

LOCAL WOMEN GOOD PILOTS

EARLY TRADITIONS OF UPPER KLAMATH LAKE ARE BEING UPHELD FULLY IN LATER DAYS. NERVOUS ACTS DESCRIBED

(By Lora King)

I have been told by old patriarch Indians that the first duty of young Indian maidens living near the lake in times past was to learn to paddle a canoe, be that as it may, most of them can paddle.

I am told that the "Lotta C" the first steamer to navigate Klamath Lake was often piloted by a lady. That was many years ago and the old traditions are certainly being lived up to here by the ladies who are demonstrating what they can do at the pilot wheel.

Two young ladies recently went in a small launch from Eagle Ridge to Doak's landing on Balls Bay and on their return the engine went on a strike and stopped between two and three miles from shore.

While they were attempting to fix the machinery, a fierce squall came up, lashing the lake into razed waves. The girls, altho pitched around on the big swells continued to work at the engine until they had it started again. They reached home thoroughly drenched but safe and happy.

Mrs. Gates, daughter of Captain Parker has proved herself a most efficient pilot. Mrs. John Linman guides the Wasp, the newest of the

Klamath fleet, in a very capable manner.

Grace Arlington took a number of friends on a sailing cruise recently to a number of Upper Lake points covering a distance of sixty miles in less than ten hours.

Miss Cameron recently sailed the little yacht Ivanhoe from the mouth of Pelican Bay to Bare Island, a distance of twelve miles, in forty minutes, running before a howling nor-wester.

NEW TRIAL ORDERED IN PICKFORD CASE.

NEW YORK, May 19.—The appellate court has reversed a lower court finding, awarding Miss Cora C. Wilkening \$108,000 damages against Gladys Mary Moore, known to movie fame as Mary Pickford. Miss Wilkening obtained a verdict for that amount on the ground that she had boosted Mary Pickford's income to \$1,080,000 for two years' work and was entitled to 10 per cent commission under a contract. The appellate court ordered a new trial.

NEW BILL FOR RECLAMATION AGREED UPON

WASHINGTON, May 19.—Agreement has been reached between members of congress and Secretary of the Interior Lane on a bill for reclamation of western arid lands to give work and farms to discharged soldiers.

The measure which will be introduced early this week, is a compromise between bills drawn by Representative Mondell, Wyoming and Senator Smoot, Utah.

It provides that soldiers shall be employed in reclamation of arid lands at \$4 a day. They are to be privileged to homestead such reclaimed lands under a long term payment plan. Each soldier is to be entitled to an advance from the government of \$1200 for erection of a house and other buildings; \$800 for a team and farm implements, and \$500 for other purposes.

The agreement on this bill came at a conference called by Lane and attended by Representative Mondell, Republican leader of the house; Champ Clark, Democratic leader; Representatives Kinkaid, Nebraska, and Sinnott, Oregon, and Senators

BOY'S TROUBLE COST MOTHER THOUSANDS

SUFFERED SINCE HE WAS TWO YEARS OLD—GAINS 16 POUNDS ON TANLAC—NOW WELL AND STRONG

"My nephew, James Hogan, who is fifteen years of age has gained sixteen pounds on Tanlac and is now a robust, happy boy after thirteen years of awful suffering," said Miss Maggie Goldsmith, 289 Henry Ave., Memphis, Tenn. Miss Goldsmith has been connected with the Joe L. Ullathorne Seed Co., of that city for twenty-seven years and is a stockholder and director in the company.

"Ever since James was two years old," continued Miss Goldsmith, "he has been afflicted with stomach trouble. Two or three hours after eating,

especially the evening meal, he would begin to complain of severe pain in his stomach which would increase until he would go into convulsions. These spells would come on five or six times a month and last about thirty minutes and he would be unconscious for an hour. Some said he had heart trouble and others said he was vertigo. His condition kept him down to almost a skeleton and it was painful to see how he suffered.

"His mother took him to St. Louis and many other places for treatment and we spent thousands of dollars trying to find some relief for him but it was all to no avail.

"But all that awful load of anxiety and worry has been lifted. James is now a well and happy boy and is going to school, and a few bottles of Tanlac did it. He always complained of having to take other medicines but he seemed to like Tanlac and since taking five bottles he is up ten pounds heavier and doesn't look like the same boy. He wants to eat all the time and can eat anything without it hurting him. It makes me rejoice to see James well and happy and enjoying life like other boys. We are not looking for notoriety, but for the sake of suffering humanity we are willing to give our unqualified endorsement for Tanlac."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorain by the James More, Co.—Adv.
