PUT STOMACH IN
FINE CONDITION

SAYS INDIGESTION RESULTS
FROM AN EXCESS OF HY-
DROCHLORIC ACID.

Undigested food delayed in the
stomach decays, or rather, ferments
the same as food left in the open air,
says a noted authority. He also tells
us that indigestion is caused by Hy-
per-acidity, meaning, there is an ex-
cess of hydrochloric acid in the stom-
ach which prevents complete diges-
tion and starts food fermentation.

Jad Salts is inexpensive and is
made from the acid of grapes and
lemon juice, combined with lithia
and sodium phosphate. This harm-
less salts is used by thousands of
people for stomach trouble with ex-
cellent results.—Adv.

COST

If you go to the "Free Market," pay cash for vegetables or fruit and carry
them home, you get the best prices—WHY? Because you have eliminated the
service cost, which is rent, delivery and profit.

If you took a bucket, walked down to Link river, filled it with water and car-
ried it home, the cost would be the water fee plus your time and shoe leather—but
when you got it home you wouldn't dare drink it because of its poor quality. If
you went with a bucket to one of the city reservoirs and paid cash for the water to
fill it and carried it home, as you sometimes carry a purchase from the store, your
water bill would be more than that brought from Link river—but far less than at
present.

The price you paid would depend upon what it cost to dig the deep wells to
secure that pure, clear water, and additionally what it cost to pump and place it in
the reservoir, so, if you came to the reservoir, bought it there and took it away the
further expenses which every customer pays under present conditions would be elim-
inated. There would be no service pipes and meters to maintain and repair, no meter
reading, bookkeeping, bill making, etc.

BUT, you can't shop for water; you wouldn't if you could. You want it right
there in the faucet, and you want it right there all the time—you demand service.

So, what you buy is Pure Water, brought to you for convenient use, and what
you pay for is Water Service.

Whatever you buy contains a hidden charge, an overlooked charge, whether
it is meat, groceries or vegetables, but for Water it is not hidden; it is where you
can see it in your bill.

IT'S A POOR DOCTOR

Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU
WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD
WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They
do the business. We know they pay. Our customers have
told us so time and again. We have used them ourselves and
they have never failed to get results. They are the short cut to a
quick turn-over—the modern method of merchandising on a small
scale, where the value of the article to be sold or the importance of
the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out
on the street and told each person you met about what you wanted
to do, you might get results—but the people you talked to would
be very likely to say: "That poor fish has bats in his belfry." If,
on the other hand, you used a Want Ad, you would talk to the
whole county at once, instead of only one person, and do it in a
businesslike manner.

The same rule applies to hiring help, renting a house, looking
for a job, or any one of the important little incidents of life where
you must call in the assistance of someone outside your immediate
family. You MIGHT get results by telling your troubles to the
neighbors—but the certain, quick and economical way is to use
a little classified ad.

Do you want to buy, sell or trade, want to hire help or find
work; do you want to find a room, a house to rent, or to rent the
same to someone else; do you want to call attention to some new
feature of your business, seek information on some subject, or
have you any little unfilled want?
