VICTORY LOAN QUOTA GIVEN

THREE HUNDRED AND THIRTY-EIGHT THOUSAND DOLLARS IS MARK SET FOR KLAMATH—IS LESS THAN FOURTH LOAN

The quota for Klamath County for the Victory Liberty Loan is \$338,000, according to information received by County Chairman A. B. Epperson here this afternoon. This is a substantial decrease from the Fourth Loan, which was \$485,000, and an increase over the Third Loan, which was \$231,000.

The quota for the state of Oregon has been set at \$26,798,400.

HINES ON WESTERN TOUR

WASHINGTON, D. C., April 14.—Director General Hines leaves tonight for an inspection tour of the Pacific Coast during the next two weeks.

RELEASE FROM LEAGUE FIXED

(Continued from page 1)

International conditions which do not accord with present needs, and to be bound by no obligations inconsistent with the covenant.

"A state which breaks its agreements may be expelled from the league by the council.

"4.—The covenant does not affect the validity of international engagements, such as treaties of arbitration or regional understandings like the Monroe doctrine, for securing the maintenance of peace.

"5.—The former German colonies and the territories of the Ottoman empire are to be administered in the interests of civilization by states which are willing to be mandatories of the league, which will exercise a general supervision.

"6.—The member states accept certain responsibilities with regard to labor conditions, the treatment of natives, the white slave traffic, the opium traffic, the arms traffic with uncivilized and semi-civilized countries, transit and trade conditions, public health and Red Cross societies.

"7.—The league is recognized as the central body interested in co-ordinating and assisting international activities generally.

"8.—Amendments to the covenant require the approval of all the states on the council, and a simple majority of those in the assembly. States which signify their dissent from amendments thus approved are not bound by them, but, in this case, cease to be members of the league."

PARIS, April 14.—The league of nations commission has rejected the Japanese amendment on racial equality, according to an authoritative statement issued. Some of the members of the commission voted against the specific inclusion of this amendment in the covenant, and, as unanimous approval of the commission was necessary, the amendment, which was strongly urged by the Japanese delegates, failed of adoption.

NEW HEAD FOR KLAMATH HIGH

MAN COMES FROM IONE, OREGON TO TAKE PLACE VACATED BY C. R. BOWMAN. VACANCIES NOW ALL FILLED

J. P. Wells is the name of the new principal of the Klamath County High School who was named at a meeting of the High School Board here Saturday afternoon to take the place of Principal C. R. Bowman.

The new principal comes here from Ione, Oregon where he has held a similar position. He is a former resident of Jackson county.

Principal Bowman, the present incumbent who has been here for the past three years, has resigned his position to enter the mercantile field in Klamath County, having with his brother, purchased the Chilcoquit Mercantile Company at Chilcoquit.

With the appointments made at the previous meeting, there are no further vacancies to be filled in the High School faculty so far as is known at the present time.

BONELESS BEEF SAVES U. S. ARMY \$73,000 DAILY

War Department Cuts Expenses on Meat Shipments for the A. E. F.

Thousands of tons of boneless beef was shipped to the American Expeditionary Forces in order to cut the cost of transportation and save valuable freight space. This is only one of scores of ways in which the government eliminated unnecessary expense in the endeavor to make every dollar raised through the four popular Liberty Loans go as far as possible.

By shipping all meat for the overseas troops with the bones cut out at the packing houses in America it has been estimated that a saving of \$73,000 daily was made. The suggestion to ship the meat in this economical manner was made by an army man after he watched thousands of tons go forward by the old method. A carcass of beef contains twenty-five pounds of bone to every hundred pounds of meat and requires twice the shipping space.

It is with such unanswerable arguments as these that the government is replying to the charges that money was carelessly spent during the war making necessary the calling of the Victory Loan.

VICTORY DRIVE MEDALS

Medals made from captured German cannon will be awarded by the Treasury Department to volunteer workers who take part in the Victory Liberty Loan drive for \$5,000,000,000 which will start April 21.

Inscribed on the face of the medal will be the name of the worker and the service for which the medal was awarded.

MOVE TO LEASE FEDERAL LANDS

STOCKMEN OF WEST TO MEET AT SALT LAKE TO WORK FOR FEDERAL CONTROL OF UNAPPROPRIATED LANDS

SALT LAKE CITY, April 14.—Livestock men from all parts of the West are to meet in Salt Lake City July 21 next to launch a formal campaign to bring about national legislation for federal control for unappropriated public domains in the Western states, according to word received here from Charles P. Mullen, president of the Arizona Cattle Growers' association.

The plan is to work for a leasing proposition which will enable stockmen to lease the public domains, which they have been using for grazing purposes, and to prevent overstocking of the ranges with resultant destruction of food and losses of stock.

MANY OREGON SLACKERS UP FOR HEARING

PORTLAND, April 14.—Facing a maximum penalty of one year's imprisonment in a federal penitentiary, followed by induction into the army for an indefinite length term, 459 Oregon men are under investigation by department of justice operatives for alleged violations of sections of the selective service act. According to Charles Reames, assistant United States attorney, a large proportion of these men will be tried soon.

The records of the 750 Oregon registrants, reported to the office of adjutant general as deserters or delinquents, have been carefully gone over by Reames, who concluded that 300 of the violations were committed without wilful intent to defeat the purpose of the conscription act.

The complete data on the remaining 450 cases was put in the hands of William Byron, special agent in charge of the department of justice here, shortly after March 31st, when the draft boards went out of exist-

ence. The violations include failure to return questionnaire, failure to report for medical examination, failure to report at entraining points for service and a dozen or so other infractions of the law.

"It is possible that some of these men will not only serve terms in the federal penitentiary, but will also be inducted into the army at the end of their jail sentence," said Mr. Reames. "The length of their service in the army would be determined in the individual cases by the war department."

As rapidly as investigations are completed, if the case warrants it, informations will be filed and the registrant arrested.

LIBERTY BOND INTEREST DUE

Tomorrow interest will be payable on fourth Liberty 4 1/4 per cent bonds for the current half year. More than \$38,360,000 of the bonds were taken by Oregon individuals and institutions, making the total interest payment by the government about \$863,000 in this state April 15 if all bonds sold by subscribers remain here. However, a quantity of the bonds have gone to fill Eastern purchasing orders.

The world will be full of a number of drinks. No matter what William H. Anderson thinks. —Brooklyn Eagle.

WHEN WOOD Seems to Live and Breathe

The effect is almost uncanny. It reminds one of "The Unknown Purple," one of the season's hits in New York. In the play, the hero, who has discovered how to become invisible at will, vanishes into thin air while in full view of the audience. And still his voice can be heard issuing from a purple ray.

That is how the New Edison impresses people. They feel that the artist must be there in the flesh, concealed somewhere in the room. With such complete fidelity is the singer's voice or instrumental interpretation RE-CREATED by

THE NEW EDISON

"The Phonograph With a Soul"

As a matter of fact it is utterly impossible to distinguish the voice of the living artist from this marvelous instrument's RE-CREATION of it. More than 2,000 tone tests in which the artist sang in direct comparison with the instrument have proved this assertion. More than 2,000,000 people have attended these tests, and not one has been able to state when it was the singer he heard and when the RE-CREATION.

Call at our store the next time you're in the vicinity, and prove to yourself that the claims you've heard made for the New Edison are not too strong.

Insist Upon Fresh Infant Foods

A healthy baby is usually fat and chubby because his food agrees with him.

If you have trouble in finding a food that agrees with your baby, try some of the brands which we carry. We handle all of the good ones which you see advertised in the magazines. These foods come to us at frequent intervals—so we can always guarantee their freshness.

This is an important point to consider for even a normally healthy baby is apt to get sick if given stale food.
