REDUCTION IN BREAD PRICES PREDICTED

HUN WRITERS FLAY SHUNS FOR CONDUCT

BERLIN, via London, May 15.—Maximilian Harden, editor of the Berlin Die Zeikunft, writing on the peace treaty says:

"The peace conditions are not harder than I expected. They were unpleasant to the greater part of the people. But could one really have expected them otherwise?"

"The Germans have not given very convincing mental guarantees during the six months since the revolution that they have changed their system. On the contrary the present government and the press have used the same methods of incitement, the same tricks of bluff as under the old rule of the petty nobility."

"The government's proclamations are only bad copies of the kaiser's time. The whole press is agitating for refusal to sign the treaty and to what use? All must know that the allies, by keeping up the blockade and occupying the coal districts, can force Germany to sign whatever they want."

"Germany should have sent men who would have laid their cards on the table and get the allies to understand that some of the conditions were un-acceptable. If Germany showed its good will to do what is in its power to comply with the allies' requests, the allies would see that conditions were changed in favor of Germany because they know there must be a Germany and that it is impossible to destroy the German people."

RUTH GARRISON PLANNED SUICIDE

SEATTLE, Wash., May 15.—That Ruth Garrison, poisoner of Mrs. Grace E. Storrs, and who last Friday afternoon was found not guilty of murder because of mental irresponsibility at the time of the crime and now, expected a verdict of murder in the first degree and desperately sought a means to end her life in that event, was the statement today of Sheriff John Stringer, who is holding the girl in the county jail until a commitment to the insane ward in the state penitentiary is issued and a traveling guard from the prison takes her away.

Sheriff Stringer said he was informed by the deputies who were guarding the prisoner that as the trial progressed she became more and more fearful of the outcome and had finally asked Deputy Sheriff Herbert Beebe and one or two other officers to tell her a way she could take her life should she be convicted.

RANCH HOME IS TAKEN BY FIRE

ASHLAND STAGE HAPPENS BY IN TIME TO SAVE SOME OF THE PERSONAL PROPERTY. LOSS PARTLY COVERED BY INSURANCE

Fire which broke out shortly after noon yesterday destroyed the home of Harry W. Hessig, a short distance this side of the Klamath Hot Springs and would have burned much of the livestock and vehicles, had it not been for the assistance of the passengers of the Ashland stage, who happened by just at that time.

The blaze started from an unknown cause in the house and there being no water available, there was little chance to check its spread. Charles Howard, Frank Joy and Forest Peil, who were on the stage managed to get the animals out of the different buildings and a number of vehicles away from the fire. The loss is partly covered by insurance.

PIONEER TAKEN BY GRIM REAPER

Klamath County mourns the loss of Stephen B. Gardner, one of the pioneers of the Wood River Valley, who has resided there for twenty five years. Mr. Gardner died following a lingering illness. The veteran passed away at Fort Klamath at 8:30 yesterday. He had been engaged in the stock business near there for many years and had later been in the mercantile business. He was a member of the Masonic Lodge. The deceased leaves six children, Mrs. Nellie Bailey and Mrs. Viola Liebert of San Francisco, E. H. Garner of Seattle, R. E. Garner of Fort Klamath, D. W. of North Bend and G. A. County Judge of Jackson County at Jacksonville, Oregon.

The funeral services will be held under the auspices of the Masonic Lodge at 2 P. M. tomorrow.
