

WAR WAS CHEAP IF YOU BELIEVE MONEY EXPERTS

Treasury Statisticians Figure
U. S. Paid 33c a Day Per
Man to Beat Germany

It cost Mr. American Citizen just thirty-three and one-half cents a day to wage the war.

This is what the statisticians of the Treasury Department at Washington figure the cost of the war to be for each man, woman and child in the United States, and from that they deduct that the individual in this country had an easy time of it in financing this country's part in the great world struggle.

As nearly as can be estimated the total cost of the war in money to the American people from the declaration of hostilities April 6, 1917, until the signing of the armistice November 11, 1918, amounted to twenty-six billion dollars. The Census Bureau on January 1, 1919, set the population of the United States at approximately 104,000,000 people. From April 6, 1917, until November 11, 1918, is 640 days. The Treasury experts made two simple divisions and found—America paid thirty-three and one-half cents per capita per day for the war.

The twenty-six billion dollars used in the estimate of the cost of the war included the amount to be raised by the Victory Loan. This final loan it was pointed out by the government officials will go in large part to paying for supplies ordered for the army before the cessation of hostilities and for the expense of demobilizing our wartime military forces, both of which must be counted as war expenses.

YANKES FIRE MILLION ROUNDS PER MONTH

WASHINGTON, April 23.—From January 1, 1918, to November 11, 1918, the American forces fired 3,100,000 rounds of artillery ammunition or 2,600,000 rounds more than were fired by the Union forces during the Civil war, the war department has announced.

The American field guns on the western front were fired on an average of 30 times a day each, against an average of about four times a day for each gun in the Civil war. The French field pieces were fired 34 times a day and the British 35 times. The highest previous record, it was stated, was at the siege of Sebastopol, when the shots averaged five a day.

SPECIAL NOTICE TO THE PUBLIC.

We, the volunteer fire department of Klamath Falls are here to give the citizens of this city the best protection that any city can ask, and we ask that on clean-up day that every building owner get busy and clean-up every piece of paper and trash from around said building, alleys, and streets and pile in piles so it can be hauled away and burned, but we do not want any rubbish burned in alleys, as it is very dangerous to your property. The Fire Chief will call on all building owners, on clean-up day and will assist in any way possible for we do not want fires, so help us and let us have the cleanest city in Oregon, so be careful, remember what happened yesterday morning.

FIRE CHIEF HUNSAKER.

Everyone Should
Drink Hot Water
in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach liver kidney and bowels drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and above all, keep it up! A soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver and bowels.—Adv.

GEORGIANS HAVE NEW WAY TO BEAT DRY LAW.

ATLANTA, Ga., April 22.—A new method to "get by" with incoming whiskey is now being used in Atlanta. A decoy negro struggled up the Terminal steps, from which suspicious gurgles could be heard. When arrested the negro grinned as the officers examined the suitcases only to find bricks and bottles of water. The real tiger had passed them while they were busy with the decoy.

HINES FLITS THRU PORTLAND.

PORTLAND, April 23.—Director General W. D. Hines and his party have arrived in Portland yesterday and left late in the day for California. He said that his policy is to attempt as far as possible to restore the railroad service to the sort of service rendered before the war, so that they may be turned back to private ownership to be operated on a successful basis.

Nothing more refreshing than a mineral bath. Hot Springs Bath House.

BIG DANCE AT MERRILL

At the Merrill Opera House.
Music by the Klamath Jazz Orchestra.

FRIDAY NIGHT, APRIL 25.

Refreshments Will Be Served and a Good Time Is
Guaranteed to All.

"Hey, Fellers, come on over here a minute, I want to tell you something."
"What do you know about this?"
"Dad says he's going to fix up the old car—says he's going to put on"

DIAMOND TIRES

all around, and us kids can run 'er to death if we want to.
"Dad says tires are like the half-soles on a boy's shoes—if you don't use the best you're losing out, and that's the reason he is putting on Diamond Tires—he says you can't hardly wear 'em out."

KLAMATH AUTO TIRE CO.

C. R. MARPLE, Prop. - 129 6th St.

There is an "Exide" Battery for Your Car

and it will give "punch" and "pep" to your starting system. The space saving "Unit Seal" construction gives extra plate surface—hence greater capacity per unit of weight and volume. This means built-in durability and power. Let us show you your "Exide" Battery and explain its special features.

For battery testing, filling or expert battery advice come to our

"Exide" Service Station

This service is free to all battery users. Repairs, the prompt and satisfactory kind, on any make of battery at the right price.

Coming Back

America is proud of them—the whole world is proud of them. They finished their part of the job with a courage and daring best described by Marshal Foch in these words to General Pershing before the battle of the Argonne:

"Your men have the devil's own punch. They will get away with all that. Go to it."

How proud of them are you?
