

**Holds Record for Length of War Service as Nurse**

Miss Kathleen R. Harris of Summit, N. J., holds the record for length of war service among American nurses. She left New York in July 1914, 75 days before she disembarked at Liverpool when war was declared. Within several months she was in France with the British army and has been in active service ever since. She joined the American Red Cross forces in April 1916 and is now returning for a well-earned rest.

**OLDEST WOMAN VOTER RESIDES IN WYOMING**

LARAMIE, Wyo., April 22.—This city not only claims the oldest woman voter in the United States, but she lays claim to having had the first woman voter and first woman court bailiff.

Mrs. Nancy Wilhelmina Brown, recently made "mother of the convention" of the National American Woman's Suffrage association at St. Louis, is the wife of Judge Melville C. Brown of Laramie county's police court. She is the oldest voter in the association.

Mrs. Brown was not old enough to vote when woman suffrage in Wyoming became a fact but she began visiting the voting booths in 1874 and has been voting at every election since.

"Grandma" Swain of Laramie was the first woman voter in the United States as far as the records show. She cast her vote while on her way to market to buy groceries. Mrs. Nathan Stark, now of Fort Morgan, Colo., reached the polls in Cheyenne shortly after "Grandma" Swain had voted.

**MORALE AMONG GERMAN TROOPS IS VERY LOW**

COBLENZ, April 22.—Information from unoccupied German territory reaching American intelligence officers of the Army of Occupation is to the effect that the morale of old German regiments now in their depots in various parts of Germany is exceedingly low. Almost every newspaper from the smaller towns on the other side of the bridgehead where troops are paraded report one or more cases of robbery of the battalion funds and theft of army horses or other evidences of dishonesty. Reports indicate that the thefts are by soldiers themselves due to the low morale among the troops. Several cases of stealing by temporary commissioned officers have also been reported.

At a recent meeting of the Soldier's Council of the Fourth German corps at Magdeburg it was charged that a corps fund of 58,000 marks, originally paid in commissions from civilians to whom the corps farmed out Belgian civilians, had decreased to 25,000 marks and that the difference had gone to staff officers, under guise of re-imbursment for expenses.

**EUGENE ASKED FOR AIR MAIL STATION**

EUGENE, Or., April 21.—Eugene is expected to be in readiness for visiting airplanes when air mail routes are established on the Pacific coast. W. P. Gilstrap, manager of the Chamber of Commerce, has been asked by F. M. Crowe, corresponding secretary of the Aero club of the northwest, to find an available site for landing. Mr. Gilstrap has appointed Mahlon Sweet, chairman of a committee to make the selection.

"It appears that the northwest will have an aerial mail service in 1920, and as Eugene will be an important stop, you should be greatly interested in this matter," says Mr. Crowe in his letter.

AMERICUS, Ga., April 21.—A record for transcontinental airplane travel is claimed by aviation officials of Sothefield here for Major T. J. MacAuley of Fort Worth, Tex., who flew to Jacksonville, Florida, on the last leg of a cross-country tour from San Diego, Cal. Major MacAuley left here early, arriving at Jacksonville at 8:40 o'clock and returned here at 11. He left soon for Fort Worth.

According to Southern field officials Major MacAuley traveled from San Diego, Cal., to Jacksonville in 19 hours' flying time, an average of 137

miles an hour. He made four stops—at Tucson, Sweetwater, Fort Worth and Americus.

Cincinnati man tells how to lift off any corn without hurting one bit

You reckless men and women who are pestered with corns, and who have at least once a week invited an awful death from lockjaw or blood poison, are now told by a Cincinnati authority to use a drug called freeze-zone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky substance which dries the moment it is applied, and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freeze-zone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting a corn is a suicidal habit.—Ad
