

KLAMATH FALLS READY FOR BIG CITY CLEAN UP

Stores All Closed Tomorrow
Morning.

LEADERS ARE NAMED

Commendable Move Launched by Mayor and Health Officer Will Be Started Here Tomorrow Morning With a Bang—Chief of Police Is Commander in Chief.

(By A. A. Soule)
In accordance with the mayor's proclamation for clean-up day in which he requests all rubbish, ashes, cans, dirt, etc. to be put in old boxes or other convenient for the city garbage man to collect, I hereby appoint the following Captains and Lieutenants to be on hand to suggest and assist in the work, of Thursday forenoon.

It is a matter of civic pride to serve as appointed but if a captain or lieutenant is unable to take the hood and rake and take care of no-man's land in his district, then he should appoint some one at once to take his place.

We are all dependent on each other, and every householder and citizen has a right to expect that the town shall be clean. Don't be selfish. Go over the fence into no-man's land—clean up the street nooks and fill the vacant lots and eye sores.

PIONEER WOMAN PASSES BEYOND

Noble Character Who Has Much to Do With Building of This County is Summoned Yesterday Morning

Mrs. Elizabeth Ryan Galarneau died at the home of her daughter, Mrs. Elizabeth Herlihy, Naylor, yesterday afternoon. In the death of Mrs. Galarneau, Klamath county loses another of its pioneer women—those unobscured characters who helped to lay the foundation on which today is being erected that enduring structure that for all time shall stand as a monument to the memory and worthy glory of the pioneer woman who endured the hardships of the early days. Throughout the county many are the eyes that will be dimmed with tears, when the memory of the death of this grand old woman is heard by many who can look back into the distant past and recall the many works of love and mercy performed by Mrs. Galarneau.

The deceased was born in Kilsenny, Ireland, August 10, 1843. When a mere child she emigrated with her parents to Wakefield, Canada, where on August 5, 1863, she was married to C. F. Galarneau. Later they moved to Indiana and then came west to locate on a homestead in Clatsop county, reaching here in May 1876. Mr. Galarneau died a few years ago.

Twelve children blessed the home of Mr. and Mrs. Galarneau of whom seven survive her. They are Mrs. M. Matt, Mrs. W. E. Folsom, Mrs. John Matney, and Mrs. Stephen Herlihy, all of this county; H. P. Galarneau of Sacramento, Mrs. Agnes Retchson, and M. P. Galarneau. There are thirty grand children and four great grandchildren.

The funeral services will be held at the Sacred Heart Church tomorrow morning at 11 o'clock. Interment in the local cemetery.

BOX PLANT TO BE IMPROVED

Big Lakes Shuts Down for Three Weeks While Extended Improvements Are Installed—Output Increased.

To make extensive improvements in the plant which will call for an increase of 25 per cent larger force and materially increase the output of the factory, the Bix Lakes Box company of this city closed down last night for a three weeks period.

A new sawdust burner is one of the new improvements which is now being put in at an approximate cost of \$10,000. The plant which has heretofore been operated by steam power, will be electrified thruout and the old engine dismantled. A new cutoff will be installed, making the plant a four cutoff concern and new transfer chains will be added. A new building is to go up in place of the old engine room.

This enterprise which was launched here during the summer of 1917, has a steadily increasing business and the proprietors are looking forward to a prosperous season. The 60 men heretofore employed will now be increased to about 80.

NEW STATESMAN ARRIVES TODAY

Young Man Who is Expected to Build Hard Surface Highway on Every County Road Puts in Appearance.

A new statesman, George Hartzell Baldwin arrived in Klamath Falls this morning and his opening speech at the Klamath General Hospital is being given grave consideration by those who heard his remarks. He clearly outlined his campaign in this section, which promises to be a busy one during his extended stay in this city. It is generally understood that his "road" here will be made on the road which were put in thru the efforts of his grandfather, Senator George T. Baldwin. It is also reported that Baldwin will "support" the new candidate, who is at present taking up matters of great importance with Mrs. Will Baldwin, Jr., E. H. Johnson, who was present when the young man arrived, gives his welcome as a special honor. This is the first child of Mr. and Mrs. Baldwin and the only grandchild of Mr. and Mrs. George T. Baldwin and his arrival is the occasion of great rejoicing.

BIG LINK FISH GOES 'MANNING'

Big Sportsman Fish in Link River Secures Prize Specimen From Chicago After Hard Tussle.

If you happen to drop into one of the cafes in the city tonight and see a real jolly party of good fellows sitting around a table enjoying a fish dinner—with rainbow trout as the pièce de résistance—you will know it is the end of a perfect day for all except one. He will be the chap with a Link river sucker on his plate.

His name is Johnston—O. D. Johnson. He comes from Chicago—just blew in. With him came one of those great, big, unimpeachable fish stories those chaps sometimes tell. He told one to the boys out at the office of the Pelican Bay Lumber company, for, you know, Johnston represents this big concern in the Chicago territory. When he got thru, the boys just laughed at him and said something about his fish being minnows. They told him about Link river, and told him to go there if he wanted some real fishing, but to be careful, very careful.

Mr. Johnston just laughed, but if you see him tonight he won't be laughing. He went to Link river, but he was not careful. With all the nonchalance of those eastern fishermen he cast his fly, and—then it happened!

One of those old grandfather boys grabbed the hook, gave it one of those well-known half-Nelson twists—and Mr. Johnston was in the water. The old man dropped the hook and took charge of things and when Mr. Johnston reached the shore he was minus his boots and hat, they were being used in a football game by the young fry in the middle of the stream. His coat was torn and his pants ripped, and as he stepped on dry land he heard the merry ha! ha! of the old grandfather fish, as he invited him to present his compliments to those minnows in Lake Michigan.

Realizing he was stung, Johnston tried to cover up his rashness by trying to negotiate for some fish with one of the young lads in town, but they were wise and just smiled. So barefooted and torn he returned to his friends. He is the chap with the sucker. He is paying for the dinner.

DEADLOCK OVER FIUME PROBLEM IN CONFERENCE

President Wilson Defends His Position. ITALIANS MAY LEAVE. Wilson Claims Protection Promised Italy Is No Longer Necessary, as Austria Has Disappeared—Compromise Is Suggested—Bolsheviks Being Defeated.

CITY TOTAL IS GOING UP FAST

A total of \$70,000 has been turned in by the city workers in the big Victory Loan Drive before noon today and it is confidently expected by the leaders of the campaign that this amount will be increased to \$80,000 before night.

VICTORY LOAN SUBSCRIPTIONS HERE WILL BE EIGHTY THOUSAND TONIGHT. OUTSIDE REPORTS NOT IN

This amount has been raised entirely within the city precincts and when the outside reports commence to come in, in the course of a day or two, the figures will go up very rapidly and it is expected that a fine report can be made for the entire district. Very few refusals are encountered by the workers in their canvass of the city and they report that they have found solicitation in this great cause, very congenial.

Reports of subscriptions from the Oregon Life Insurance Company for \$1,000, the Wood Curtis Company and Sam L. Thompson of Point Richmond, California for \$500 are reported from outside points for credit in Klamath County.

Some suggest that the Italians may listen to a compromise giving up the claims to the Dalmatian Hinterland if given Fiume, the Dalmatian Coast and the Coastal Watershed.

It is now apparent that the Soviet Government in Hungary has crumbled, but the situation is still very obscure. The report of the new Soviet government in Turkey is doubtful in London circles as there has been no confirmation of the early reports.

The Russian Bolsheviks have been defeated by the Polish troops at Vilna.

PARIS, April 23.—The Italian delegation has reasserted its determination to stick firm on the Fiume question and has indicated that it will not return to the Conference until the Council has changed its position.

Premier Orlando has threatened to return to Italy today and Lloyd George of England is trying to persuade him to wait.

PARIS, April 23.—The Allied governments have informed Germany that they would meet the German delegates at Versailles on April 28th.

PARIS, April 23.—In a statement issued today by President Wilson explaining his position, he declares that Fiume cannot become part of Italy. He points out that every condition concerning the Adriatic settlement has been changed since Italy entered the war upon the promises of the past of London, as the Austro-Hungarian Empire has disappeared. He indicates that new states have been created for which Fiume is the natural outlet to the sea.

Mr. Wilson contends that the strategic necessity, pledged in behalf of Italy's claim to the Dalmatian Islands no longer prevails as the Austrian menace has ceased to exist.

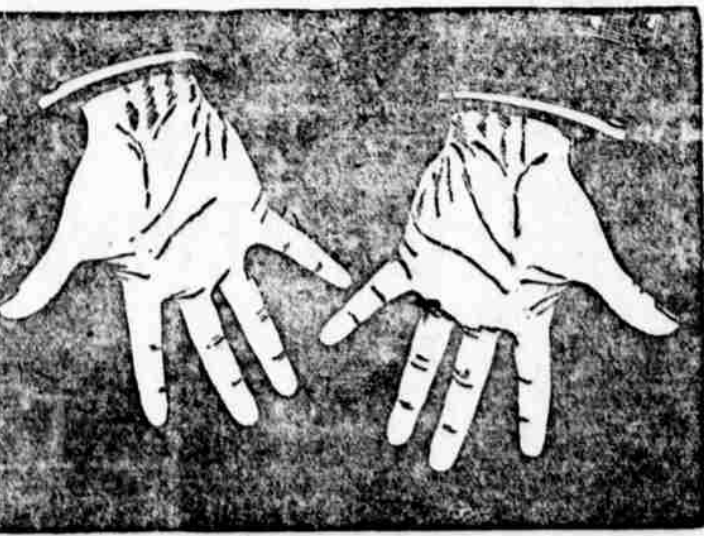

O'LOUGHLAN HAS REACHED NEW YORK

That Coleman O'Laughlan, who has been in France for the past twenty-one months, has returned and is now in a New York Hospital, is the news received in a message to his mother, Mrs. Paul Bogardus of this city. He was with the Field Artillery and in the first division to go to France.

Coleman, who was employed in the Klamath Falls postoffice was one of the first of the Klamath boys to enlist and one of the first to reach France from his County. His interesting letters were greatly enjoyed by the Herald readers after his arrival there and it is expected that he will be chuck full of interesting adventures when he arrives here.
