ATROCITIES OF BOLSHEVIKISTS ARE DETAILED

LONDON. (Correspondence of the Associated Press.)—Reports of Bolshevik atrocities in the Perm district which have dealt largely in generalities now have been supplemented by statements of results of an investigation by Siberian authorities which British officials regard as authentic. They deal with 123 specific cases of death and torture and the examination of 52 bodies of persons alleged to have been killed by Bolsheviks. One of the worst cases described is that of a girl of nineteen years who was charged in December, 1918, with espionage. She was tortured by being pierced thirteen times in the same wound with a bayonet. She lived, however, and has made an affidavit to these details.

One group of twenty-two were killed at Irbit by Letts and afterwards the Bolshevik continued to take ransom money from relatives of the victims from whom the crime was concealed, it is asserted.

At Ekaterinburg eighteen persons were shot at the sewerage dump on January 29, last, despite protests of consuls there, says the Siberian report. The consuls were told that the victims met death in revenge for the killing of one Malisheff who lost his life in a battle with Czechs.

Of 300 priests in the Perm diocese, the report says, 46 have been killed. Two monasteries were pillaged.

Examination of the 52 bodies, the authorities say, shows a preponderance of bayonet wounds in the back but in other instances mouths were slit, fingers and hands cut off and the heads of the victims smashed.

COLD PATRIOTS

Under the stress of a patriotic impulse thousands of us purchased Liberty Bonds. We pledged ourselves at that time to support to the fullest our government. Now is the time when we are to be called upon to show that we were sincere in our promise. One way in which we can prove this sincerity is by holding on to the Liberty Bonds we bought last year so as to make it easier to sell the Victory Loan this spring.

In the three weeks following April 21 the government will offer to the people \$5,000,000,000 in short term bonds which is to be known as the Victory Loan. If the government bonds now outstanding are held close to par it will be easy to dispose of the new issue. If millions of dollars of the old issues are thoughtlessly dumped on the market it will be a harder task to sell the Victory Loan.

By holding the bonds you now have you will not only be doing a patriotic duty but retaining a sound investment for yourself. The investment you now hold involves no hazard. Any bank will accept government bonds as collateral if money is desired. Any investment house will in an hour's time change your bond into money if the circumstances require.

Be ready for the Victory Liberty Loan. Buy the bonds and keep them. Saving means thrift. Thrift means success.

Gain may be temporary and uncertain, but expense is constant and certain.

Remember, that money is of the prolific, generating nature.

All things are cheap to the saving, dear to the wasteful.

REOPEN PRIVILEGE FOR CONVERSION OF LIBERTY BONDS

Indefinite Extension of Time Granted by Secretary Glass on Earlier Loans.

The privilege of converting Liberty Loan bonds of the first and second issues into bonds of the later issues bearing a higher rate of interest which expired November 9, 1918, has been reopened by the secretary of the treasury for an indefinite period, which may be ended at such date as may be fixed by the secretary on six months' public notice. This conversion privilege applies to 4 per cent bonds of the first and second issues into 4 1/4 per cent bonds.

The conversion may be made by surrendering the bonds now held to the Federal Reserve Bank at San Francisco, accompanied by a "request for conversion," on an application blank which will be mailed from the Federal Reserve Bank.

12 WAR TANKS TO ADVERTISE VICTORY LOAN

Each Pacific Coast State to Get at Least One Tank to Aid Fifth Drive

Twelve tanks which have been assigned to the Twelfth Federal Reserve District for use during the Victory Liberty Loan drive opening April 21 have been assigned to the seven states in the district so that each state in the district will get at least one of the tanks to display during the campaign. The tanks have been assigned as follows: Two to Washington, one to Oregon, one to Idaho, one to Utah, one to Nevada, two to Northern California and two to Southern California and Arizona. The remaining two tanks are to be carried on special trophy trains which will tour the district.

Tanks in Sham Battle. Veterans of the American Expeditionary Forces who have seen actual service in France will be the drivers of the tanks during the campaign. Before being distributed throughout the district for the opening of the campaign the tanks will parade in San Francisco and give a sham battle.

All of the tanks are being shipped from the East direct to San Francisco. They are due to arrive there about April 6 when they will be taken to a four acre tract near the Southern Pacific freight yards and assembled by the men who are to drive them. Each of the tanks will be armed with a Marlin machine gun or 37 M.M. smoke bombs with special pistols and lights.

Display of War Relics. In addition to the tanks the special trophy trains will carry a complete display of relics which have been gathered on the battlefields of France and which have been shipped back to this country since the signing of the armistice. Accompanying each of the trains will be an American war hero who will speak for the Victory Loan. One of the trains will tour the Northwest and the other will travel through California and the Southwest.
