MAIN STREET POOL ROOM IN NEW HANDS

The Sayles Pastime, operated for the past eighteen months by Sayles and son on Main Street near Eighth has been taken over by R. J. Monroe and H. A. Thiede and will be operated by that firm in the future. Mr. Sayles expects to go to Portland in a few days.

MUSICAL CELEBRITY INTERESTED IN CITY

One of the important features connected with the visit here of the Glee Club was the presence of Dr. John Landisberry, the Dean of the musical department of the University. Dr. Landisberry is recognized as one of the greatest pianists on the Coast, and similar recognition is accorded him thru the Middle West, where he lived before coming to this state to take charge of the musical department of Oregon's leading educational institution.

The Doctor was very much pleased with the reception given the Glee Club and he was so favorably impressed with the musical talent and conditions here that he is going to bestow on this city special attention in the future and will work toward the making of Klamath Falls one of the musical centers of the state. With that end in view he will send here from time to time various leaders in the musical realm on the state whose helpful suggestions and directions will undoubtedly do much toward a greater development of the musical talent of the Oregon.

Dr. Landisberry was entertained at dinner last evening by Mr. and Mrs. C. W. Eberlein.

COUNTY TRACTOR TO START ON HIGHWAYS

From now on there will be heard echoing throughout the valley the staccato bark of a gasoline engine, and when you hear it you will know that Klamath county is laying the foundation for what will be a world-renowned highway system. That engine is driving the famous Best "75" tractor, that was recently purchased from J. S. Mills & Son of this city. In trade parlance it is known as a tracklayer, for it practically lays its own track on the caterpillar system. The first work to be done by this machine will be the operation of the big grader that is to be used in getting the roads into passable condition after the tearing up they received as a result of last winter's travel. But this tractor is big enough and efficient enough to do most anything that it tackles and will undoubtedly be a source of much attention during the future.

MT. LAKE FOLK PLAN CHURCH

EDIFICE WHICH WILL ALSO SERVE FOR COMMUNITY GATHERINGS CONSIDERED. MEETING CALLED FRIDAY EVENING

MT. LAKE, March 26.—At 7 o'clock next Friday evening, March 28th, there will be held at the church a picnic supper. The occasion is a get together meeting to consider a plan to repair and enlarge the church that, in the first place, it may better fill its purpose as a church, and secondly, that it may more fully meet its requirements as a community building. The needs of the district served by the church have outgrown its capacity. Something must be done to meet the growing interests of the community. It is the hope of those who have the movement at heart that something will be done that shall be a worthy expression of the progressive spirit of Klamath County. Everybody who is reached by the spiritual, social or political activities that foreground at the church is urged to come at this time to the church and let us counsel together how we can best promote the welfare of the community. Consider this as your invitation, for the field is too large to invite each one personally.

DRIVE FOR OLD CLOTHES IS ON

PEOPLE OF CITY URGED TO BRING ARTICLES OF WEARING APPAREL TO ORPHAN BUILDING SOON AS POSSIBLE

Now that the drive for old clothing for the Red Cross, which is being conducted here under the leadership of S. E. Martin, is under way, the rooms which have been secured for gathering the goods in the Orphanus Building will be found open every afternoon and every one who has clothing or goods which would be of use to the war zone sufferers, is urged to bring it in at once. It is believed that nearly everyone has some things stored away which would probably never be used, which could be resurrected without difficulty and sent across to be converted into a much needed garment for some shivering frame before another winter. Clothing of all kinds which is made of substantial material will be found acceptable, no matter how old it may be. The Red Cross authorities are glad to get the things in spent of holes and rents that may appear.

SUIT FOR COLLECTION. A suit for the collection of an alleged note for \$47.85 signed January 23rd, 1917 has been instituted by the firm of Roberts and Whitmore against L. D. Ward, in the office of the County Clerk.

SHIVES RETURN FROM SOUTHERN CALIFORNIA

Mr. and Mrs. Oscar Shive and family returned Monday night from Long Beach and other California points, where they have been spending the winter months. They left during the latter part of November and report the most pleasant kind of a time in the southland.

Oscar declares that he is glad to get back to Klamath, however, and that he will lose no time in getting out to his ranch four miles south-east of the city.

SUFFERS PAINFUL ACCIDENT.

Perry Venable while working at the Altamont ranch Monday suffered a painful accident, according to report, when he caught his hand in the machinery of a hay cable and mutilated it badly. Venable was standing on a big hay fork, which he had plunged into the hay and prepared to jump at the proper moment. He held on a second too long to avoid getting caught in the trip rope and had his left hand injured. It was badly mangled but no bones were broken.

OFFICER HOME TO STAY.

Lieutenant J. H. Carter, who has just received his discharge from the naval service in which he has been identified since the early months of the war, returned to the city last evening. It is expected that the young officer will resume his dental practice which he gave up to enter the service. Lieutenant Carter has a large number of friends here, who will be glad to welcome him back to the city.

OUTLOOK GOOD FOR BLY FOLKS

HEAVIEST SNOWFALL IN YEARS BRINGS OPTIMISTIC VIEWS FOR CROPS THIS SEASON, BY PROMINENT STOCKMAN

The heaviest snowfall for several years past is reported by J. A. Parker, a prominent resident of the Bly section who is in the county seat looking after business interests.

The snow is four feet deep on the ridge between Horsefly and Sprague River Valleys seven feet deep on the level at the foot of Gayhart Mountain and more than eighteen feet at the top of this big hill. The moisture has been a god-send to the people of that district. Mr. Parker says, as the springs and wells there were becoming dangerously low. While the big fall will do much to relieve the situation, the stockman estimates that it will take several winters to bring back the normal conditions of a few years ago.

ROCKY POINT HOST FOR BETTER ROADS

"The winter had no terrors for the people in the vicinity of Rocky Point, for fair weather or foul, we had our weekly dance and not less than twenty-five couples participated in each event," was the happy way in which Happy Harpst, one of the proprietors of Rocky Point put it yesterday, while dwelling upon the wonders and beauties of this well known section of Klamath County. "Happy" is not his nickname, but it ought to be, for he just naturally radiates it. He is a typical "mine host," and it is easy to see why the fame of Rocky Point is spreading throughout the land.

Mr. Harpst says that he looks forward to the biggest year yet, and is making preparations accordingly. Rocky Point promises to develop into one of the big attractions on the Upper Lake, and this fact should be kept in mind in the road program that is being developed for the county. One of the dreams of the enthusiast is a boulevard around Upper Klamath, and it is an object worth working for. It will come, and when it does, Rocky Point will come into its own, and Klamath County will possess one of the famous drives of the world.

EUGENE TAKES NEW MOVE TO HELP KLAMATH

Immediate Need of Commercial Body in This City

COUNTY MUST HELP

Special Meeting Is Held by Branch of Eugene Chamber of Commerce to Plan Co-Operation With Klamath County—Natron Cut-Off and Wagon Road Over Mountains.

Those who attended the great road meeting at the Elks Hall, and nearly everybody did attend that potential meeting will recall that Mr. Booth when advocating a closer union between Lane and Klamath counties for the development of both, said "If Lane is not the first county in the state, it is Klamath."

These counties meet in the summit of the Cascades and should combine all their efforts towards more effective communication and already the Eugene Chamber of Commerce has gone to work with a will as the following extract from a letter just received by the Secretary of our Commercial Club will show. We must perfect our re-organization of the club as soon as possible to co-operate with these people for they surely mean business.

Everyone is interested in the welfare of the city is urged to be present at the mass meeting Thursday night at the city hall.

The letter received from the Eugene Body follows:

"Gentlemen—At a special meeting of the Bureau of Roads and Highways and Trade and Commerce of the Eugene Chamber of Commerce called at the request of D. E. Voran the subject of the completion of the Natron cut off and also the construction of a wagon road between here and Klamath Falls by way of the Willamette Pass, was fully discussed and considered.

A committee was appointed by the Bureau of Trade and Commerce to take charge of all matters pertaining to the completion of the Natron cut off, and also a committee was appointed by the Bureau of Roads and Highways to take charge of and work for the construction of a wagon road over the Willamette River pass. These committees were both requested to co-operate with like committees from the Chamber of Commerce of Klamath Falls. The names of the two committees are as follows: Committee appointed by the Bureau of Trade and Commerce to take charge of matters pertaining to the completion of the Natron cut off: Chairman, D. E. Voran; J. C. Price and R. W. Martin, members. Committee appointed by the Bureau of Roads and Highways to take charge of matters pertaining to the construction of the road over the Willamette River pass: Chairman, D. E. Voran; Fred Fisk and E. C. The post-office address of all committees is Eugene. We have no doubt but what they will confer with your people at an early date. At this meeting a number of our members urged stronger co-operation between Eugene and Klamath Falls."

PRESBYTERIANS PLAN BUILDING

CHOOSING OF NEW SITE IS IMPORTANT QUESTION WHICH WILL BE DETERMINED AT MEETING FRIDAY NIGHT

The important matter of choosing a site for the proposed new Presbyterian Church in this city is the object of the meeting to which all supporters of that institution are asked to come on Friday evening.

Two sites are under consideration by the trustees and the voice of the congregation is asked before a final move is made. Some funds are already in sight and it is hoped that steps can be taken now that the war is over to put up an edifice that will be a credit in every way to the community. The building now being planned will cost between fifteen and twenty thousand dollars and will be a modern up to date structure in every particular. Every person interested is urged to be present at the Church Friday evening when the selection of the site will be determined.

FREE SEEDS AT HERALD OFFICE

A large number of sample garden seeds sent out by the government have been received at the Herald office thru the courtesy of Representative N. J. Sinnott.

As these are naturally Republican seeds, it is not known whether or not they will be found productive on Democratic soil, but all who wish are welcome to a package as long as they last. Farmers in the country who cannot conveniently call may send in their names to the Evening Herald and a package will be mailed to them.

NEW RULING BY SUPREME COURT

IMPORTANT DECISION HANDLED DOWN BY HIGH STATE TRIBUNAL PUTS NEW PHASE ON BOOTLEGGING IN FUTURE

An important ruling which it is expected may prove a big factor in the decision of bootlegging cases was handed down yesterday afternoon by the Supreme Court at Salem which reversed the decision of Judge F. M. Calkins of Jackson County in the case of the State versus Houston Cox, a negro porter at the Medford Hotel and the case remanded to trial.

Cox carried liquor from the train to the hotel in a suit case with other baggage and was convicted of having liquor in his possession.

In a dissenting opinion Justice Burnett holds that the prohibition law has been emasculated by a majority decision written by Justice Johns.

In other words, according to the John's opinion, in order to convict a person on a liquor charge it will be necessary to prove that the goods found in his possession, belong to him, when heretofore it has only been considered necessary to establish the fact that defendant had the prohibited goods at the time of his apprehension.

NATION HEADS THRESHING OUT FINAL ISSUES

Differences in Peace Matters in Last Mill

NEW FEATURE IS UP

Would Now Have Understanding With Germany as Head of Central Powers, Making One Comprehensive Treaty—Good Program Reported by American Delegation.

PARIS, March 26.—President Wilson and Premiers Lloyd George of England, Clemenceau of France and Orlando of Italy are continuing a series of conferences to clear up the most important questions which still remain undecided.

They are frankly considering differences of opinion which have developed since Wilson returned to Paris. The President has proposed that the sessions of this group be continuous until all the issues have been adjusted.

WASHINGTON, D. C., March 26.—A message received today at the White House from the American Delegation at Paris, stated that greater progress had been made toward peace than had appeared on the surface.

PARIS, March 26.—It has become known that a serious effort is being made in the highest quarters to join together all the peace treaties with Germany, Austria, Turkey and Bulgaria, thus making one comprehensive treaty in which Germany will be probably grouped with the other Central powers as their responsible head.

This would necessarily cause some delay but it is believed that it would save time in the end.

The plan would probably agree with the desires of Italy to have its interests with Austria dealt with in the main peace treaty.

WASHINGTON, D. C., March 26.—Republican Congressmen have refused to comment on the amendments agreed upon at Paris except Senators Borah and Poindexter.

Borah declared that he would never support the League constitution as long as the control was placed in the control of three Europeans and one Asiatic as now proposed.

Poindexter declared that the only change satisfactory to him would be to strike out everything but the preamble.

BERLIN, March 26.—Dr. Schiffer, minister of Finance in the new cabinet said today "I take the most solemn oath that the government will not surrender one inch of territory, whether east or west, to the enemy." He addressed an immense crowd on Sunday in front of the palace of the Chancellery.

NEW MAN AT GOLDEN RULE.

J. W. Crooks, who has formerly resided in Prineville has taken a position here in the Golden Rule Store. Mr. Crooks points out the fact that he comes from Crooked River in Crook County, but believes that the change will straighten him out.

JURY TRIAL SET EARLY IN APRIL

The first jury trial in Klamath County since last June in the Circuit Court has been set for April seventh by Judge D. V. Kuykendall. The case to be tried has not been definitely decided but it is expected that the calendar will be made out and announced in a very few days.
