Boast of "May Day" Surprise Arouse Action.

### RADICALS WATCHED

No More Leniency Toward Anarchists Expected—Thirty-Six Bombs Delivered or Intercepted—Wife to Have Finished Deadly Work Today—Soldiers Take Hand in New York.

NEW YORK, May 1.—Every Federal Agency is today attempting to trace down the authors of the terrorist conspiracy and guard against the "Reds" boast of a country wide surprise on May Day.

A bomb squad of police are watching the radicals carefully. It is expected that many may be deported in a short time. The officials are declared to have decided to end all leniency toward the anarchists.

Thirty six bombs have now been delivered or intercepted in the various cities and three more remained at Gimbel's department store having been innocently returned there by the postoffice authorities for additional postage. It is said that there they were addressed to United States Senators. These bombs were apparently mailed to reach their addressees about May 1st.

NEW YORK, May 1.—A hundred and fifty soldiers and sailors today stormed the entrance of the Madison Square Garden where a May Day Labor Demonstration was being held. They said they wanted to make the crowd sing the "Star Spangled Banner." The police however persuaded them to disperse.

BOSTON, May 1.—One man is reported to have been shot here in a riot during a socialist parade.

WASHINGTON, D. C., May 1.—The postmaster at Salisbury North Carolina has telegraphed to the Postoffice Department saying that a package containing a bomb similar to those found in New York, had been received there addressed to Senator Overman who is acting Chairman of the Senate Judiciary Committee. He had charge of the Espionage act and other measures dealing with the enforcement of law during the war.

The package is being held, pending investigation.

CLEVELAND, May 1.—A riot broke out during a Socialist parade here when a red flag carried by a marcher in a soldiers uniform was knocked down by a returned soldier, who took the flag away.

Scores of soldiers and civilians battled with the marchers and over forty were injured, many of these being women.

## BOND FIRM TO GUIDE COUNTY

LEGALITY OF ROAD BOND ELECTION FOR \$347,000 TO BE VOTED JUNE 3RD, ENGINEERED BY PORTLAND HOUSE

The Klamath County Court has concluded arrangements with the Clark Kendall Company of Portland, a large bonding house to guide the legality of the coming road bond election on June Third for the sum of \$3,000. All resolutions form of ballot, election notices and other matters will be prepared under the certificate of Teal Minor and Winfree of Portland attorneys for the firm.

The charge for this service will be cancelled if the above firm should be the successful bidders for the bonds after the election. It is explained that any bond house taking the bonds accepts them only on the advice of their attorneys and that this fee would therefore be paid anyway. In case the road bond election should fail to pass, the charge for the legal services will be only \$100.

## PEOPLE AT BEND NEED ATTENTION

SECRETARY OF KLAMATH COMMERCIAL CLUB WRITES THE DALLES SUGGESTING MISSIONARY WORK BE DONE THERE

In answer to a recent letter from The Dalles Commercial Club asking Klamath to participate in a convention there on May 22, to promote the development of Eastern Oregon Secretary Capt. O. C. Applegate has replied asking what is the matter with the people of Bend which has caused their unexpected move in the matter of the Strahorn railroad and asking if something cannot be done in the way of missionary work there. He indicates that end has fallen from the straight and narrow path of great accomplishments and should be brought back again if possible thru the aid of the rest of the state. Klamath Falls will send a delegate to this conference if it is a possible thing, he says.

## BILLY SUNDAY NEEDED TODAY

LOAN SUBSCRIPTIONS COMING IN VERY SLOWLY. MEETING MONDAY MAY BE HELD IN BIG TENT THRU AID OF ESPEE

The need of "Billy" Sunday to live up the interest in the big Victory Loan Drive is strongly felt here today by the leaders in this campaign who announce that the subscriptions are dragging in very slowly. The pace of the last twenty four hours will have to be greatly stimulated if the county comes thru in the same manner as has the rest of the state.

The people are now being asked to lend at a good rate of interest what a large number of them would have been glad to have given a year ago at this time to have brought about the end of the war that has been witnessed. This is to be the last of the big loans and it is offered at a higher rate of interest than any of the others. Not only this but the terms of payment are made about twice as easy. The quotas are smaller and the people of the county are as a general thing more prosperous than they were a year ago. This prosperity has been brought about in a large degree by the result of the victory which they are now asked to lend aid for. Surely Klamath County will not allow its colors to be dragged in the dust by an under-subscription just at the time when the boys are coming home and when the rest of the state is making such a fine showing.

It is now hoped that enough canvass coverings can be secured from the Southern Pacific Company to put up a big tent which will accommodate the big crowd here Monday night. The local officials of the Southern Pacific are anxious to help out in this matter and have wired to find whether it will be possible to get these coverings. It was planned at first to have the speaker appear twice for short addresses at the Houston Opera House and the Elks Temple, but information was received that he would only speak once.

### CASE CONTINUED.

The case of Claude and Percy Haskins who plead guilty a few days ago before Justice N. J. Chaman to a charge of fishing without a license by Game Warden Henry Stout was brought up again yesterday in the Justice Court and continued until today.

## "SOME" PARTY NEXT AUGUST

SALEM ELKS WHO PLAN TO CAPTURE CONVENTION FOR 1920 ARE COMING IN SPECIAL TRAIN TO CAPTURE TOWN

That the Klamath Falls Elks Convention which is to be held here in August is being boosted to the skies at Salem and that these boys are coming down in a special train, is indicated in a letter just received by Chairman E. B. Hall of the State Convention Committee from William S. Kennedy, president of the State Association at Portland.

President Kennedy states that he is out to make the "little party" at Klamath Falls next August the biggest Elks affair the State has ever seen and a record that all the lodges in the future will have to step some to equal.

The State Association is now preparing to get behind the Salvation Army Drive in Oregon, Mr. Kennedy says.

## NEW SAWMILL STARTED SOON IN THE COUNTY

## UNDERSTANDING POSSIBLE NOW WITH ITALIANS

Peace Terms Not Delivered To Enemy Delegates.

### POWERS INVESTIGATED

Delegates Hand Over Credentials This Afternoon—Kiao Chau Is Given to Japan by Conference in Settlement—China, Not Satisfied—Munich Reported Overthrown.

Dateless dispatch by Associated Press.—A possible delay in the handing of the Peace terms to the German delegates is indicated in the latest advices from Paris. This matter now may have to go over until next week while the questions as to the powers of the enemy's representatives is looked into.

The Germans are to hand over their credentials at a meeting this afternoon with a committee from the Allies.

Kiao Chau is to be given to Japan with the understanding that the Shantung Peninsula is to be handed back to China.

The relations between China and Japan and the future interior of China are to be under control of the League of Nations. German rights in Shantung are to be held by Japan. All Japanese military forces are to be withdrawn from Kiao Chau as soon as possible. The railway is to be guarded by special police forces and the Japanese given right to establish a settlement at Thinao, the strategic base of the Shantung Peninsula seized by the Germans after the Boxer rebellion.

It is understood that China is not entirely satisfied with the arrangements as they are now made, but it is improbable that the Conference will reconsider the matter.

Reports now seem to indicate that some understanding may be reached regarding the Fiume question and that the Italian delegates will return to the Conference.

Some reports says that the Soviet government at Munich has been overthrown and others deny this rumor.
