

PERSONAL MENTION

LITTLE HIGHLIGHTS ON LOCAL HAPPENINGS AMONG THE PEOPLE OF THIS CITY AND VICINITY GOINGS AND COMINGS OF LOCAL FOLKS

E. A. McCulley is a recent arrival in Klamath Falls from Weed.

Con O'Connell is registered at the Hotel Hall from Horsefly Valley.

Mrs. Joel T. Ward is in the city for a short time, visiting friends.

Mrs. Jackson Kimball left today for Chico, Calif. for a short visit.

C. K. Nelson is here for a short time on matters of business from Seattle.

W. E. Hammond and R. Aubrey are county seat visitors from the Merrill district.

J. B. Mitchell and J. S. Rose are in the county seat for a short business visit from the Bly section.

Mr. and Mrs. A. R. Tenbrook and Mrs. Sken are registered at the Hotel Hall from Chiloquin.

G. D. Hoffman and J. O. Ferris were incoming passengers on the train last night from Medford.

C. E. Wicks is a recent arrival in this city from Albany. He is a guest at the White Pelican hotel.

Mrs. Elda Burns left this morning for Portland, and expects to go on from there to Canadian points.

Fred Zumbum, A. V. Tindell and L. W. Copeland are county seat visitors from the Wood River Valley.

M. David was among the county seat week end visitors from the reservation. He resides at Modoc Point.

V. M. Tomlinson of Portland was among the train arrivals last night. He is registered at the White Pelican.

James Straw, who operates a cattle ranch on the west side of Upper Klamath Lake, is in town for a few days.

Mrs. Annie Rush, who has been here for a short visit with relatives from Ashland, returned to her home this morning.

Joe Wilson is in the county seat for a short time from the Klamath Agency. He is a guest at the White Pelican hotel.

Mrs. E. A. McCullom left on the train this morning for her home in the Worden district, after a short visit in this city.

Principal Fred Peterson of the Merrill High School was in the county seat Saturday afternoon, looking after business interests.

R. P. Hass was among the county seat week end visitors from the outside districts. He is registered at the Hotel Hall from the Agency.

S. C. Hamaker, who operates a saw mill in Langell Valley, is a Klamath Falls business visitor for a few days. He is stopping at the Hotel Hall.

Mrs. Charles Drew and little son left on the train this morning for Macdoel, Calif., where they will visit Mrs. Drew's parents, Mr. and Mrs. William Keen.

Mrs. E. B. Hall and Mrs. L. M. Martin of the Hotel Hall came in Saturday night from San Francisco, where they have been for the past two weeks on a vacation visit. They report the best kind of a time and say that

things are surely booming around the bay cities.

D. L. Jamison of the biological service, who has been here for the past few days, working with County Agriculturist Agent E. H. Thomas, for the extermination of the squirrels in Klamath County, left on the train this morning for Baker, where he expects to continue this work. Mr. Jamison is very well pleased with the results obtained in this county and the way the farmers are now taking hold of the work. A united effort on their part at this time will put an end to a pest that now threatens to become a very serious menace.

STATE CHAMBER IS BEHIND SIX OREGON BILLS

PORTLAND, April 14.—Six reconstruction measures to be submitted to the voters at the state election, June 3, have been approved by the board of directors of the Portland Chamber of Commerce. Members of the chamber will be urged to support these measures. The board of directors took action on recommendation of a special committee consisting of F. C. Knapp, C. A. Bell, Edward Ehrman, R. H. Strong and Paul Murphy, which had investigated the measures and the benefits Oregon will receive thru their adoption by the voters.

Most important of the measures is the one providing for the issuance of \$5,000,000 reconstruction bonds for the construction of added facilities in state institutions, reclamation and land settlement. The bill guaranteeing interest for five years on bonds issued for irrigation and drainage projects, by the state; another authorizing the state compensation board to utilize funds in its possession in constructing an industrial and reconstruction hospital in Portland; fourth to permit counties to contract bonded indebtedness not exceeding 6 per cent of the assessed valuation for permanent road construction and a fifth providing for the construction of market roads, all were approved.

A sixth measure, known as the bill for the construction of the Roosevelt highway was heartily endorsed. Congressman C. N. McArthur held a conference with the board relative to matters now pending before congress which will affect Oregon. He pledged himself to do everything within his power to obtain appropriations for a naval base for the Columbia, irrigation and reclamation and land settlement projects.

SEAS CLEARED OF MINES.

LONDON, April 14.—The seas are being cleared of mines at the rate of about 100 a day, according to the British Admiralty. Operations are chiefly confined to the North Sea where great minefields were laid during the war and which will be a menace to navigation until they are removed. If a sufficient force can be obtained to carry on the work, fishing grounds and trade routes, it is officially expected, will be cleared by the early autumn.

AIR POLICEMAN IN CALIFORNIA NAMED

VENICE, Cal., April 14.—A proposal made more in jest than in earnest resulted in giving Otto Myerhoffer the distinction of being among the first few aerial police officers in the United States.

City Trustee Edward A. Genoty at a recent meeting of the board proposed that the office of aerial police be created, more as a joke than anything else. When his fellow members on the Board of Trustees considered the help which an aerial policeman could give in settling disputes of fishermen off shore and apprehending speeding motorists, the proposal lost its comic aspect and the position was created by unanimous vote.

Myerhoffer will wear the regulation uniform of the Venice Police Department and will be given a regular shift in which to work. He will be paid for the time actually devoted to city work at a rate to be recommended by the police commission.

AIRPLANES MAY BE USED TO FIGHT FIRE

SPOKANE, Wash., April 14.—To fight forest fires with hydro-airplanes and wireless telegraph instruments is the plan of a prominent lumberman of this part of Washington and Idaho. Hydro-airplanes will be used to patrol Lake Pen d'Oreille, Lake Coeur d'Alene and other large bodies of water in the heavy timber districts. The plan also contemplates wireless telegraph stations at strategic points in Washington, Idaho and Montana so that reports of forest fires may be made quickly. Ten wireless telephones already have been purchased and will be in operation soon.

NO RELIEF IN CLOTHING COSTS

CHICAGO, April 14.—No decrease in the prices of medium and better grade clothing and possibly a moderate reduction in lower grade goods containing reworked wool (shoddy) and cotton are the prospects for the fall and winter of 1919.

This statement was given out officially here as representing the opinion of members of the National Association of Clothing of Retail Clothiers and the National Association of Clothing Manufacturers.

RATE REDUCTION IN ROAD MATERIALS.

WASHINGTON, April 14.—A reduction of 10 cents per ton in the freight rates on sand, gravel, crushed stone and other road building materials, when consigned to states, counties or municipalities has been announced by Railways Director Hise. The order provides for a minimum of 40 cents per net ton, except in cases where the regular commercial rates are less than that amount, in which instances the regular rates will obtain.

All general deficiency bills in future should contain salaries of senators.—Wall Street Journal.

M'NARY HOLDS HIGH POSITION ON LAND BODY

WASHINGTON, April 14.—In the public lands committee of the next senate, where soldier settlement legislation, waterpower bills, oil and coal leasing measures, bills dealing with the national parks, and public land legislation generally will be considered, Senator McNary will hold a prominent place, due to the retirement of some of the Republican members and the shifting of the majority to the Republican side.

In the last congress he ranked as the sixth Republican member. Smoot of Utah, Fall of New Mexico, Norris of Nebraska, Sterling of South Dakota and Kellogg of Minnesota standing ahead of him. It is understood that Norris and Kellogg, at least, will drop out, and McNary will rank lower than fourth out of a membership of 17.

Senator Chamberlain is also a member of this committee, standing fifth on the Democratic side, a fact which has been of material benefit to Oregon, particularly during the Oregon and California land grant legislation fight.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You justampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

Appropriate Easter Presents

One sees at Upp's many articles appropriate for Easter presents. A bar pin, brooch or other piece of jewelry in the latest fashion, will help set off new spring costumes.

A bud holder, vase or basket will give Easter flowers a beautiful setting. Upp's quality is always complimentary. It makes the gift more welcome.

Bar Pins—\$1.00 to \$3.50
Brooches—\$1.00 to \$25.00
Pearl Necklaces—\$7.50 to \$35.00
Cut Glass Vases—\$3.50 to \$16.50
