

## GERMANY KICKS ON ALL PHASES OF THE TREATY

### Formal Reply Is Received Today From the Huns

## ISSUE WITH VATICAN

### Counter Peace Proposals Turned In By Enemy Today Are Greatly at Variance With Those Issued by the Allies on May Seventh—Flume Issue Believed Adjusted.

DATELESS DISPATCH (By Associated Press)—Germany has made a formal reply today to the treaty terms of the Allies which were presented on May Seventh.

The German counter proposals appear to take issue with the Allies on nearly all the important phases of the treaty, according to the published summaries.

Count Brockdorff Rantzau will leave for Spa as soon as the Council of Four receives the proposals.

Dispatches today indicated an agreement by the Council of Four on the Adriatic and Flume questions. Flume is to be an independent Municipality, under the new arrangement and certain Dalmatian islands are to go to Italy, but it is understood that she will not get the Adriatic ports of Serr and Sebenico.

A representative of the Vatican is at Paris to discuss the status of the Holy See in lands ceded by the Allies.

Premier Clemenceau has been quoted as saying that the terms of the treaty are not negotiable and must be accepted.

The transports have refused to be abandoned for withdrawal of the American troops, with British forces to relieve them.

## SCHOOLS NEARLY ALL CLOSED NOW

Schools nearly all over the County are now out for the long summer vacation and a large number of the teachers have left for their homes in other parts of the country.

The Merrill High School will continue its sessions until Friday of next week, being the last Klamath public school to terminate the year's work. It is expected that Keno School will close this week. The last of the examinations have now been held in the Klamath Falls public schools.

The Sacred Heart Academy will continue its sessions until July First.

## GARAGE MAN TAKES EXTENSIVE VACATION

Following a term of service of over six years as foreman at the Ford Garage of this city, Roy Call will terminate his connection with that institution this week and take an extended auto tour this summer which will include most of the National Parks of the west.

He is making the trip primarily in the interest of Mrs. Call's health, but feels the need of a rest and change for himself. He expects to leave sometime next week and drive north, visit the Yellowstone National Park after which he will go east as far as Colorado and then down near the southern border returning to Klamath Falls in time for the Fall School term.

## FIRE IN U. OF O. MEDICAL SCHOOL.

PORTLAND, May 29.—Fire of an unknown origin destroyed the top floor of a three story frame building occupied by the University of Oregon Medical School, across the street from the Good Samaritan Hospital.

The building was to have been wrecked in two weeks and the school moved to new quarters which have just been completed. A girl student organized a relief brigade and helped to save the equipment. The loss was small.

## NOTICE.

The Klamath Falls Postoffice will be closed all day tomorrow Memorial day.

## HINDU PROPHETS NOT WANTED AT EUGENE.

EUGENE, May 29.—Hindu prophets are being kept from the city here by the Hindus from the East. One of the prophets, who is a native of Egypt, presented himself to the Hindus here as an all-knowing prophet. He held a public meeting at the local armory and before a huge crowd sought to demonstrate his powers.

He completely mystified his audience with his answers to their questions and would not deign to respond a good harvest from exultant ones had not some college students from Pendleton, the "prophecy" home town, recognized him as a half-breed Indian of that place. The next day the indignant fellow returned of the all-wise one put him to leave town. With all his powers, Aha Ney could see no way out of the predicament except to follow orders.

And Eugene is as much in the dark as to her future as ever.

## GET OUT YOUR HAMMER.

We hope every citizen of Klamath Falls will get out his hammer and use it—on the nails that are sticking out of the boards in our wooden sidewalks. If every citizen who has a board walk in front of his premises would take just five minutes he could "drive home" every nail that has worked out during the winter. It would make your walk safe for pedestrians, just as you want the other fellow's sidewalk safe for you and yours. Now get busy and drive down those unsightly and dangerous nails.

## MODOC FOLK TO BUILD HIGHWAYS

### ROAD BOND ELECTION SET FOR JULY FIRST WILL ASSURE EXTENSION OF ROAD EAST OF CASCADES ON SOUTH

That the people of Modoc County will vote on a \$400,000 bond issue for the construction of highways in that district one of which is to connect with the Klamath Dalles Eastern Oregon Highway and continue this fine route on to the south is the good news received by Secretary R. J. Grossbeck of the Klamath Good Roads Association in a letter today from the Modoc County Development Board. The election is to be held on July First.

The highway, if authorized, connects with the Klamath County road at the southern county line on Tule Lake below Malin. It will run in a southeastern direction to Shaw's and then down the Pitt River in a southerly direction to the Shasta County line. At Shaw's the road will connect with the State Highway for Alturas.

Reports that have come in from Modoc County from time to time indicate that the people there are as enthusiastic over the good roads movement as they are in Klamath and that is saying a good deal as the move appears to be unanimous here.

## MAN IS APPOINTED TO KILL OFF SQUIRRELS.

J. H. Van Meter has been appointed by the County Court to look after the extermination of squirrels at certain points in Poe Valley.

## PRETTY PARTY TUESDAY EVENING.

Miss Nellie McAndrews and Miss Eva Hanks entertained Tuesday evening at the home of Miss Hanks in honor of Mrs. Pearl Tally Arnold, who left for her home in Los Angeles today. About a dozen ladies were present.

## REPUBLICANS PROBE WAR EXPENDITURES

WASHINGTON, D. C., May 29.—The plans of the Republicans for investigations of the expenditures of the war department took form here today when Representative Graham of Illinois prepared a resolution as for a Committee of inquiry.

## NOTICE.

Grocery Stores will remain open tomorrow until 9 A. M. and close until 1 P. M.

## OREGON LEADS COAST IN WAR STAMPS SALES

PORTLAND, May 29.—Oregon is leading the Pacific coast states of the Twelfth Federal Reserve District in War Savings Stamps sales this year, having sold up to May 1, 45 per cent of her quota to date, which is \$1,200,000. The quota for the year is \$2,667,600.

Requisitions for War Savings Stamps made by postmasters to the Third assistant postmaster general, Washington, are at the one million dollar mark while the sales reported by accounting postmasters to the Federal Reserve Bank almost reach the same figure. The difference represents the stocks of stamps on hand in postoffices.

The War Savings Stamp campaign is no longer designated a campaign but an educational movement. The idea of the treasury department this year is to use every proper means to inculcate the idea of saving and to make it a national habit. The work this year is being done to promote safe investment in government securities that are within the reach of every person of moderate means.

Comparative figures on stamp sales among the counties of a state are discouraged by the treasury department, according to word received by State Director Jackson. Therefore, the publicity which these figures would receive is denied. The authorities at Washington give the opinion that competitive methods in encouraging stamp sales, as well as extraordinary "stunts," are not regarded as the proper thing in conducting War Savings Stamp sales.

People are asking occasionally, says Mr. Freeman, when the War Savings Stamp drive will begin. It is going on all the time and will be pressed up to and beyond the December 31, 1919, date. War Savings Stamps will be continued next year as a part of the government's financial program.

The forced sale of War Savings Stamps, says state headquarters, "brings no permanent good. In a short time many of the stamp certificates are cashed. The steady, systematic sale of stamps tends toward formulating permanent thrift and the encouragement of safe investments that are interest bearing."

## LANGELL VALLEY WOMAN IS DEAD

### WELL KNOWN RESIDENT WHO HAD HOST OF FRIENDS IS SUMMONED BY GRIM REAPER EARLY THIS WEEK

Mrs. Fred Thompson, a well known and highly respected woman resident of Langell Valley, passed away at two A. M. Monday morning, following an illness from pneumonia. She was sick only a few days.

Mrs. Thompson was thirty-three years of age and had resided in Langell Valley for about ten years. The deceased is survived by her husband and three children. The funeral services were held at Bonanza Tuesday. A host of friends in Eastern Klamath County will mourn the passing of Mrs. Thompson, who was a woman of unusually fine character. George Noble Jr., a nephew of the deceased, brought several relatives who had attended the funeral, in to return to Ashland today.

## WILSON CONSIDERED FOR A THIRD TERM

CHICAGO, May 29.—Homer Cummings, chairman of the Democratic National Committee said he thought that Wilson's candidacy for a third term would be determined largely by fate of the League of Nations.

If the League was defeated, he said he thought a big pressure would be brought to bear on him to be again a candidate. The only other names mentioned as possibilities were William G. McAdoo and A. Mitchell Palmer.

## NEW ISSUE OF LAW IN BOOZE TRAFFIC IS UP

MEDFORD, May 29.—A new point of law, which is not only of interest to every bootlegger in Oregon but to all the attorneys of the state, was raised here in Justice Taylor's court when J. C. Robinson and James E. Ward, of Medford, and E. R. Wall and E. M. Anderson, well known miners of the Blue Lodge district, who were arrested by a deputy sheriff in the Siskiyou with 27 bottles of whiskey in their automobile were arraigned.

Justice Taylor continued the case for preliminary hearing until County Prosecuting Attorney Roberts can obtain a certified copy of the United States supreme court's recent decision, reported in the newspaper dispatches, holding that it was not illegal to transport intoxicating liquor from a wet state thru a dry state into a wet state. This point was raised for the first time in Oregon since the decision was given by the defendant's attorney, Judge Crews, today. He said that the defendants were transporting liquor from Kern County, Cal., through dry Oregon to the Blue Lodge district, which is in wet California, for their own use there. This point is further emphasized because of the fact that Copper, Cal., or the Blue Lodge, although in a wet state is a local option community.

## CALIFORNIA BANKER PLEASSED BY KLAMATH

Albert H. Silvernail of the Wells Fargo Nevada National Bank of San Francisco, who has been in Klamath Falls for a brief business visit left for his home in the Bay City this morning.

Mr. Silvernail was taken over a part of the Klamath Country by officials of the First National Bank and was greatly surprised and delighted at the resources and apparent future of this great section. He declared that prices were unusually low here for the quality and productivity of the land. He believes as soon as the advantages of this section are realized by the public in general, the land values will be increased materially.

## CASTELLUCCI'S BAND UNUSUAL

### EXCELLENT BILL GIVEN ON FOURTH NIGHT OF THE BIG CHAUTAUQUA. PLANS FOR PROGRAM NEXT YEAR

The Fourth Day of the Chautauqua in Klamath Falls was equal in every way to the high standard of talent that has been exhibited here in various lines during the entire week.

Castellucci's Concert Band made a hit with Klamath Falls from the first number on the program and the bill was ably supported by the readings and sketches of Bess Gearhart Morrison.

Signor Castellucci has a most unusual method of leading and his aggregation of artists by which he brings into play not only his hands, feet, mouth and ears, but also his hair which he puts thru the most remarkable kind of gymnastics and which seems to have a wonderful inspiration for the players. Although very little could be understood from his announcements, it was apparent that a deadly feud existed between the leader and the man who played the drum. His feeling nearly reached a climax several times during the evening and the drummer finally had to go out and get a larger drum stick with which to protect himself.

The fact that the Chautauqua has made a big hit with the local public, was indicated when a call was made for supporters for a program next year and which brought fifty-three men to the front to sign the guarantee contract.

## THANKS INSCRIBED IN WRITERS' BLOOD

NEW YORK, May 29.—A message written in blood on a grain of Syrian wheat, thanking American relief workers for aiding his people, has been received from the head man of a village of Lebanon by representatives of the American committee for Armenian and Syrian relief in Beirut, according to an announcement at headquarters of the organization here.

That it could be read only thru a magnifying glass, declares that its author, Nasib Said, could not find "a better ink than the blood of my heart, nor a paper more appropriate than a grain of wheat," to record "your great benevolence."

## PHONE MAN ASKS THAT RATE RAISE BE UPHOLD.

WASHINGTON, D. C., May 29.—N. C. Kinksbury, vice president of the Bell Telephone Company has urged that the Senate Interstate Commerce committee prepare to have enacted present legislation validating the present increased telephone rates and placing the systems under federal regulation when they are returned to private ownership.

## JACKSON COUNTY MAN NAMED U. O. REGENT

SALEM, May 29.—Governor Olcott has today named V. H. Vawter, Cashier of the Jackson County Bank of Medford as a member of the Board of Regents of the University of Oregon, succeeding W. P. Gore of Medford, whose term has expired.

## ELKS HAVE BIG TIME THIS EVE

### DISTINGUISHED LEADERS OF ORDER TO BE ON HAND. UNUSUAL FEATURES PLANNED FOR ENTERTAINMENT

Tonight is going to be one of those nights in Elkdom which are long remembered with happy thoughts of the members of the lodge, who gather for the occasion, and from the general intimation on the streets today most of them are going to gather.

The unusual entertainment features which are to be put on this evening are to be in honor of the visit of Dr. Kennedy, president of the State Association and Julius Berg, Exalted Ruler of the Portland Lodge and Mr. Brotzmeyer, State manager of the Salvation army campaign.

There are also a number of very important matters which are to come up for discussion at the meeting tonight and at which each member of the Lodge is interested.

The big State Convention which is going to mean so much to the entire community, is now only a few weeks away. The visiting brothers are going to swoop down on Klamath Falls by thousands and the big problem of taking care of them and showing them the time of their lives must be shared by all members of the Lodge here and not shifted off to the leaders.

## EPIDEMIC TAKING PORTLAND BABIES

PORTLAND, May 29.—Two babies died last night at the Waverly baby home from an epidemic of Dysentery of mysterious origin, making a total of fourteen infants which have died of this trouble in the last two weeks. Twelve others are suffering from the disease now.

The other babies were all moved today to another building in the Red Cross section of the Vancouver Barracks. Local churches are furnishing equipment aid, etc.

## TEACHER IS HONOR GUEST AT PARTY

Mrs. A. E. Whitman is entertaining at Bridge this afternoon in honor of Mrs. Estelle Carrier, who will leave in a short time to spend the summer vacation with her sister at Hot Springs, South Dakota.

## U. S. REFUSES PASSAGE FOR MEXICAN ARMY

### Cannot Go Thru American Territory

## POLICY QUESTIONED

### Uncle Sam Turns Down Request of Mexican President to Move 2,000 Troops Thru American Territory—Under the Belief That the Men Are Needed at Present Location.

WASHINGTON, D. C., May 29.—Carranza has been notified that permission for passage of the Mexican troops through American territory will be withheld for the present.

President Carranza had asked to move two thousands troops from Agua Prieta to Juarez for operation against Villa.

The United States believes that the force will not be able to protect American citizens in northern Mexico. The attitude of the United States might be altered if Carranza could show that there was a greater necessity for his men at Juarez, than at Agua Prieta where the Yaqui Indians are becoming troublesome.

## DUNBAR WELCOMED BACK TO KLAMATH

After almost two years residence in France in the Military Service during which time he traveled over much of that country and met with many experiences which are sure to remain vivid in his memory, Sergeant Fred Dunbar returned to Klamath Falls last night and is being welcomed back to his old home town by his many friends here today.

Sergeant Dunbar after being turned down by the examiners for the regular army on account of eye tests, succeeded in enlisting in the Commissary Department and after crossing to France he was transferred to Gas Division office of the Fifth Division.

Fred says every man to his own liking but as for him, the little old U. S. A. will be quite sufficient for a time. Previous to his entrance into the service, Mr. Dunbar was city editor of the Evening Herald.

## BIG STEAMBOAT GETS REPAIRED

### WINEMA, LARGEST BOAT ON UPPER LAKE IS PUT ON WAYS FOR FURTHER SERVICE IN PASSENGER TRAFFIC

That the big steamer Winema, the largest boat on the big Upper Klamath Lake, which has been out of commission for several years, has been put on the ways and will be again ready in a short time for passenger service, is the news reported from Shipping circles.

The Winema is over 125 feet long and is more than double the size of any of the other Upper Lake Steamers. She was built here in 1905 and is reported to have carried between three and four hundred persons on some former excursions. She is commanded by Captain John Tritten.

## SHIP CONTRACTS TO BE LET AGAIN

WASHINGTON, D. C., May 29.—Chairman Hurley of the Shipping Board has promised the re-instatement of contracts with Pacific Coast shipyards, which have been unjustly treated in the cancellation of orders for steel ships by that board since the signing of the armistice.

At a conference with western shipbuilding states, Senators and representatives of Oregon, California and Washington, Chairman Hurley conceded that probably some injustices had resulted from the suspension of the contracts.
