Good and great men have been scarce in the history of the world; and why should we assume that the League will be dominated only by the good and the great?"

OLD NORTH CHURCH LANTERN BURNS AGAIN.

Senator Poindexter's speech was the greatest thing that has happened in the senate since the War of 1861. I beard him and I never saw him in better form, with all of his tremendous force in full play.

The life of the nation was about to be destroyed and he was the first one to raise his voice in its defense. The others, who took issue against the league of nations followed him, but he was the first to take that stand. He has left nothing unsaid that could have been said in defense of the Constitu-

While he spoke to the crowded galleries of distinguished visitors the past arose before me like a dream. I could see the lantern in the old North Church and hear the clatter of galloping feet as Paul Revere rode out in the night. I could see the farmers gathering along the lanes of Lexington and hear the sharp reports of their rides. IT'S A POOR DOCTOR

Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over-the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results-but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors-but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?
