## TUNNEL UNDER SEAS PLANNED BY EUROPEANS

LONDON, (Correspondence of the Associated Press)—Intense interest has been aroused by the government's announcement that the long projected tunnel under the English Channel to connect England and France is soon to be constructed. The cost of the enterprise is roughly estimated at \$100,000,000. Some say the tunnel could be completed in 5 1/2 years.

A commission in Paris which has been discussing this project also is considering the building of tunnels under the Bosphorus connecting Europe with Asia and one from Gibraltar connecting Europe with Africa.

The English Channel Tunnel Company already has done a vast amount of work in anticipation of the resumption of actual construction of the tunnel to France. Engineering plans are said to be so far advanced that the work could begin at once.

With the exception of the Panama Canal, it will be the biggest engineering enterprise of modern times. The total length, including approaches in England and France, will be 32 miles, with more than 21 1-2 miles of it under the sea. The plans provide for two tunnels, each eighteen feet in diameter, connected by cross galleries at intervals of 200 yards. The maximum depth of water on the route is 180 feet, and a cover of chalk about 100 feet thick would be left undisturbed above the crown of the tunnel to provide against danger from enemy attack with submarine explosives. The tunnel's level below the sea thus will be about 280 feet.

**To the Tax-Paying Citizens of Klamath Falls:**

Do you want Spring Creek water for your city's use and fire protection? I do not have to tell you what Spring Creek is. You know what it is, and where it is. You also know that your city is badly in need of a pure and abundant supply of water for your needs, and for the increased needs of your city in the future.

There is but one stream in a reasonable distance that can furnish this to you, and that stream is Spring Creek.

I am now in a position to offer you all of that part of Spring Creek that is necessary for your needs in future, no matter whether you grow to a million or more. This property can be obtained for a very reasonable price by the city of Klamath Falls, with a perfect title, and all government "red tape" cut out, as it is privately owned.

It has taken twenty years to obtain this property by its present owner; it is intact. The owner prefers to sell to Klamath Falls than to private individuals. It is offered you first, you can either take it or not. If you do not, it is forever lost to you, because I have at this time several offers from other parties who are very anxious to own it for private use. If you do not take it, I shall dispose of it to others. If the citizens are interested enough to take this matter up with me I shall be glad to meet a committee of your representatives any time or place named, with this object in view.

This is the last word that I have to say in bringing the matter before the people.

In order to take up this chance it is necessary to act at the earliest possible moment. I am willing to await your reply a reasonable time.

As others are awaiting my acceptance of their offer, or refusal, I would ask the people of Klamath Falls to let me know as soon as they can whether they want my property on Spring Creek.

H. C. SPINK, Owner.

## DEAREST PUBLIC

Thanks for the timely aid. We still have a few wrist watches left, and we got some good watches, like Howards, Elgins, Walthams and Hamiltons, in various sizes.

New stock of eight-day mantel clocks and alarm clocks.

Beautiful diamonds in various sizes. Birth stone for this month; also given as a token of affection.

Newly discovered diamond fields are in British Guiana.

The diamond is a real investment, and you can always realize something on them at any time.

The cushion shaped diamond of grandma's days was a great source of comfort, but they are cut round today, so that those who are apparently on the "square" can "get by" without breaking the corners.

We got soft collar pins.

No matter how "ruff" the neck, these work just the same. I took the topography of my heart yesterday, and I still love you. Sun glasses, speck, magnifiers and field glasses.

Black ribbon, gold trimmed, wrist bands. See them.

Big stock of silver ware in various patterns. The "Lourian," latest pattern in 1847 Rogers.

Full stock in our windows today.

We are going to have an occupation tax. Cute, tho there are some of us that are pretty well-occupied paying our taxes. One of the lowest forms of intelligence is a taxpayer. Aye, Mable?

We have some lovely little crosses and chains as Easter tokens.

If you don't know about Easter there is a book that tells about it, and if you have the time, read a lot about this man, as he is the best man that history has any record of. Your sins are generally in someone else's rotten mind.

We have a number of articles suitable for Easter tokens.

Don't you remember when you was a kid and stole, I mean, hid the eggs for Easter? Gee, but them was the days.

Yes, dear, we fix watches and repair most anything. Set your diamond and sell your old gold, and we'll put ourselves out to please you. I can't pay my taxes, so hurry to my aid. McHattan, 605 Main street, between Sixth and Seventh; wrong side of the street.

## CALIFORNIA MAN GAINS 18 POUNDS

SMITH FEELS LIKE NEW MAN SINCE TAKING TANLAC—SUFFERED THIRTY YEARS

One of the strongest and most convincing evidences of the popularity of Tanlac thruout America is the large number of letters that are being received daily from well known men and women, telling of the remarkable results they have derived from its use.

Among the many received in the past few days is one from John Smith of 313 Eighth Street, Richmond, California which is especially interesting. Mr. Smith states that he had suffered for twenty years, with his stomach, liver and kidneys, and had reached the point where he wished each breath would be the last. He also says that when he began taking Tanlac he weighed only one hundred and forty-eight pounds, but that he now weighs one hundred and sixty six—making a gain of eighteen pounds—and that he feels like a new man. Following is his letter in full:

"To whom it may concern: 'X, the undersigned, can truthfully say that the wonderful medicine known as Tanlac has done more for me in thirty days time, than any other medicine I have even taken before in my life. I have been a sufferer from stomach, liver and kidney troubles for twenty years. I have taken six bottles of Tanlac, and today I feel like a new man.

"Before I started using Tanlac I didn't make any difference what I would eat or drink, it distressed me so much that I wished the next breath would be my last. Also when I started taking this wonderful medicine, I only weighed one hundred and forty-eight pounds. Today I weigh one hundred and sixty-six pounds—have gained eighteen pounds already and am still gaining. Also before taking Tanlac I couldn't sleep either night or day, but now I average about nine hours steady sleep and I have an appetite like a horse. I am now fifty years of age and I can't praise Tanlac too much for what it has done for me."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorell by the James Merc. Co.—Adv.
