Time Limit Given Enemy Is Up Tomorrow—Extension Will Be Asked of Allies—Germans to Make Reply to Allies Soon—Premier Orlando Goes to Italy.

Dateless Dispatch by Associated Press A definite statement that Germans will not sign the peace terms in their present form has been made by the German Cabinet through the Associated Press.

Statements alleged to be along a somewhat similar line by President Ebert and Premier Scheidemann and other Germans in high position have preceded this one.

Another note was sent yesterday to the German Mission at Versailles by the German Ambassador to the effect that the German Cabinet is of the opinion that the peace terms are not acceptable.

The German Cabinet has refused to sign the peace terms in their present form and has stated that it will not do so until the terms are modified.

The German Cabinet has refused to sign the peace terms in their present form and has stated that it will not do so until the terms are modified.

It is now probable that the peace terms will not be presented to the Austrian cabinet Friday. It is assumed that Orlando's trip indicates some new development in the work of the adjustment of the Fiume question and Dalmatian questions before the terms are presented to Austria. He is expected to remain in Rome for a few hours only.

BERLIN, May 21.—The Cabinet Statement issued here says that Germany declines to sign the terms laid down before it, because to do so would spell "destruction, political dishonor and moral degradation of the entire German nation not only for the present but also for the still unborn generations."
