LOCAL KLAMATH FALLS GIRL ON THE SCREEN AT THE STAR

In order to show the rapid progress the local Elks are making with their coming vaudeville show, a short portion from one of their acts will be produced on the screen at the Star theater tonight, showing one of the fair participants in a very graceful Spring dance.

See Charles S. Hood, Klamath Agency, for Indian grazing lands and timber.
12-1f

TARAZAN OF THE APES
Special Attraction Coming to the Star Theater

An unusual thrill is promised in the fight between Tarzan and the huge lion in the motion picture, "Tarzan of the Apes." It has been accredited with being the most exciting episode ever cameraed. The Scientific American says it is the ultimate of illusory expression. This is the scene that created so much comment during the run of the play on Broadway, New York. This special attraction will be at the Star theater Sunday and Monday, March 16 and 17. Special matinee Sunday at 2:30 p.m. 13-1f

STOCKMAN BACK FROM EAST.

Rex Bord, a well known stockman of the Olene district, who has been on a business visit to the Atlantic Coast and also to Southern Points returned to this city last night. He has been away for two months.

MEN NEEDED BY FAMILIES TO BE FREED

WASHINGTON, D. C., March 13.—General Pershing has been authorized by the war department to send home for immediate discharge any enlisted or drafted man or any individual officer who can present proof to General Pershing by letter or in person that there is sickness or distress in his family.

The request for such discharge may also be made by persons in the United States directly by letter or cable to General Pershing. With the request must go "good and sufficient" testimony to the effect that sickness or distress really exists.

The war department circular making this announcement says that the testimony referred to should "preferably consist of one affidavit from a physician or a minister, a notary public or other responsible person. In case the request is made by cable, full facts should be certified to by a responsible person.

DEAREST PUBLIC

It is "rit" that "the pen is milder than the sword," but it's a lie; if it wasn't, why in the devil haven't you been in?

Some times the ax is more formidable than the pen. The pen is one of the cute ways of transporting love and kindred stuff, and it's really surprising how far it will go. Speaking of Pens, we have a new stock of Conklin self-fillers.

Say, fellows, we have a stock of the soft shirt pins, the latest for this season. These can be worn on smooth or ruff necks.

And, Imogene, we have the latest in earrings, diamond rings, slavery rings and birthstone rings.

Bloodstone for March. Reason for this is that March is generally a fierce month. Hares are not all that's wild in March. I saw May have an awful spell one time on the 17th of March, so, June, dear, be careful. Fine watch repairing a specialty. Diamonds reset while you wait. If it's worth it and can be fixed we can do it.

If a star should wed a flower, why, Rose, you'd better hide, if it makes you dizzy to go up. Eh, Mable? Money and its simp are soon parted. Are you, too, broke?

We got a lot of dandy watches in all styles and sizes. Big stock of silver ware in various patterns. Thermos bottles, and the damndest raft of spex and colored glasses, so if yah have wrinkles and can't see nothin', it's your own fault. We don't test eyes, but we test your ability to see the truth.

Weather forecast: Clothes should be worn with Lavalliere during this month. And, Mable, get your new "sky-piece" and then dash in and get an umbrella—we have the latest creations, and the covers are guaranteed to give satisfaction.

I love you and need your aid, so hurry to McHattan's, at 605 Main street, on the wrong side.

VOD-A-VIL AT THE STAR TONIGHT

Tonight is vaudeville night at the Star theater, and you don't have to go to 'Frisco or Portland to see an Orpheum headliner. Five big acts of high class coming vaudeville, also one from the coming Elks local vaudeville show, introducing a popular Klamath Falls young lady in a nifty dancing act. Do not miss the Star show tonight. Special music. 13-1f

LADIES DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NOBODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance with wonderful effect.

ance, this simple mixture was applied. But brewing at home is messy and

out-of-date. Nowadays, by asking any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation. Improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, making one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Mrs. Agnes H. Eskelson is at the Eskelson store, and she would like to meet those who have an account with her. 10-4f

GOOD TIME. EVERYBODY INVITED

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.

YALE

Yale Door Control

THE day of the uncontrolled door is over—the Yale door closer is now in charge.

Long ago recognized as a necessity in all business buildings, the Yale door closer has become equally necessary for obtaining comfort in the home. It automatically takes care of your door, yielding without pressure when opened but quickly and positively closing the door when you let go.

The considerable saving in coal consumption is specially worth your consideration.

And the Yale Door Closer is the only closer that requires no maintenance cost, year in and year out.

You can put one on with a screw-driver. Do it today and say good-by to door nuisances.
