At the Theaters

J. Frank Glendon, starred with Hedda Nova in "By the World Forgot," the Vitagraph Blue Ribbon Feature, which will be the attraction at the Temple Theatre tonight is one of the most popular of the younger stars in photoplay and a splendid type of American manhood, standing more than six feet and a splendid all-round athlete. He was born and raised on a ranch in Montana and his daring riding was one of the features in the Vitagraph serial, "The Woman in the Web," in which Miss Nova played opposite him.

On Wednesday Louise Glaum will be seen on the screen of the Liberty Theatre in her latest Paralta Play, "Wedlock," an original story written for her by the well-known photoplay writer, Denison Clift. The formidable ability of Miss Glaum to convey in pantomime the every emotion of woman-kind has already established her as the stellar actress of the silent drama. In many of her former achievements she was handicapped by her role being of such a nature as to create a distaste in the minds of her audience, but in "Wedlock," this gifted star portrays a character which holds the sympathy of the audience throughout the entire action of the play.

Pauline Frederick will be seen at the Star Theatre tonight in "Her Final Reckoning," her new photoplay based upon the famous French play "Prigee Zillah," written by Jules Claretie, the famous French dramatist. She portrays two roles in this picture, one being that of Marsa, a Russian gypsy girl, the other, her mother, of the same name. There are many thrilling scenes in the picture, notably one in which Marsa's Russian wolfhounds attack a rascally nobleman and nearly mangle him to death. Marsa is loved by Prince Zillah, who learns of a dark secret in his fiancée's life, but who, nevertheless, takes her to his heart after she has voluntarily confessed her guilt, for which she is morally irresponsible. The production is an excellent one and the supporting players are exceptionally artistic.

METHODISTS FIRST.

Along with the many improvements of the town of Klamath Falls the Methodist church is being treated to a coat of paint inside and out. The work is progressing well and in a few days the church on the hill at the corner of Tenth and High streets will add beauty to that part of town. The church inside and out is beginning to look like a new structure. One of the things that lend beauty to any town is neat, clean churches. Klamath Falls can not afford to be behind in this respect. In many ways she is the best town in the southern part of the State of Oregon, and she must come up to the requirements of the best.

CONGREGATION LOSES NO TIME IN OBEYING.

MARION, Ill., April 22.—Peace and quiet reigned in the Rev. A. K. Howe's church in Reno, Ill. The congregation had listened attentively to the invocation, the chapter, the anthem, the long prayer. It had participated in the singing of a hymn and contributed to the collection. Then, just as the pastor announced his text, "Arise, let us go hence," fire broke out in the sacred edifice. The entire congregation made haste to obey the injunction.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—Adv.

SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 59 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to

bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
