"A Guest of the Kaiser"

Sergeant Gibbons Brings Thrilling Story of Life in German Prison Camps

Sergeant Gibbons, author of "A Guest of the Kaiser," who spent seven months in German prison camps, is coming on the second night of Chautauqua with probably the most thrilling and absorbingly interesting story of the war that is being told today on the American platform. He was a member of the first Canadian contingent, a veteran of all the early fighting of the war, wounded seriously at Ypres and lay on the battlefield four days, finally being captured by the Germans. This story of his experiences in German hospitals and prison camps and his release through feigning insanity is one of the great war classics. And Sergeant Gibbons has wonderful power in the telling of his story. He will grip and hold you from the first minute to the last.

CHAUTAUQUA WEEK, KLAMATH FALLS, ORE.
May 25th to 30th, 1919.

PEOPLE, NOT ARMY, NOW HOLD STAGE

By United States Senator George E. Chamberlain, Chairman Military Affairs Committee of Senate.

"We are rounding out one of the greatest, if not the greatest single drama in the world's history. The most tragic scene is over and another is being acted, and in this scene it is the mass of the American people that hold the center of the stage rather than the American armies. The latter have practically completed their work and they played their part with superb excellence. It is our part now to finish their work. "We have got to finish financing the war and to finance the peace. We have got to pay for those things we bought or contracted for, to take the best possible care of our soldier boys and to make them the superb fighting force that they were. We have got to care for the wounded and their dependents and the dependents of those who died in their country's service. We have got to rehabilitate our wounded and train them for useful occupations which they can pursue in spite of loss of limbs or sight or other such injuries. **Must Finish Task.**

"We have got to stand by the peoples of those nations who were associated with us in the war against Germany and who have been under the cruel hand of German domination. We have got to finish in all ways the great and the very glorious task that America set out to accomplish in April, 1917, and which so far has been accomplished with a success that every true American rejoices at and is proud of.

"This is a task that no good American—man, woman or child—will shirk or will wish to shirk. And every one of them, man, woman and child, can help. Through the Liberty Loan and War Savings Stamps the United States offers each and all an opportunity to contribute to its great work of establishing world justice, world liberty and world enduring peace. Some of us may not be able to buy of the Liberty Loan but practically everyone of us can buy War Savings Stamps and the purchase of every War Savings Stamp aids in the great work. It is a great honor to have a part in this great world drama that is being played and every purchaser of a United States Government war security has a part in it. Never was so great an honor so cheaply to be bought, never so great a service so easily rendered."

FIRST LEAGUE MEETING HERE.

PARIS, April 29.—It has been virtually decided to hold the first meeting of the League of Nations in Washington on next October. It is reported that Woodrow Wilson will be asked to become the first President of the League.

A Woman Points the Way

"Save while the money is warm" is the motto of a woman who has established a reputation both for herself and her family by the number of War Savings Stamps she bought without apparently stinting in the least. Here is her system:

"The only way to save is to save. When I have actually saved a quarter I put it into a thrift stamp without delay. If I save that quarter on one thing and then spend it carelessly for something else, I have not saved any real money.

"For example, the other day I went down town expecting to pay \$10 for a pair of special shoes. To my surprise, I found there was a sale that day, and got the very pair of shoes I wanted for \$7.75. I had saved \$2.25. But how to keep it saved. I knew that if I simply regarded it mentally as saving, before the end of the month it would be spent miscellaneously. I went right down stairs in the store and bought nine thrift stamps and stuck those quarters in the thrift card where they could not get away before the end of the month. I do the same thing when I have saved a single quarter or half dollar, and I am seriously thinking of getting a little penny bank to hold saved pennies or dimes until they grow to thrift stamp size. What is more, I am getting a whole lot of fun out of this most fascinating game, the game of 'Getting Ahead.'"

LIME WATER FOR "BABY"

Should Be Pure and Fresh

Anything for the baby should be pure and clean. A simple remedy like Lime Water should be bought with the same care as the more important remedies.

We prepare our lime water every few days and guarantee it to be pure and fresh. It is filtered and is clear and colorless. It is of proper strength—never weaker than a saturated solution.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices in the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sleeky complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a rounpounded crank on the subject of inside bathing before breakfast.—Adv.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
