DEAREST PUBLIC

How the hell are yah? And a fine lad ye are. 'Tis well the green be- comes yah. And, Danny, lad, do ye know where St. Patrick sent the snakes? No? Well, I'll tell ye— California is the place, and even the inmates of that place have them at times.

Did yez ever see a green water cart? Well, we have one right here in our own home town. Did yez ever hear of an Irish bull? No, but we have seen the padded—I mean the fatted calf.

We got some umbrellas, guaran- teed covers. We got diamond rings and alarm clocks.

One of the first things to turn green in the spring is Christmas jew- elry—but not ours. Happiness is a state of mind, and you should always be that way.

Mary, darlin', beware of the devil that wants to stale a kiss, because a kiss is composed of a little bliss and a microbe. Of course, if you must have it, it's all right to chance it once.

Yreka the fand of scrambled brains. Have you heard the story of the bed? Well, that's where you lie. What's that? Raise hell and buy diamond jewelry.

Now that bottled joy is a thing of the past, we'll open the canned music and sing. "We'll all rush home if we can't rush the can."

Happy are the bone-headed, for they have no feeling. We still have spex and colored glasses.

A non-breakable vacuum bottle, the latest invention. See it. Fine watch repairing. A watch can run dry just the same as you can.

We do all kinds of watch repairing and any kind of jewelry repairs. We reset your diamond while you wait. If we haven't got it we can get it if it's to be had.

We thank you for your timely aid. McHattan's, 605 Main street, be- tween Sixth and Seventh, wrong side.

"HEARTS OF THE WORLD"

D. W. Griffith's Latest Masterpiece

The biggest event in the entire season in the world of motion pictures, will be the presentation of D. W. Griffith's latest film masterpiece, "Hearts of the World". At the Liberty theater today and tomorrow, with daily matinees.

"Hearts of the World" required eighteen months in the making, and many of the scenes were taken on the actual battlefields of France by Mr. Griffith, with the official aid and assistance of the British and the French governments. Mr. Griffith, however, is anxious to remove any apprehen- sion that "Hearts of the World" is primarily a war picture. It is, he announces, primarily a love story, in which war figures as the grim back- ground. It may be called "the story of a village," and for more than forty minutes during the exposition of the story, there is not a cannon shot, not

a suggestion of war's alarms. There is the pretty romance of two girls, each in love with the same man; there is the quiet and peaceful atmosphere of a small French town before the holocaust of the war. Then comes the conflict, with its ensuing effects upon the fortunes of those in the lit- tle village. The battle scenes shown are actual battle scenes taken right in the trenches during the death struggles of the French and the Ger- mans; only occasionally has it been found necessary to piece the story of the battles together by means of acted scenes; the whole culminating in the arrival of the American troops, of ultimate victory and a hint of future happiness for those who have endur- ed this terrible struggle.

Mr. Griffith is anxious to have it understood that while "Hearts of the World" deals with war and love, it is a drama he has staged, rather than a propaganda film. Yet no one can

sit through his wonderful pictorial representation of the tragedy of Bleeding France without going forth happier than ever that this conflict has been won, that the Allies have triumphed over their adversaries and that such grim horrors of war must never happen again in the history of the world.

Prominent in the cast of "Hearts of the World" are the beautiful Gish sisters, Lillian and Dorothy, Robert Harron, George Fawcett, George Seligman, and other well known players.

QUIT MEAT WHEN KIDNEYS BOTHER

TAKE A GLASS OF SALTS IF YOU BACK HURTS OR BLADDER TROUBLES YOU

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. says a well-known authority. Meat forms uric acid which excites the kid- neys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any phar- macy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, com- bined with lithia, and has been used for generations to flush and stimu- late the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending blad- der weakness.

Jad Salts is inexpensive and can- not injure; makes a delightful effe- vescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoid- ing serious kidney complications.— Adv.
