

SILVER LAKE IS NOW FILLING UP

BEND, May 9.—Squatters who have informally claimed the bed of Silver Lake, intending to make homestead entry as soon as a government classification could be made, are doomed to bitter disappointment for already their cabins are surrounded by water, heavy snows during the winter provided more than enough water for irrigation, and with the coming of warm weather the lake bed is rapidly filling up. The lake was temporarily dry in one other year, 1889, but according to irrigationists will not permanently pass out of existence until the construction of more reservoirs effectually shuts off the entire water supply. The land which for ages has been covered by the lake, is of a

rich alluvial character and has been eagerly seized by settlers during the last few months, practically every square foot of it was under cultivation when the lake began to take form again.

PUBLICITY MEN MEET AT DALLES

THE DALLES, May 9.—Secretaries of practically every Chamber of Commerce in Oregon have accepted the invitation of the local organization to meet here May 22 and 23 for the purpose of creating a state organization of secretaries. The plan is receiving strong indorsements from publicity workers of the state and prominent men from Oregon and Washington have consented to contribute to the program.

WAR SHOPS OF FRANCE TURNED TO PEACE WORK

PARIS (Correspondence of the Associated Press).—The war manufactories of France, many of which have already been diverted again to peaceful pursuits, are turning out a great variety of articles that are a far reach from the implements of destruction which were being fabricated on armistice day. So far as possible the war machinery has been kept and is being employed to make the things of peace to which it is best adapted. Grenade foundries are now making iron water piping, parts for agricultural machinery and non-rusting casseroles. One important establishment which was working on shells is now manufacturing locksmith's tools. In other shops work iron window shutters, pickaxes, portable anvils, safes and washing machines are being constructed. One plant which made parts for fighting-tanks is strange as it may seem, constructing machines for the manufacture of paper and of chocolate.

Some of the aviation works have been diverted to strange productions. One is turning out threshing machines. Others which made airplane wings are making furniture. A plant which repaired air machines is building farm tractors. Another shop which made special parts for airplanes is installing looms for the manufacture of braid such as is used in upholstering furniture. Carpenters and plumber's lamps are being made by an aviation works which formerly made taps used in the mechanism of the flying machine. The reservoirs for petrol and oil made by one plant have given way to kitchen utensils. A plant which manufactured special articles for aviation and telegraphy has found that it can continue the same line profitably. A plant which during the war made powder machines is now making implements for the production of benzine and dye-stuffs. Another is turning out crockery. Some plants which were using part of the equipment for the nitration of cotton have turned to the production of paper without finding it necessary to cut down their number of employees. Works which were devoted to the

NEW SISTERHOOD ORGANIZED HERE

Miss Margaret Copeland, state organizer for the P. E. O. Sisterhood was here Tuesday and Wednesday organizing a local chapter of the Sisterhood. Organization was effected Wednesday afternoon, at the home of Mrs. Joan Groosbeck the following charter members comprising the local chapter: Mrs. Joan Groosbeck, Miss Vera Houghton, Mrs. S. H. Evans, Mrs. C. P. Chasman, Mrs. A. R. Wilson, Mrs. A. M. Collier, Mrs. Vera Houghton, Miss Ida J. Monyer. After the business meeting was over refreshments were served. Miss Copeland left for her home in Portland this morning. All meetings will be held in the evening.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR DIOXIDE BRINGS BACK ITS ORIGINAL LUSTRE AT ONCE. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes you more the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

BAINUM BARLEY CIRCUS

MAY 9th - - 9th & Pine "Benefit Christian Endeavor Society"

THE LEXINGTON

\$1995 F. O. B., Klamath Falls CAN YOU MATCH IT AT ANY PRICE? FRAME: The frame is Z-section of 22-point carbon steel. It is the same frame as used in the \$4,000 Marmon. KLAMATH STAGE GARAGE ONE 427 127 SIXTH STREET

May 9.—With bands playing, soldiers marching, community singing and a general outburst of enthusiasm and joy, Medford opened Victory week tonight, with one of the most spectacular civic demonstrations in its history. At one minute of 9 every light in the city went out and at 9 o'clock every light went on, disclosing to the thousands of persons thronging the streets store windows decorated in honor of the victory over Germany. The store windows had been covered during the day, so the sight was doubly effective. Mayor Gates removed all noise restrictions and every conceivable noise making instrument was used. After an hour of wild carnival there was dancing on the streets. Victory week will close Saturday with a baby show, all fools' night and the awarding of prizes in the various contests held during the week.
