BRITISH EXPERT ANALYZES WAR SAVINGS WORK

Large Number of Investors Gives Greater Stability to Financial Situation.

Of the benefit to a nation of popular investment in government securities of small denominations, a student of the British War Savings movement writes:

"As the nation's power to save and accumulate capital depends upon an excess of income over necessary expenditure and as this power to save is obviously greater amongst the well-to-do, it is imperative that future propagandist work should be conducted amongst the upper and middle classes no less than amongst the wage earners.

"The work must also be continued amongst the wage earners, for obvious reasons. We all realize the advantages to be derived by the state from the more even distribution of wealth which an increase in the number of small investors implies. We all realize the greater stability which a large number of small investors must give to the financial situation. It is certain also that wise spending and saving amongst the masses of the people tends to increase their efficiency and develop their self-respect. It must also result in the growth of a more efficient race of producers in the next generation. In this direction wise spending may ultimately have no less beneficial effects than saving although not so immediately adding to the material wealth of the nation."

There is food for thought in this for the people of the nation with our War Savings Stamps so accessible.

LEAVES LEGS IN FRANCE; DANCES FOXTROT HERE

Uncle Sam Gives Soldier Boy New Lease on Life.

Lillard Evans is a colored soldier boy who had both legs blown off in action. He lives for the present at Letterman General Hospital at the Presidio in San Francisco. He can and does dance fox trots and one-steps.

Of course to dance a fox trot or a one-step a fellow has to have legs—good legs. Well, Evans has them—not his own legs of flesh and bone, but his own willow legs with joints and everything. He is going to leave Letterman pretty soon and go back to work and make his living and probably get married and raise children. That's the how.

The why of it is—the government of the United States has gone in for leg and arm making. It is giving a specially built leg or arm or hand or a pair of legs or arms or hands to every soldier who lost his legs or arms in the war. At Letterman in particular they are making legs and arms and hands in their own workshop. They are making them because they have hit upon a better artificial limb than the private manufacturers are turning out, not excepting the "Liberty Leg" which the government supplies in most cases.

This is one phase of the reconstruction work that Uncle Sam is quietly carrying on. It is one of the least expensive, but it is costing hundreds of thousands of dollars. Remember that when Uncle Sam come knocking at your door with the Victory Liberty Loan. Much of the money you will lend is going to regenerate these men who gave of their flesh and blood for their country.

EPISCOPALIANS HELP FRIENDS

HAVE ANNOUNCED SILVER TEA EARLY THIS MONTH TO RAISE FUNDS FOR NEW PRESBYTERIAN CHURCH

One of the nicest things that has ever been announced in Klamath Falls is the Silver Tea which is to be given by the ladies of the Episcopal Church at the Baldwin Hotel on May 13th, to assist in raising funds for the Presbyterian Church which the members of that denomination hope to construct this year.

That the event will be well patronized goes without saying as the charming affairs given by these ladies are always very successful, but whether the amount raised be large or small, the generous spirit which has prompted the move is the same and is indicative of the great spirit of unity, which is drawing the various denominations steadily into clearer harmony.

CLEVER MUSICAL SHOW COMING—"MY SOLDIER GIRL"

The most talked of musical show of the season is the military musical spectacle "My Soldier Girl," coming to the Houston Opera House two nights, Sunday and Monday, May 4th and 5th. The gorgeous costumes are fashion plates of the latest design, the novel numbers are staged under one of our best ballet masters and the feature novelties are many, "Flirtation Walk," an illuminated run-board extending from the stage almost to the rear wall of the theatre, and the many numbers introduced on the "walk" offer new and amusing entertainment, while an aerial flight, the girls of the aviation corps in novel drills, a grand illumination of New York city, a bewitching beauty ballet from the Roof of the New York Theatre and a bewildering effect, a battlefield—"Somewhere in France"—are a few of the feature novelties. An elaborate production with gorgeous costumes form the background for a brilliant cast and a big "pony" ballet, who present this big spectacle in all its merrymaking. There are some 20 musical hits, including "My Soldier Girl," "Take body," "Jasper's Ragtime Band," "Just for You," "Won't You Be My Beau?" "Let's Keep the Glow in Old Glory," and a score of other tuneful melodies.

GENERAL WOOD GROWS POPULAR AS CANDIDATE

PORTLAND, May 1.—General Leonard Wood's presidential boom is further advanced than that of any other Republican presidential aspirant, according to David Lawrence of the New York Evening Post, who is here on a visit.

To gather data for a series of articles on the economic, industrial and political situation in the large cities, Lawrence is making a tour of the country and has already visited 22 cities in the East, Middle West and Northwest.

In the East and Central West Lawrence says he found considerable sentiment also for ex-President Taft, and while he also found more or less of a boom for Senator Harding of Ohio, he considers him only a very remote possibility.

The Democrats, in his opinion, have three likely candidates—ex-Secretary of the Treasury McAdoo, Attorney General Palmer and Secretary of War Baker. He is inclined to think the first two are considerably the strongest, and says that if McAdoo is nominated it will behoove the Republicans to put forth a strong candidate.

"If the appeal is for a business candidate the Democrats will undoubtedly advance McAdoo, and he would put up an aggressive fight," said Lawrence. "The son-in-law situation would militate against him to some extent, but he has a large following of railroad men and laborers. The Republicans would have to choose carefully to beat him."

Lawrence expressed the opinion that Theodore Roosevelt Jr. will soon announce he will support General Wood, and that the strength of the general would lie in his strong personality, and the fact that he is the natural heir to the Roosevelt following.

DEAREST PUBLIC

Been so busy ain't had time to thank you before, Gee, but ain't it great to be alive a lovely day like this one and today is May Day, which a century ago was one of the gala days of our country, but is now obsolete, being transplanted by the quest for filthy lucre.

This year is to be a history maker for Klamath county. Rip Van Winkle says maybe we will have some roads. Annanias says the court house controversy is over.

PARIS IS TIED UP IN HUGE STRIKE

PARIS, May 1.—A great part of France is tied up today in a 24-hour strike for better working conditions. There are no disorders reported so far.

CASE DISMISSED.

The case of Willie Cross who was arrested last Saturday at Shippington on a criminal charge and which was continued until today, was dismissed this morning by Justice N. J. Chapman.

PAY FINES TODAY.

William Sims and Love Chandler this morning paid fines in the Justice Court amounting to \$110 each for killing deer out of season. They were arrested on this charge some time ago by Game Warden Henry Stout.

Everyone should see the big double bill at the Liberty Theatre, Friday and Saturday. Two great pictures will be shown and either of them are worth the admission price. "Cannibals of the South Seas" is a remarkable series of motion pictures made among the savages and it is not a play in any way, but a picture of actual scenes in the little known South Sea islands and of the savage cannibals inhabiting them. Besides these cannibal pictures, William Farnum appears in "The Broken Law," and Klamath Falls people never fail to get the worth of their money when William Farnum stars in a picture. The matinee prices remain as usual, 10 and 20 cents, and the evening prices will be 15 and 35 cents. It
