

The City of GOODRICH Akron, Ohio

He Was a Big, Hearty Fellow, But—

He caved in because he was weak inside. A husky, strapping outside has no chance without a hardy inside.

Especially in tires you need the inner strength that goes deeper than a casing. You need the toughest, hardest tubes to give your shoes a chance to render all they are worth.

Begin right by equipping your car with the lusty, full-bodied casings of Silvertown Cords. To end right put Goodrich Tubes in your Silvertowns.

Put in Red Tubes if you wish the full measure of Goodrich long experience and skill in making tubes for tires—or put in Gray Tubes, a long-lasting tube at a shorter price. Red or Gray, Goodrich Tubes withstand age rotting.

For 100% security in your tires, be Goodrich through and through with Goodrich Casings and Tubes.

Then you revel in the easy riding comfort, elegance, and mileage of Silvertowns, the tires with the Twin Red Diamonds on the sidewall.

"BEST IN THE LONG RUN"

THE FAMOUS LEXINGTON HEADED FOR KLAMATH FALLS

Much interest is being manifested in the advent of a new factor in the automobile market of this city. It is the Lexington, which is being handled in this territory by the Klamath Stage garage. One of the big new features about this car is the unique system of exhaust. Instead of one exhaust, there are two, the manufacturers claiming that it absolutely insures against back fire, and increase the power of the engine. It is claimed that where only one exhaust is used, all of the gas does not have time to escape before another cylinder begins to exhaust. The result is that part of the dead gas in every cylinder is trapped, and no cylinder ever takes in a full charge of fresh mixture. Two cars are on their way from Portland, and will arrive here on Sunday, when those interested in autos will have ample opportunity to look into the merits of the innovation.

WOMEN RIOT FOR EGGS IN GERMANY

AMSTERDAM, May 17.—"Egg riots" are the latest in Germany. Advice from Hellsburg said that 42 women had been arrested and martial law declared after a mob of females had attacked food shops shouting, "We want eggs!" The streets were cleared by troops after many of the women had been injured.

DOES IT PAY?

DOES it pay to have a one-record phonograph when there are so many good artists? Why not have one that plays all makes of records at their best?

This is possible on the Brunswick, due to two exclusive features—The Ultona, an all-record reproducer, and the Oval All-Wood Tone Amplifier, built entirely of moulded wood, like a fine violin.

These two exclusive Brunswick features make it possible for you to play all makes of records at their best.

Let us prove this to you.

DIAMOND RINGS FOR GRADUATES

When a girl finishes high school the time has come when she can with propriety wear a diamond ring. For several years she has been wishing for one. Give it to her Commencement Day.

Upp's shows white and blue-white diamonds, of great brilliance and fine quality, in plain and fancy mountings of gold and platinum. It is a splendid collection to choose from and prices are extra good values.

\$15 to \$200
