

## EVENTFUL WEEK OF CONFERENCE BEGINS TODAY

Treaty is Expected Ready in a Few Days.

### BOLSHEVIKI DEFEATED

Japanese and Chinese Claims Now Important Matters Before the Paris Meeting—Italian Condition Still Grave—Japanese Holding Out for "Racial Equality."

Dateless Dispatch by Associated Press—This promises to be the most eventful week yet of the Peace conference. It is now hoped that the treaty will be ready by the end of the week and that the Italian situation may resolve itself before that time.

The most important matter of the Peace treaty now to be settled is the problem of composing the Japanese and Chinese claims to Kiao Chau and the Shantung peninsula.

Conditions in Italy are being watched with great concern, but there is little information available at this time.

At the plenary meeting of the conference today, the revised draft of the covenant is to be presented. Japan will probably try for an amendment for racial equality.

The Russian bolshevik forces have suffered reverses on the eastern front. Conditions in Germany are more quiet than for several weeks.

GENEVA, April 28—Gustav Ador, president of the Swiss Federation, received an urgent summons to the Peace conference, and left for Paris last night.

The newspapers state that he has been invited by the Allies to act as arbitrator in the question of the Adriatic.

ROME, April 28—American Ambassador Page has left here for Paris.

## THOMAS Madder THAN WET HEN

LOCAL ATTORNEY WINS CASE AFTER LONG TRIAL. SUN SET MAY BE LATER BUT HENS SET JUST THE SAME

"It works all right," says Attorney Bert C. Thomas, erstwhile poultry expert, "but it's sort of hard on the hen." However the hens can't be allowed to have their own way all the time or where would we be? Also if you let them get ahead of you once they never forget it and they render your life unbearable.

It seems that one of Bert's hens wanted to set and Bert, owing to reasons of his own was violently opposed to this move. If a "set" may be properly called a "move," and the two had several heated arguments regarding the matter. Every morning Bert would go out to the hen house and "lay down the law" to the hen before going to the office and "taking it up." Each night he would come back and wrathfully take up the dispute again. His most stirring pleas, which would have melted the hearts of the stoniest jurors, simply brought "cut cut" sort of replies which were very unsatisfactory. The old girl was bound to raise a family and she told Bert plainly she didn't care who knew it.

Then someone told him that if he would set the hen in a pan of water, it would stop all this nonsense and start his regular breakfast again as in former days. Bert had heard of a sunset on the water, but never before of a hen set, but he was willing to

## NEW BUSINESS HOUSE IN CITY

FINE CONCRETE BUILDING WILL BE PUT UP AT CORNER OF KLAMATH AND FIFTH BY W. O. SMITH.

The purchase of the business property at the corner of Klamath and Fifth streets, now occupied by the Cofer brothers, and the proposed construction of a concrete business block in the near future, is announced today by W. O. Smith, who has just completed the transfer of this ground from L. F. Willetts.

Mr. Smith, who for many years published the Evening Herald and recently disposed of his interests in that establishment, will erect the new building partially for the use of the W. O. Smith Printing company, with which he is still identified. The property is 62x66 feet. The new building is to be one story in height with a full skylight and will be strictly fire proof. One half will be used for the printing plant and the other for some other business.

The consideration of the deal was not made public.

## THOUSANDS DIE IN THE COUNTY

TWENTY THOUSAND DEATHS IS CONSERVATIVE LIST OF CASUALTIES FOR WEEK END IN UPPER LANGELL VALLEY

Figuring only ten to the acre which is probably only a fraction of the actual results, the two thousand acres of ground which were covered in the concerted drive for squirrels made by Upper Langell Valley residents on Saturday and Sunday, would give twenty thousand deaths of these pests which have increased so rapidly during the past few years and which the county ranchers propose to stamp out under the leadership of County Agricultural Agent, E. H. Thomas.

The Langell Valley drive which was announced last week was the biggest kind of a success, according to Mr. Thomas, who was present on both days. The ranchers and their wives met at the postoffice in upper end of the valley early each morning, going down the west side Saturday and the east side yesterday.

There were something over thirty workers each day and by working together, they covered the ground systematically and will probably succeed in eliminating the squirrels from the territory. In some places there were as many as three hundred squirrel holes to the acre, and taking the results already produced on the ground covered with the poison, it can be seen the number killed was huge. One reason for haste at this time is to get the mother squirrels before hatching season.

The workers Saturday and Sunday were fed bountifully as well as the squirrels, as the most appetizing basket dinners were provided by the women of the party.

So successful was the drive that arrangements are now being made by the residents of the Loretta district for a similar campaign there Thursday.

## SISTER OF CITY BANKER PASSES

The sad news of the passing of Mrs. Aberilla Ross Davis, a sister of Mrs. E. R. Reames at her home at Mountainview California, was received here this morning by wire. The deceased passed away at one o'clock yesterday afternoon. She is well known in this city where she visited extensively, and many friends here will mourn her death. The funeral services will be held at her former home at Jacksonville on Wednesday afternoon.

### SPECIAL NOTICE TO SUBSCRIBERS.

Owing to the fact that we did not make announcement of our Special subscription offer until April 15 and that there was some delay in sending out to our subscribers the notices showing the date on which their subscription expired, we have decided to extend the special offer period to May 10.

On May 1st we will stop all papers that are not paid in advance, but these subscribers can still take advantage of the Special Offer by paying up any arrearage and adding the yearly rate. After May 10th the regular subscription rate of \$5.00 will apply.

Subscribers living in the county outside of Klamath Falls, and who get their papers through the mails, can secure the Daily Herald for one year for \$3.00. But—and please bear this in mind—your subscription must be paid up to April 1, 1919. If you are in arrears, then all back subscription must be paid and then one year in advance. If you are already paid in advance, then your subscription can be extended for one year from any date in the future.

Residents of Klamath Falls, who receive The Daily Herald by carrier, and those living outside of the county, who receive the Daily Herald by mail, can secure the paper for one year for \$4.00.

The Herald would be glad if you would call the attention of your friends and neighbors, who do not take the Herald, to this special offer. Already many have done this, and we wish to take this means of thanking them for their interest in their paper and we want to assure you that you will not regret it. The Herald is your paper and it is going to do more for you and for the section in which you live than any one agency in the county.

We have some big plans under consideration for improving The Herald and those who are far-sighted enough to take advantage of this special offer will have reason to be glad they did so.

To our city subscribers we would like to say a word: You can get The Herald every day for \$4.00 a year, delivered right at your door—at a cost of a fraction over one cent a day. By paying one year in advance you save two dollars; you are saved the annoyance of having collection made every month and hunting around for change. If you want to take advantage of this offer, just speak to your carrier, or phone to us and we will have your carrier call and get your subscription.

Every paper not paid in advance by May 1st will be discontinued.

## PARTY GIVEN FOR VISITOR

FRENCH HEROINE WHO PLEASED AUDIENCE AT WHITE PELICAN IS ENTERTAINED SATURDAY AFTERNOON

Mrs. J. H. Dalen, the French bride of the returned aviator who sang so beautifully at the dance at the White Pelican Hotel last Friday night was entertained on Saturday afternoon at the home of Mrs. S. E. Martin on Sixth and High Streets by the members of the St. Paul's Episcopal Guild. Mrs. Dalen whose stay in America has been very short, has apparently taken the hearts of the Klamath Falls ladies by storm as everyone has the nicest possible things to say about her. Her modesty in giving out the facts of how she won the French War cross, which she wears, is very unusual.

Mrs. Dalen lost nearly all her relatives in the war, it is said. Nearly all her family having perished but her father.

## NATRON CUTOFF DATA RECEIVED

EXTENT OF TRACK AND GRADE BETWEEN OAKRIDGE AND KIRK IS GREATER THAN GENERALLY BELIEVED

One hundred and eighteen miles of track remain to be laid before Klamath County will be connected with Eugene on the Southern Pacific via the much discussed Natron Cutoff, according to a wire just received by the Klamath Commercial Club from William Hood, one of the Southern Pacific officials at San Francisco. It had been generally supposed here that the gap remaining between Kirk and Oakridge was very little over eighty five miles.

The information was sent in reply to an inquiry by Secretary Capt. J. C. Applegate, who is gathering data for the use of Senator McNary in his effort to get this construction under way.

Mr. Hood indicates that the construction must await the "opportune time when conditions in general and traffic in particular would justify going ahead."

Such a date is of course more or less a matter of opinion and it occurs to many here that "conditions in general and traffic in particular" would have been considerably better for the Southern Pacific Company as well as for this entire section of the state if the construction had gone ahead, when it was started.

The message received is quoted below: "Your telegram of April 17th to Mr. Hoey received and referred to me. To complete the Natron Cutoff, there remains one hundred and eighteen miles of track and one hundred and thirteen miles to grade. There has been completed between Klamath Falls and Natron, seventy five miles of track and eighty miles of grade. You are no doubt acquainted with the favorable country between Kirk and Odell and the mountain construction of ordinary character between Odell and Oakridge. This construction must await the opportune time when conditions in general and as to traffic in particular to be served are such as to justify going ahead with the enterprise."

## JEWELER PLANS TO RE-ENTER BUSINESS

By a deal completed here today, W. C. Davenport, the jeweler who was burned out by the big fire at the corner of Seventh and Main streets last week, has taken over the millinery stock of the Band Box, near the corner of Fifth and Main, and after disposing of this, will purchase a new stock of jewelry and open up a first class jewelry store in connection with the repair shop which he has heretofore conducted.

## EX-KAISER TO GO ON CARPET FOR HIS ACTS

To Be Tried by International Tribunal.

### OTHER GERMANS ALSO

Holland Will Be Asked to Surrender Former German Emperor to Allied Power, Who Will Probe His Past Acts—Separate Trial for His Companions.

WASHINGTON, D. C., April 28.—The Allied and Associated Powers have determined upon a trial for the former German Emperor for the "Supreme offense against the International Morality and Sanctity of Treaties."

Holland will be requested to surrender the royal refugee for arraignment before a Court composed of five jurors named by the United States, France, Italy and Japan. Germany will also be required to deliver all persons within her borders charged with acts of violation of the laws and customs of war for trial by military tribunal.

PARIS, April 28.—The Peace Treaty with Germany as now drawn, contains a clause providing that the former Emperor be tried by International Tribunal and specifying a separate tribunal for the other military officers.

The new article proposed for insertion to be considered today provides that the Allied and Associated powers publicly arraign the former Emperor, not for offense against the criminal law but for the supreme offense against the "International Morality and Sanctity of Treaties."

## BEAUTIFUL SONG RECITAL GIVEN

MUSIC LOVERS OF CITY ARE ENTERTAINED UNDER AUSPICES OF MUSICAL STUDY CLUB, SATURDAY AFTERNOON.

One of the most enjoyable events of the season was the musical recital by Mrs. A. J. Voye, assisted by Harry Borel, Mrs. Burge W. Mason and Mrs. Charles Wood Eberlein, under the auspices of the Musical Study Club, Saturday afternoon at the White Pelican hotel.

Between 50 and 75 of the city's music lovers assembled in the big dining room where the program was commenced about 3 o'clock. Mrs. Voye's charming voice, the quality of which is well known in this city, was never in better condition, and the variation of the program by Mr. Borel on the violin and Mrs. Mason on the piano, both of whom have advanced far beyond the stage of ordinary artists on their respective instruments, made the afternoon one long to be remembered. The final selection by Mrs. Voye, "Aria," by Verdi, was deserving of especial mention, as it was beautifully rendered.

The program was as follows: "By the Fire," Salter; "Down in the Forest," Ronald; Mrs. A. J. Voye. "Meditation," (Thais), Massenet; "Canonetta," Op. 8, d'Ambrosio; Mr. Harry Borel. "By the Waters of Minnetonka," Lieurance; "And Yet," Hathaway; Mrs. A. J. Voye; violin obligato by Mr. Borel. Aria—"Du puis le jour," (Louise), Charpentier; "Will o' the Wisp," Spross; Mrs. A. J. Voye. a. "Valse," Chopin; b. "Op. 70—No. 1," Chopin; "Op.—Valse No. 2," Chopin; "La Regata Veneziana," Rossini-Liszt; Mrs. Burge W. Mason. Aria—"Ah, fors' e lui," (La Traviata), Verdi; Mrs. A. J. Voye.
