## At the Theaters

How would you like to be dangling from a church steeple by the slack of your pants the way they fix Fred Stone in this Artercraft Picture? Star Theatre tonight, Friday and Saturday April 25, 26th.

Students of the occult and supernatural will find a special appeal for them in "Buchanan's Wife," the William Fox photodrama in which Virginia Pearson will be seen today at the Liberty Theatre. "This drama, founded on a well-known novel by Justus Miles Forman, introduces an attractive woman as the unwilling subject of the mesmeric influence of a disciple of the occult. It is a battle on the part of the wife for mental freedom and for happiness.

If a young wife's elderly husband deliberately places her in a position of comradeship with the youth he knows she really loves, what would you expect to happen? This is one of the interesting situations in "Buchanan's Wife," with Virginia Pearson as the star, which will have its presentation at the Liberty Theatre today.

## Starts for Serbia With Portable House to Found Home for War Orphans

MILE. LOSANITCH

Mile. Helen Losanitch, youngest daughter of a distinguished Serbian statesman, has just left this country to found a home for war orphans in Belgrade. It will be established in a portable house she took with her from America. The orphanage will be financed entirely from the United States. The young woman's father, Sana Losanitch, formerly was minister to London, Paris and Petrograd and for many years a member of the Serbia cabinet.

### TIGHT SKIRTS ARRIVE.

LONDON. (by mail)—The tight skirt is upon us! Or rather, the women. Forty-four inches about the hem is the latest dictate of fashion, and girls who have been swinging along in the comfortable stride permitted by knee-skirt war dresses, such as worn by the land girls and woods women, or in the full-skirted uniform of other war detachments will have to get in practice for the mincing gait. Mere men, who have endured the putteed war girl, feel equal to the new whim of vanity. Any casualties have been discounted.

### WELL KNOWN RESIDENT ILL.

The many friends of H. Orem of this city are distressed to learn of his sudden illness due to a nervous breakdown. He is at present confined to his bed at his residence at 10th and Pine.

Complete rest and quietness are necessary, according to his physician Dr. E. D. Johnson, for his recovery.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass

of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.
