

At the Theaters

A number of interesting theatrical productions...

which to draw. Tom Sawyer, still and abetted by the irresponsible Heck Finn, indulges in thrilling and humorous adventures...

All lovers of real art and true drama in motion pictures will receive with delight the announcement that Henry B. Walthall, the celebrated screen star, will appear at the Liberty Theatre tonight in his first Paralta play, "His Robe of Honor"...

Love for a girl which endures the brand of a criminal and drives the wearer from his old home to the refuge of a rough mining camp in the far West, is shown by the hero in "When Men are Tempted," the Greater Vitagraph Blue Ribbon Feature, which will be seen in the Temple Theatre tonight in this strong picture adapted from the story "John Bull"...

Two popular Vitagraph stars, Mary Anderson and Alfred Whitman, who appeared together in "The Flaming Omen," "The Divorce" and "Sun-Eight's Last Raid," take the stellar roles in the feature and are supported by Otto Lederer, S. E. Jennings and R. Bradbury.

"Mickey," featuring Mabel Normand, to be shown at the Liberty Theatre on Friday and Saturday is filled with unexpected situations not called for in the scenario, and altho this spontaneity brings many a brilliant flash into the picture, still Mabel Normand admits that the life of a comedienne is not all giggle and gurgle.

One day, when Mabel was called upon to dust a chair, during one of the scenes for "Mickey," she tripped over a rug, took a header, landed up against one of those old-fashioned nine-foot high hall clocks and tipped it over. Mabel had just time to brace herself and throw her hands over her head when the clock came down on her. For several seconds she struggled, and then Bill Colvern, butler in the scene, came to her rescue. The camera man, realizing that the stuff, though not called for, was good action, filmed the incident, and it has been added to the great number of humorous situations in "Mickey."

But sometimes they don't film the unexpected. Mabel Normand, as "Mickey," was to fall thru a roof, in which, to be effective, she must land on her feet. Mabel found it easy enough to fall, but landing head up was another matter. "Oh, for one of those German helmets," she cried, after the "steenth attempt."

NC-4 HELD UP BY WEATHER.

WASHINGTON, D. C., May 27.—Weather reports from the Azores today indicated that the Seaplane NC 4 cannot resume her flight before today at the earliest.

STATE CHAMBER TO VOTE ON RAILROADS

THE STATE CHAMBER OF COMMERCE... will vote on the proposed railroad legislation...

IMMENSE TRADE IS CREATED BY POPULAR REMEDY

UPWARDS OF FIVE MILLION BOTTLES OF TANLAC ARE SOLD AND DEMAND IS CONSTANTLY INCREASING

(By Harrison Vaughn) ATLANTA, Ga., May 26. (Special Correspondence)—This is a story of Success—the kind everybody likes to read. Surpassing interest always attends the telling of how a great business has been built. This city presents a very striking instance of remarkable business success, which has been achieved in a very short space of time.

The announcement has just been made here that Tanlac, the well-known medicine, which readers of this paper have often seen mentioned in the advertising columns, is today the most largely sold medicine of kind on the American market; that in little more than four years' time it has attained a definite position of pre-eminence among proprietary medicines. Without doubt this statement will be read with the keenest interest, not only by druggists, but by the general public as well.

Briefly summarized, the outstanding incidents in this story of success are: The discovery of Tanlac; the perfection of its formula by painstaking study, extensive research and exhaustive tests; the beginning of its manufacture in a small way, the instant demand for the product created by successful use, and finally the establishment of the large and magnificent laboratories at Dayton, Ohio, occupying more than 60,000 square feet of floor space, to supply the ever-increasing demand for Tanlac. The daily capacity of 30,000 bottles at this plant has at times, in fact, been found insufficient to supply the trade requirements. A branch laboratory with 8,000 bottles daily capacity has been established at Windsor, Canada, in order to supply the Canadian demand.

The marvelous expansion of this business will easily stand comparison with any of the remarkable business achievements of recent times. As one of the largest drug jobbers of the United States said recently, it requires some effort of the imagination to realize the amount of business that is now being done by this concern, adding his belief that the nation-wide popularity of Tanlac gained in such a short time is nothing less than phenomenal.

This latter statement was made following the announcement in the daily papers that over twelve million bottles of Tanlac had been sold in four years, up to Jan. 1st 1919 and that during the first ten weeks of

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime pack of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—be painless. Where you get what you need for.

...the most popular preparation and...

...the most popular preparation and...

...the most popular preparation and...

But Tanlac advertising "copy" is essentially different from most others. It consists almost wholly of the direct, signed statements of those who have used the medicine. These people are distinctly identified by name and address. They tell very plainly what was the matter with them and what Tanlac has done for them. Tanlac advertising has been happily free from the "cure-all" exaggeration instead of advancing extravagant claims as to what their preparation will do. Its manufacturers and distributors prefer to let those who have used Tanlac tell in their own words what it has done.

PARIS AVIATOR WILL ATTEMPT OVERSEA TRIP.

PARIS, May 26.—Lieutenant Rogot, a French Aviator started today for a flight from Paris to Morocco, whence he plans a flight across the Atlantic to Brazil.

UNCLE SAM KEEPS INTERNED SHIPS.

WASHINGTON, D. C., May 27.—Official advices say that the Council of Four has agreed that the United States shall keep all the German ships seized in the American ports.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

HAVE DARK HAIR AND LOOK YOUNG

WOMEN CAN KEEP THEIR HAIR DARK AND LOOK YOUNG BY USING WYETH'S SAGE AND SULPHUR COMPOUND.

...a well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

YANKS COMING HOME FROM RUSSIA. WASHINGTON, D. C., May 27.—The withdrawal of the American forces from Archangel is actually under way.

IT'S A POOR DOCTOR Who Won't Take His Own Medicine THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay. If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner. The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad. Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want? USE HERALD WANT ADS THEY DELIVER THE GOODS AND ARE ALWAYS WORKING
