DISTRIBUTE THE LOAN.

Carried away by their enthusiasm to place their city and county at the head of the list of those over the top on the Victory Loan, and recognizing the value of the bonds from an investment standpoint, many banks subscribed the entire loan. So serious had this become that the Federal Reserve Bank stopped it. On this point Lewis B. Franklin, one of the directors of the War Loan organization in Washington, said:

"In reaching a determination as to the various characteristics of the Victory Liberty Loan, particularly as to rates of interest on the notes at the limitation of the amount, and the rejection of oversubscriptions, the secretary of the treasury had in mind, particularly, the great importance of insuring a wide distribution of these notes to real investors, so that they could be paid for out of present or future savings and consequently without creating any strain on the banking resources of the country.

"The terms as announced, have met with universal approval, but it should be impressed upon every Liberty Loan committee in the country that the real task before us is not accomplished simply by raising the specified amount of money." Consequently the local banks have decided to place the loan with the people, where it belongs.

Your attention is called to the state law against using the public highways for dumping grounds. Some of our leading citizens are ignoring this law, and unless the practice of strewing the road leading from this city with tin cans and rubbish is discontinued, some people are going to have some heavy fines to pay. Just remember that it is just as essential to keep our county roads in a presentable condition as it is to keep our streets free from rubbish. Now that you have made a start on cleaning up, do not stop with the job half done. Keep at it until it is finished and then keep your premises in a neat, sanitary condition for the rest of the year. Invest a few cents in flower seeds, and help put a picturesque and gala dress on the city.

OH LORD! HIT US ALL!

Former Secretary of the Treasury William G. McAdoo is telling this story to get buyers for the Victory Liberty Loan:

"A pastor in a New Jersey village," he said, "devoted a half hour one prayer meeting night to a loan appeal. His appeal was forcible. It even touched the rich old deacon, who hadn't subscribed to the loan hitherto on the ground that he could get a better rate of interest elsewhere.

"I'll take \$50," announced the deacon solemnly from his pew. "Then, as he sat down, a piece of plaster fell from the ceiling, striking him a pretty hard blow on the head. He rose again hurriedly. He had a scared, awed look.

"I mean \$500," he said. "Then Brother Jimmy Conner shouted lustily from the amen corner: "Oh, Lord, hit him again!"

PEACE MISSION ASKS SUPPORT OF FIFTH LOAN

Urges American People to Finish the Job by Taking the Victory Loan

Four members of the American peace mission in France, Secretary of State Robert Lansing, Col. E. M. House, General Tasker N. Bliss and Henry White, have sent this message to the American people urging support of the Victory Loan:

"TO THE AMERICAN PEOPLE: "We have had the opportunity here in France to see and realize the magnitude of the accomplishment of our country in this war and the magnificent spirit with which this great task has been carried through to a triumphant issue.

"What has been done and what remains to be done before normal conditions are restored demand your continued and united support with the same spirit of self sacrifice and of determination as that which was manifested by the nation while the German armies faced our men at the Marne and in the Champagne. We must not relax our efforts until every soldier of the republic is landed on the soil of America.

"To finish this mighty task imposed upon the government of the United States a great financial burden. The Victory Liberty Loan must thrive. If it should fail it would indicate that the Nation is willing to leave its task uncompleted.

"To secure the ideals for which Americans fought and died this great demand on national patriotism and united effort should meet a generous and universal response. Let us do our duty to the end.

"HENRY WHITE,

"T. N. BLISS."

NAVY BANDS WILL SPUR PATRIOTISM IN VICTORY DRIVE

More Island Commandant Offers Marines and Jackies to Aid Fifth Loan

Captain Edward L. Beach, commandant of Mare Island Navy Yard, Mare Island, Cal., who was in command of the United States dreadnaught New York in the North Sea at the time the German navy was turned over under the terms of the armistice, has offered three of the crack service bands stationed at Mare Island for use during the Victory drive.

One of the bands will travel on the trophy train which will tour all of the seven states in the Twelfth District and the other two bands will be used in cities within a day's journey of Mare Island. One of these bands is the famous sixty-piece Marine Band and the other is the forty-piece Jackie Band.

Paymaster Ralph Phelps, U. S. N., has been placed in charge of the itinerary to be mapped out for the two bands which will not travel on the train and any local committee desiring to make use of either of these two bands during the drive should communicate with him.
