Entente troops.

The old Chamber has been retained in office to avoid unnecessary risks and the agitation always attendant upon national election. Premier Radoslavoff, who was looked upon as Germany's dupe, had at no time more than a bare majority, and that majority of which consisted mainly

of Turks who, in Bulgaria, have equal rights with the Bulgarians.

Since Ferdinand's exit, the good behavior of the people has been in remarkable contrast to the situation prevailing in Russia. This is explained by the assertion that Bulgaria is a virtual democracy and has laid the basis for popular contentment. There is equitable distribution of the land, government ownership of public utilities, legislative control of the executive, uncorrupted courts, and social legislation. Universal suffrage has been enjoyed since the creation of the state, and the people have proportionate representation. There is also the Australian ballot system, and other guarantees of popular rights.

YANKS ABROAD TO BE HIGHLY ENTERTAINED

PARIS, Feb. 19.—One of the most apparent needs of the members of the American Expeditionary Force at the present time is entertainment to assist in passing away the time until orders are received to depart for home. To meet this need the Knights of Columbus, through its entertainment division, have organized numerous troupes of entertainers, who will visit the various units of the army, and the first party of entertainers has left Paris.

It is announced that this work will extend to the American forces in France, Belgium, Italy and Germany, and that every unit of the army will be reached.

Among the Knights of Columbus secretaries in France are many professional entertainers, who will be distributed among the groups and will be assisted with amateur talent among the workers. Entertainers will also be secured from among the members of the American Expeditionary force to augment the work of the secretaries.

A minstrel troupe is being rehearsed and this show will soon be staged in Paris, and will then be sent on the road to visit the various camps throughout the American army. The members of this show will be recruited from among the Knights of Columbus workers, and members of the army and navy.

While the men in the field are being entertained, those less fortunate and who are confined in the hospitals are not being forgotten, as concerts are being given in the various hospitals in and around Paris several times each week. This portion of the work is highly appreciated by the patients and the officers in charge of the hospitals.

MEAT CAUSE OF KIDNEY TROUBLE

TAKE SALTS TO FLUSH KIDNEYS
IF BACK HURTS OR BLADDER
TROUBLES

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back, a sick headache, dizziness, a stomach sour, tongue is coated and the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from the pharmacy here, take two tablespoonfuls in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

FIRST LADY OF GERMANY SAID IS DEMOCRATIC

(By the Associated Press)

BERLIN, Feb. 19.—The mistress of the German presidential residence is a comely "hausfrau" of medium height and slender, who up to the present time has always attended to her own household duties, done all of the family cooking and has even been her own dressmaker. Frau Luise Ebert, wife of the president of the new German republic was born 45 years ago in a workingman's home in Bremen. She views her new social environment with resignation. "I know we must be prepared for attacks from the right and the left," she said today in discussing the new position in which the Ebert family finds itself.

"This coming from the left will probably be the worst. They will charge us with attempting to extricate ourselves from the caste in which we have been reared, but that will never occur. Whatever may come we are going to remain true to our traditions as a plain workingman's family."

The eldest son of the family, Friedrich Ebert, Jr., has entered newspaper work. The second son, aged 20, was only discharged from the army. The only daughter, Amalie, 19, until a short time ago was employed as a clerk by a downtown firm. She now accords herself on occasion the privilege of riding in the presidential motor car.

President Ebert lost a son in the fighting at Macedonia and another in the Chemin des Dames operations. The family up to two weeks ago had been living in a suburb of Berlin.

"BEATS ANYTHING I'VE EVER SEEN"

WAITZ RELIEVED BY TANLAC AFTER
SUFFERING TWENTY
YEARS

"Not in years," said Phillip A. Waitz, while in the French Drug Store at Tacoma, recently, "have I enjoyed better health or felt so well generally as I do since taking Tanlac."

Mr. Waitz lives in what is known as Old Tacoma, at 33rd and Lawrence streets. He has been a resident of that city for nearly twenty-five years. "Tanlac has certainly been remarkable in my case," he continued, "for it has not only relieved me of my terrible suffering, but I have actually gained fifteen pounds in weight and have just finished my third bottle. I had been bothered with my stomach and kidneys for twenty years and was never able to find anything to do me any good. The pains in the small of my back, and shoulders and in my left hip and knee were awful. Sometimes I was in so much misery that I couldn't get around at all and would have to lay off from my work for a week at a time, or more. When the weather began to get warm last summer I got in such a bad fix that I could hardly stand it, and had to give up my work entirely and was unable to turn my hands to a thing all summer. I moved out of town, right out into the woods thinking if I lived out in the open it might help me, but I continued to suffer just the same. My stomach was all out of whack and I suffered agony from indigestion. The gas which formed on my stomach would get up into my chest and almost cut off my breathe. I had to stop drinking coffee, quit eating many things I like best on account of the trouble caused me. The pain in my back and hip got so bad at times I couldn't straighten up if I stooped over and my kidneys disturbed me so often at night that I couldn't get any sound sleep."

"Finally a friend of mine who works at the shipyards advised me to get Tanlac and is nothing else had ever done me any good, I began taking this medicine. By the time I had finished my second bottle I hadn't an ache or a pain about me and, so, I can say Tanlac beats anything I have ever run across in twenty years. I haven't had to lose a minute from my work since that time. My appetite is great, I thoroughly enjoy everything I eat and nothing hurts me. My kidneys are now in fine shape and I can sleep the whole night thru. I feel like I have taken a new lease on life, for I feel younger, stronger and better than I have in years."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorell by the James Merc. Co.—Adv.

lin but now is installed in official apartments of the department of the interior in the Wilhelmstrasse which formerly were occupied by high officials. The permanent official residence of the new president has not been determined upon, and President Ebert has expressed aversion to the Bellevue palace as such residence on the ground that it is "too imposing."

ROOSEVELT WAS LAUGHED INTO DEATH FLIGHT

NEW YORK, Feb. 21.—Lieutenant Quentin Roosevelt was gassed into making the flight which ended in his death by taunts of a certain "chair warming" officer, according to a story published by the Evening Telegram.

An unnamed aviation lieutenant just returned from France is quoted as authority for the story. Young Roosevelt the narrator relates, was handicapped by being near sighted, and for that reason had been detailed to ground work. Nevertheless, when he heard that one of the "chair warmers" had hinted that he lacked the courage to make an air flight, he determined to lead a squadron over the German lines and persuaded the commander to let him do so.

Shortly after the start, Lieutenant Roosevelt became separated from his squadron and, thinking he was rejoining it, unwittingly ran into a squadron of enemy planes and was shot down.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Days inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowels pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; important to keep clean and pure on thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing. Men wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion; others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Adv.

Where Pat Was.

In a small village in Ireland the mother of a soldier met the village priest, who asked her if she had had bad news. "Sure, I have," she said. "Pat has been killed." "Oh, I am very sorry," said the priest. "Did you receive word from the War Office?" "No," she said, "I received word from himself."

The priest looked perplexed, and said, "But how is that?" "Sure," she said, "here is the letter; read it for yourself."

The letter said, "Dear Mother—I am now in the Holy Land."—The Argonaut.
