COPENHAGEN, March 25.—The claims of the new Hungarian soviet government to power as set forth in its wireless communications are largely untrue, according to a dispatch received here today from Vienna. Panic prevails in Budapest, it is admitted, but the country has not yet resolved upon a soviet republic.

PARIS, March 25.—The Jugo Slav delegates to the conference took a pessimistic view of the situation in their country, Poland and Roumania. They fear that these countries are likely to be affected by the bolshevik revolution in Hungary.

PARIS, March 25.—Conditions in Hungary seem to have now affected Germany and Austria.

Advices which have been received today by the American delegates at the peace conference from private agents in Vienna, indicate the existence of a threatening state of affairs there.

OLCOTT'S TERM IS FOUR YEARS

NEW GOVERNOR IS ENTITLED TO SERVE FULL UNEXPIRED TERM, WHICH WAS JUST BEGUN BY WITHEYCOMBE

SALEM, March 25.—Governor Olcott is entitled to serve the full four years of the unexpired term of the late governor Withycombe. He likewise has authority to resign as secretary of state and appoint his successor to that office without jeopardizing his right to remain as governor of Oregon.

These are the salient features of a sweeping opinion handed down by Attorney General Brown. The opinion was given at the request of Governor Olcott, who, shortly after he took office as governor, announced his desire to relinquish the office of secretary of state and name a successor if the laws of Oregon would permit of such a procedure.

That his opinion might be tested in the Oregon supreme court at the earliest possible moment, the attorney general advised Governor Olcott that a friendly suit should be instituted in the supreme court immediately in order that all doubt might be set at rest.

The attorney general suggested that State Treasurer Hoff be asked to refuse payment on Governor Olcott's salary warrant as governor, in order that the latter might bring mandamus proceedings in the supreme court. State Treasurer Hoff said he would consent to act on the suggestion of Governor Olcott, which means that the mandamus proceedings will be started immediately after April 1st.

If the supreme court sustains the opinion of the attorney general and holds that the governor has authority to resign as secretary of state and name his successor, Governor Olcott is expected to take such action shortly thereafter, his reason for so doing, as outlined in a recent announcement of his policies, is that he desires a third member on the state board of control. Under present conditions, holding both offices jointly, he has absolute control of the actions of this important state board.

The mission was successful, for Mrs. Irwin returns home with every hope and the brightest prospects of complete recovery of her health.

Owing to increased production quite a large number of men will be able to find employment with this company.

NEW WOMAN'S BODY MEETS

ORGANIZATION FORMED BY THE WOMEN OF CITY TO PROMOTE COMMUNITY DEVELOPMENT WILL GATHER TOMORROW

A meeting of the Charter members and officers of the new Womens Commercial Organization is to be held tomorrow afternoon at the home of S. E. Martin on Sixth and High Streets where the organization which was launched here a short time ago will be perfected and plans made for the big work of the coming season. The constitution and by laws which have been prepared in the interests since the last meeting will be submitted at this time and other matters of importance taken up.

It is the desire of the ladies who have started this commendatory move to further all matters of civic interest and community development which their efforts in the past have proved that they are so well qualified to do. They expect to stand with the proposed mens commercial body behind all moves in which they can be of service and there is little doubt but that these will be very numerous. It is planned to have a mass meeting in the near future at which all the women of the city will be invited, when the purposes of the new body will be fully outlined and when a general invitation will be extended to join.

Comments of the prominent business men of the city toward the move by the ladies have been freely made and they are without exception of a laudatory nature. A number have intimated that they have put the men to shame by their push and enterprise.

AUTO PRICES WILL NOT BE REDUCED

"Don't look for any reduction in the price of automobile vehicles in the near future," was the opinion of B. G. Stuart, factory representative of the Chevrolet, who was in the city yesterday interviewing the Central Garage officials, who handle the Chevrolet in this territory. "And there is a good reason for this. Contracts for the raw material that enters so extensively into the production of the automobile were made last fall. There will be no further contracts made until this coming fall, when arrangements will be made for the next year's supply. Last year's contracts were based on this season's prices and manufacturers adjusted their prices accordingly. That is why we reduced the price of our car \$139 last fall. That price will maintain until new material contracts are made. What is true of the Chevrolet is true of every other car, and I predict that this year's price will be as low as you will see automobiles sell for several years. This year will be the same as the year before the war—not a case of price but one of supply. Every manufacturer is booked away beyond his capacity, and the dealer who has a car to sell may consider himself lucky. There will be a greater scarcity of cars this year than ever before in the history of the industry."

Mr. Stuart left this morning for Oakland, where his company is building a \$400,000 addition to their immense factory.

OPERETTA BY BOY SCOUTS

Miss Evelyn Applegate, director of music for the city schools, is preparing an operetta, "America First," to be given by the 6th and 7th grade boys on Thursday and Friday April 3rd and 4th. The object of the operetta is not to raise money, but to demonstrate to the public the ability of boys of this age. Young girls are always selected to do anything of a public nature, because they are easily trained and are sure to do it well, but Miss Applegate intends to prove by this operetta that the boys can do equally as well as girls and expects to give the public an unusual treat. The admission will be 25 cents. Reserved seats 10 cents extra.

APPOINT COMMITTEE TO MEET WITH CATTLEMANS' COMMITTEE WITH VIEW OF ADJUSTING RANGE DIFFICULTIES

MERRILL, March 25.—(Special Correspondence) A meeting of the Klamath Wool Growers' Association was held here last evening, when the County range question was thoroughly discussed. It was decided to appoint a committee to meet with a like committee from the Klamath Horse and Cattle Association, for the purpose of reaching an amicable adjustment of the difference existing over the range. A spirit of co-operation was manifested at the meeting and it was the judgment of the wise heads present that this was a time when stockmen should get together instead of splitting apart over a question that ought to be adjusted between those whose interests are involved.

The selection of the members of the committee was left with the executive committee of the Association. No announcement will be made for the present, as the officials are going to be very careful in selecting men who will be best qualified for the work in hand.

GLEE CLUB PUTS ON DANDY BILL

FULL HOUSE AT HOUSTONS PAYS TRIBUTE BY APPLAUSE TO MEN OF UNIVERSITY OF OREGON LAST NIGHT

We planned last night under the spell of the harmony to write this story up to music in a way that would really bring out the charm of the entertainment, but we can't seem to get any melody out of the doggone typewriter at all this morning. The blame thing won't even chord. The basso profundo sounds disgusto, three pegs are gone out of the fourtissimo and the back spacer ain't working very well either. We realize the few notes that we shall be able to make will sound pretty flat, besides, to the others who were there, but we are here to offer a few words of hearty praise for the University of Oregon Glee Club which delighted a full house last evening at the Houston Opera House. It is seldom that an entertainment of this character is available to the local public and the appreciation was shown in the attendance.

The program, which varied from heavy chorus opera work to the amusing college pranks which are always bubbling out of a group of this kind, found receptive hearers in every instance and no number was allowed to get by without at least one encore.

These boys are gifted with unusual talent along musical lines and they show the results of exacting training under the direction of John Stark Evans of the school of music. "Loves Old Sweet Song," "Carry Me Back to Old Virginia," and "De Sandman by the Club," while not among the heavier numbers rendered, will be long remembered by the audience for their sweetness. Most of the encores were of a humorous nature and made a hit with the crowd.

MANY FAVORING COMMERCE CLUB

PROMINENT MEN ARE GIVING ENDORSEMENT TO PROPOSED ORGANIZATION WHICH MAY BE FORMED THIS WEEK

Considerable talk is being heard on the streets of the city regarding the new move for a commercial organization which has culminated in the meeting called for the city hall next Thursday evening.

There is a general feeling everywhere that something of this sort should be started here and started at once. The Klamath Falls business Men's Association feels that the things which are to be taken up by a body of this kind are outside of the scope of its activities and matters which an organization such as theirs, a body of that kind should not participate, so the members have intimated by a resolution, that they will support the new undertaking.

It is declared by some that the formation of a commerce body will be about the only way that the benefits which are expected from the State Chamber of Commerce can be secured, as there must be a working unit here to co-operate with the rest of Oregon in the big development that is planned.
