

MRS. WILSON IS INTERESTED IN YANKS ABROAD

PARIS. (By Mail)—Mrs. Woodrow Wilson is showing much interest in the welfare and comfort of American soldiers on leave in Paris. Recently she visited the American Red Cross tent city on the Champs de Mars where accommodations have been established for 1,600 of them.

The wife of the President made a thorough tour of the Red Cross camp, making inquiries of the Red Cross women concerning the preparation of the food and the methods of serving. When a canteen loaded with fresh, warm apple pies arrived from a Red Cross kitchen Mrs. Wilson sampled the pastry.

During her tour a bouquet of flowers tied with the French national colors was presented to Mrs. Wilson. A French soldier with an armless sleeve but a happy smile, made the presentation speech. Mrs. Wilson carried the flowers in her arms during the remainder of her visit. She showed an enthusiastic interest in everything, giving special praise and commendation to the recreation huts, where dances are held, the reading and writing rooms, and the arrangement of the fifty large canvas dormitories.

She was received by Major Francis Boyer, manager of the Northeastern Zone of the Red Cross, Miss Ethel Burnet, directrice of the tent city, and Miss Lila McClellan of Texas.

Noticing the number of men gathered to salute here as she left, Mrs. Wilson expressed the wish to greet them personally. An informal reception was held in front of the camp, the soldiers forming in line and shaking hands with the President's wife as they filed past.

BOY SCOUT WEEK SET NEXT MONTH

WASHINGTON, May 14.—President Wilson, in a proclamation just made public here, recommended that the period beginning June 8 to Flag Day, June 14, be observed over the country as "Boy Scout Week" for the purpose of strengthening the work of the Boy Scouts of America. The President urged that in every community a citizens' committee be organized to co-operate in carrying out a program for extending the Boy Scout program to a larger proportion of American boyhood.

AUTO HISTORY HAS BEEN MADE RAPIDLY

In 1899 automobiles were excluded from the public parks of Boston from 10:30 in the morning until 9 o'clock in the evening.

The United States army made their first experiments with armored motors in the summer of 1899.

The first automobile insurance company in this country was started in New York city. This was in 1899.

The first automobile club was started in Chicago in 1895.

The first public garage of record where motor cars could be stored, repaired or rented was opened in Boston, Mass., early in the spring of 1899.

In 1900 there were 50 automobiles owned and operated in San Francisco, Cal.

In April, 1900, a large automobile company announced that they were manufacturing automobiles at the rate of almost two a day.

The late William McKinley had the distinction of being the first president of the United States to use an automobile.

On March 17, 1900, 80 persons had been licensed to drive automobiles in Chicago, including one woman, who was the first of her sex to secure a license to drive a motor vehicle in that city.

In the early days a chauffeur was called a conductor.—Chevrolet Review.

FOREST SERVICE TO LEASE CAMP SITES

PORTLAND, May 14.—Summer homes, accessible to good fishing and hunting, within sight of the most beautiful mountains, lakes and rivers of Oregon and the northwest, are made possible for every family which can finance construction of a simple shack or elaborate shack through the offer of the recreational department of the United States forest service, which has recently announced that leases may be obtained on national forests for private uses.

The leases are within the reach of the most humble family. They range from only \$10 to \$25 annually. The more expensive leases are for hotels and sanitariums. The usual lease is for five years with the privilege of renewing, although some are for as long as 15 years.

"Thirteen million acres of the state of Oregon included within the national forests belong to the people and their resources of timber, forage, water supply, game and scenery are for use under wise regulations which provide for their perpetuation," says a statement issued by the recreational department of the forest service. "These forests contain most of the high mountain scenery of the state and are open to the free use of the public for camping, fishing, hunting, tramping and other outdoor activities."

SALTS FINE FOR ACHING KIDNEYS

WE EAT TOO MUCH MEAT WHICH CLOGS KIDNEYS, THEN THE BACK HURTS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. Adv.

PORTLAND TEACHERS WIN LARGE RAISE

PORTLAND, May 14.—Effort of the school teachers of Portland to win increases in their salaries thru a special tax levy of \$531,000 was successful in the election held Saturday, the measure being approved by a vote of almost two to one.

Out of a total of 19,984 accepted ballots, 7164 were in favor of the salary increases. The negative vote was 2830. Scattering ballots, which brought the total above 11,000, were rejected because of imperfections. This vote was surprisingly large.

Under stimulation made by the board of directors on the eve of the election funds from the special tax will be disbursed in the form of a \$400 bonus to each teacher on the payroll for the year 1915-1920.

MOURNING WEEK FOR THE ENEMY

BERLIN, via Copenhagen, May 13.—The president of the imperial ministry has sent the following telegram to the governments of the free states: "In deep distress and weighed down by cares, the German people have waited thru the months of the armistice for the peace conditions. Their publication has brought the bitterest disappointment and unappealable grief to the entire people. A public expression ought to be given these feelings by all Germans. The imperial government requests that the free states have public amusement suspended for a week and allow in the theaters only such productions as correspond to the seriousness of these grievous days."

BRUSSELS, May 13.—Some of the Belgian newspapers point out that Germany by admitting defeat, must submit to the consequences. Etoile Belge is of the opinion that the hard terms do not even indemnify the Allies for their losses. The newspapers expressed surprise that the proposed stipulation regarding British and American support of France in case of attack was not made for the benefit of Belgium.

The independence Belge says that it is impossible for Germany to offer further resistance or to refuse equitable reparations.

The socialist newspaper People says: "Regarding the revision of the treaty of 1839, it is desirable that Belgium apply as soon as possible to the real league of nations, instead of finding herself at the benevolent discretion of the three nations," and considers that the distinction between the principal powers and the others should be removed.

BLOCK WOOD

Is the ideal fuel for the summer season because it makes a quick, hot fire, just when you want it.

Order Peyton's Blocks and you are sure to get dry ones.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder, and almost tasteless.—Adv.
