(Continued from Page One)

try anything once. He got out all the pins in the kitchen and filled them up and shut up his hen in such a manner that the only way she could keep dry was to stand up. He had no ordinary fowl to deal with however for after clucking around a little she gave up the hope of raising chickens and squatted down in the water in the hope of raising some ducks. After spending all night among the wild waves her spirits seemed to drag along with her feathers and she gave up the contest, and things have again resumed their normal status at the Thomas ranch.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

some. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.
