

PERSONAL...

C. Kirk and J. S. Hall, well known residents of the Klamath National Reservation are in the county seat. They are stopping at the Hall Hotel.

H. D. Churchill was among the train arrivals last night from Johnston, New York.

P. Carlson is down on matters of

business for a short time from the Klamath Agency.

J. L. O'Keef is a guest at the White Pelican Hotel from New York.

R. T. McKisick came in on the train last evening from Sacramento for a short business visit. He is staying at the White Pelican Hotel.

Paul Hendrick, who has been here on a visit from Willows, California for a short time, left for that point this morning.

H. W. Wenzell, traveling freight

and passenger agent for the Southern Pacific Railroad who has been here for a few days on business for the Company has gone to California points.

W. F. Seeborn, the fuel dealer, is gone to Chico, Oroville and Susanville, California on business. He expects to be gone about five days.

H. Kelley and brother F. Kelley were passengers on the train this morning for Yakima, Washington.

SELF POISONING VERY PREVALENT

AUTO-INTOXICATION, OR SLOW SELF POISONING, CAUSE OF MOST ILL HEALTH AND DIS-EASE

Advanced medical authorities assert that auto-intoxication is the foundation of most of the 125 diseases to which the human flesh is heir.

This condition is nothing more nor less than the slow self-poisoning of the vital organs produced by the excessive mental and physical strain which we are forced to endure, which renders the organs lame and inactive, and permits toxins actual poisons—to be generated within one's own body.

Usually the trouble starts in the intestines; sometimes it starts in the stomach, liver or kidneys, but in any case the blame lies with the faulty method of living, and may be traced to over-eating, excessive nervous strain, lack of exercise, or other causes. At any rate it is the more important organs that suffer the final damage and when they falter or fail in their duties the body fills up with acids and poisons, and the victim often yields to their baneful influences. Bright's disease, heart trouble, high blood pressure, cerebral affections, and other troubles are frequently the result of self poisoning or auto-intoxication.

A tired draggy feeling of the body, a sluggish mind and dull memory, intense nervousness, headache, touch and bowel troubles, poor circulation, imperfect digestion, constipation and despondency are common symptoms of auto-intoxication, and fine out of every ten of the American people are likely to be so affected.

Tanlac, the powerful reconstructive and systemic tonic, was designed especially to overcome these very troubles. There is not a single portion of the body that is not benefited by the helpful work of this celebrated preparation, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and enervating the entire system. Composed of the most beneficial roots and herbs known to science, it enables the stomach to thoroughly digest the food, thereby permitting the assimilable products to be converted into blood, bone and muscle. It overcomes that great exciting cause of disease weakness. It renders the body vigorous and elastic, it keeps the mind clear and energetic, and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease or mental and physical overwork, quickens convalescence of the invalidism and is a sure and un-failing source of comfort to those who are suffering from the effects of nervousness and over-work.

That Tanlac does these very things is proven by the fact that it now has the largest sale of any tonic on the American market. Millions have used it with the most astonishing and gratifying results.

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.

ATTENTION, I. O. O. F.
All members and visiting brothers are requested to be present Friday evening. Work in the first degree, and important business.

NOTICE TO OUR MANY PATRONS

Tonight, Friday, May 16th, the City Market will be closed and our new "Liberty Market" will be opened for business on Saturday morning. Our new location will be the east side of the Klamath Department Store. From this location we will be able to conduct the most up-to-date as well as the most sanitary market in the city. We are in hopes that our many customers will find us in our new location, where we will be pleased to serve them as we know how.

Phone Number 238

Thanking you for your patronage while in the City Market and asking to continue serving you with our high quality Meats from our new Liberty Market.

Very Truly,
FRANK WHITEMAN, Manager.

At the Theaters

No photoplay produced in recent years presents a better cast of screen players than that employed by Cecil B. De Mille on his superb production of "The Squaw Man," a pictureization of Edwin Milton Royle's famous stage play, which will be presented at the Star Theatre tonight. From start to finish, the cast in this photoplay is made up of stars or players of stellar importance.

Elliott Dexter is in the stellar role, with Ann Little playing opposite to him as the Indian girl. Katherine MacDonald, Theodore Roberts, Jack Holt, Thurston Hall, Tully Marshall and others have exceptionally strong parts. Nearly all of those named have been seen in many of the more famous Paramount and Arcraft picture productions.

One of the big pictures of the year is "Luck and Pluck" in which George Walsh appears at his best. The story is full of action from start to finish and has all the "pep" that characterizes a typical George Walsh picture, and then some. There is a bubbling fountain of fun on tap all the time and you never lose interest. Walsh fights with real sincerity when a fight is necessary and rides as only a real Western man can. Pep, Punch, Clean Fun and Rapid-fire plot make this picture a knockout. "Luck and Pluck" will be shown at the Liberty tonight only.

Farmers, Attention!

You have been figuring on getting a few pieces of furniture to replace some of that old, worn out stuff which you have been kicking around for years. Now is the time to trade it off or sell it, turn it into cash or new furniture. Also, if you are figuring on sending away for your goods, make out your order, bring in your catalogue and if we cannot do business, quality, terms and freight considered, I will gladly make out your money order myself.

Anyway, come in and let's get acquainted, for I intend to know you sooner or later, so why not now?

Respectfully,

Perkins Furniture House

PALACE MARKET FOR QUALITY AND SERVICE

The only up-to-date market in the city equipped with its own cold storage rooms for the proper handling of Fresh and Cured Meats.

What does Cold Storage mean in the handling of meats?

FIRST: That the animal heat is extracted from the Meats before offering for sale; in warm weather this can be done only through properly conducted chill-rooms.

SECOND: In warm weather Meats held in Cold Storage rooms are free from flies.

THIRD: With the help of cold storage we are able to give our customers the same service in the warm Summer months as

they may receive without Cold Storage in the cold weather seasons only. Prior to the pure food laws of June 30, 1905, there were very few Cold Storage plants in operation for the handling of fresh Meats.

In those days, in order to carry Meats during the warm days, it was necessary to use preservatives, but the development of the Cold Storage systems made these unnecessary and that is why we are able to deliver to you Meats absolutely free from all sourness. When the animal heat is not properly eliminated, fermentation sets in and that is why Cold Storage Meats possess that deliciously sweet, appetizing flavor never found in Meats that have not been properly chilled.
