GIGANTIC SUM FOR GAS PAID OUT IN STATE

SALEM, May 23.—It has cost well over $1,000,000 for "chuloo" to burn on the highways and byways of Oregon in the twentieth century way and to turn over the soil on Oregon motor vehicle law, assessing a fee on all gasoline and distillate sold within the state, went into effect February 26.

Sam A. Kozer, assistant secretary of state, has been doing a little figuring and here is what he has evolved.

From February 26, the date on which the fees went into effect, until April 30, 4,702,924 gallons of gasoline and 1,029,762 gallons of distillate have been sold in Oregon on which the good roads fund of the state of Oregon has benefited to the tune of $57,228.10 by reason of the tax of 1 cent per gallon on gasoline and ½ cent a gallon on distillate, which the new law demands.

Mr. Kozer figures that it would require a tank 50 feet in diameter and 325 feet high for the gasoline alone and another tank of the same diameter and 75 feet high for the distillate.

It would require a train of 460 ordinary oil tank cars, of an average capacity of 12,500 gallons, to transport this supply of speed and power if carried in the regular automobile oil tanks such as are used in distributing gasoline and distillate to the various filling stations. 5750 such tanks would be necessary, which strung along the highway 50 feet apart, would stretch out for a distance of 54 miles, or a distance greater than that from Salem to Portland.

This represents just two month's consumption of oil and distillate by the people of Oregon, by far the greater portion being used in automobiles and motor trucks. On the same basis, allowing for the natural increased use during the summer months the sale of gasoline for a year will undoubtedly reach 30,000,000 gallons and of distillate between 8,000,000 and 10,000,000 gallons. The tax on this will aggregate more than $300,000, all of which, under the new law, is to be expended in road construction and road improvement throughout the state under the direction of the state highway commission.

LITTLE GIRL NOW A PICTURE OF HEALTH

SUFFERED DAY AND NIGHT FOR YEARS—AFTER TAKING TANLAC LOOKS LIKE DIFFERENT CHILD

"My little daughter Jean, had gained ten pounds on Tanlac and now she's the very picture of health," said Jim Snell, well known poultry and truck farmer of Raleigh, Tenn.

"When Jean was only seven years old," continued Mr. Snell, "she was taken with something like nervous stomach trouble and there wasn't a day or night she didn't suffer, until we got Tanlac for her, and she's now fifteen years old. Her stomach was in such a bad condition she had to live on toast and eggs and milk, and she couldn't eat any kind of meats or vegetables. She complained of pains in her stomach all the time and would spit up half digested food. She was nervous and would toss and roll all night, for she couldn't sleep well at all. She was bilious and her complexion was bad, and she looked pale and sickly all the time. We gave her most every kind of medicine we could thing of, but nothing helped her.

"After hearing of some of the good work Tanlac was doing, we got some for Jean and it has done wonders for her. She actually looks and acts like a different child, and she's taken only two bottles of the medicine. She commenced picking up as soon as she started Tanlac, and she has gained ten pounds. She never has indigestion now, and eats just anything she wants—even such things as beans and other vegetables, and meats of all kinds. Why, she ate corn for dinner yesterday, and it was the first time in eight years she dared taste corn, and she eats boiled bacon thats cooked with vegetables. She's not nervous nor bilious now, and sleeps like a baby and we never hear anything out of her from the time she goes to bed until she gets up in the mornings. Her skin has cleared up an her cheeks look fresh and rosy. You can just look at her and tell she's enjoying good health."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.
