

EXEMPTIONS FOR EMPLOYERS AND EMPLOYEES NOW

SALEM, April 7.—The announcement by the industrial accident commission that employers and employees operating under the workmen's compensation law will be exempt from payment into the fund for the months of April, May and June comes at a most opportune time. It relieves Oregon industry from a burden during the readjustment period. The exemption is possible because of a surplus that accumulated in the fund during the past year. The exempting of this three-months' period will mean that no payments will have been made into the fund by employers and employees for seven of twelve months of the fiscal year ending June 30. The effect of these exempted months is to reduce the rate of payment made by employers upon their payrolls to five-twelfths of the base rate. The exemption just declared by the commission will relieve employers from the payment of approximately \$600,000.00 into the fund for the months of April, May and June, the commission having sufficient funds on hand to pay all claims during the period.

The recent legislature, at the suggestion of the commission, amended the compensation law, changing the method of exemption so as to provide an annual credit refund to employers instead of the monthly exemption system. Under the old law the employer had to have continuous payrolls to be entitled to the exemptions as they were declared, but under the new law the employer will be given credit at the end of the year for the proportion his payments into the fund bears to the entire amount.

Since the workmen's compensation law became effective in 1914, the industrial accident commission has received from all sources \$6,007,089 which it has disbursed in the course of business at an administrative expense of only 6.17 per cent, the balance being available for the payments of claims of workmen injured in Oregon industry. During the year 1918 there were 25,288 workmen injured in industry in the state, 182 of the accidents being fatal.

SCOTTISH QUEEN'S LAST LETTER IN MUSEUM

LONDON, April 11.—The National Art Collection Fund has loaned to the Royal Scottish Museum in Edinburgh pending its final disposition, the last letter of Mary, Queen of Scots, addressed to her brother-in-law, Henry III, of France, and written the night before her execution.

This letter was acquired from the Morrison collection by a number of persons for presentation to the Scottish people. It is in a perfect state of preservation, and a beautiful specimen of Calligraphy.

In the letter, Queen Mary told King Henry that having passed nearly twenty years in the captivity of Queen Elizabeth she had at last been condemned to death and had been ordered to be executed as a criminal at eight o'clock the following morning. She commended her son to Henry's care. She signed the letter "at two hours after midnight. Your most loving and very good sister."

WOULD GIVE \$5 A BOTTLE

A RAILWAY SUPERINTENDENT SAYS TANLAC HELPED HIM TO HOLD HIS JOB

"I would give five dollars a bottle for Tanlac before I would be without it," said Joe Owens, division superintendent of the Memphis Street Railway, whose address is Box 131, Memphis Tenn.

"I was getting in mighty bad shape with stomach trouble," he continued, "and was all broken down and tired out. I was so nervous and had such awful headaches that I could hardly sleep or rest; I could eat but little of anything, for nothing agreed with me; I was simply down and out and don't believe I could have kept my job much longer if I hadn't got hold of Tanlac.

"Since starting on Tanlac I have gained five pounds, I eat and sleep just fine and it has strengthened me up and made me feel so much better every way that I can't say enough in its praise."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorell by the James Merc. Co.—Adv.

HERE FROM LORELLA.

Mr. and Mrs. W. D. Campbell came in yesterday from Lorella. Mr. Campbell returned immediately but Mrs. Campbell will remain until Saturday.

NOVEL PLANS ARE MADE FOR SEA FLIGHTS

WASHINGTON, April 10.—Flame and smoke flares developed during the war and improved recently by chemical experts of the army will be factors in the transatlantic flight to be undertaken next month by naval seaplanes. By dropping these flares at intervals, the aviators will be able to determine the drifting of their planes in the cross winds and make the corrections necessary to keep them on their course.

Commander J. W. Towers, in charge of preparations for the flight, explained today that the flares would be in the shape of bombs, which, upon striking the water, would give off flame and smoke, the one visible for long distances at night and the other by day. The flares would remain very stationary on the water and thereby indicate the angle at which the machines were being driven from a straight line.

This is only one of the many details which officers in charge of the plans for the flight have had to work out. Special devices have been neces-

sary in each case and this in a measure accounts for the length of time consumed in making ready for the start.

Numerous experiments with the planes themselves also have been necessary. None of three of the NC type thus far completed is ready for the start of the over-seas voyage, and officers said today that consequently they had not even undertaken to select a tentative date for leaving Rockaway Beach, Long Island, on the 1200-mile flight to the "jumping off" place in Newfoundland. At least one stop will be made between these two points.

The destroyer Barney, which is cruising along the north Atlantic coast to select possible landing places for the machines, as well as a suitable starting point for the over-seas voyage is enroute to Newfoundland from Halifax. On the first attempt to reach the former place the vessel was held up by ice floes and at the navy department today no information had been received as to the success of the second attempt.

An Innocent Good Time

A colonel who was a stern disciplinarian gathered his officers about him and issued orders for the regiment's forthcoming train journey to the coast.

"I don't object to an innocent good time on the men's part during this journey," he said, "but you will see to it that there's no swearing, no skylarking, no card-playing, and as little cigarette-smoking as possible."

"Pardon me, colonel," said a timid voice, "but would you object if I took along a little plain sewing to occupy my company and myself?"—Tit-Bits.

Let us help you Clean House

A thorough renovating at this season will insure a clean, healthy home.

We'll do our part by furnishing just what is best and at prices that are fair.

Borax, Sponges, Chamois, Ammonia, Sal Soda, Floor Wax, Paint, Wall Paper, Cleaner, Furniture Polish, Disinfectants, Germicides, Bug Exterminators, Rubber Gloves, Etc.

Check off such items as you need and bring the list to us.

NEW PRINEVILLE RAILROAD STARTS

PORTLAND, April 11.—The city of Prineville railway, connecting Prineville Junction on the Deschutes branch of the OAV system inaugurated a passenger service yesterday connecting with all the main line trains.

The City of Prineville railway is 19 miles in length and touches O'Neill, Wilton and Prineville.

Specifications

"But, Mabel, on what grounds does your father object to my going?"
"On any grounds within a mile of our house."—Houston Post.

It would seem, from reading of the revolutions and assassinations in Germany, that in setting up their republic the Germans had selected the Mexican republic as a model. Houston Post.

IT'S HERE AT LAST

Buy your gasoline where you can SEE it measured. We have the only visible GASOLINE Dispenser in the city.

It's your own fault if you don't get full measure.

It's something new; come and see it.

We have free air for your tires; always plenty of it.

In terminating my business with the residents of this community, I wish at this time to express my gratification at the patronage tendered me in my seven years of business in Klamath Falls. I have endeavored to treat my huge list of customers in a manner which would bring about continued patronage and friendship, and the business which I now turn over to my successors is an evidence of the degree I have succeeded in this policy. I bespeak for the new management of the Ford Garage the same patronage that I have enjoyed.

GEORGE BIEHN.

A Good Tire Year

You have doubtless noticed the growing preponderance of United States Tires.

Every one is asking for tires of known value and proved dependability.

And that is precisely what United States Tires represent in the minds of motorists here and everywhere.

The idea back of United States Tires—to build good tires—the best tires that can be built, is appealing to rapidly growing numbers.

We can provide you with United States Tires to meet—and meet exactly—your individual needs.

United States Tires are Good Tires

We know United States Tires are good tires. That's why we sell them.
