## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the thirty feet of bowels the previous day's accumulation of poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember, inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

For March of this year the total was \$605,000,000, and for April a year ago \$50,000,000. ## RECIPE TO CLEAR A PIMPLY SKIN

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THROUGH SKIN PORES

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Adv.

## YOUNG CIGARETTE SMOKERS GET JOLT

SALEM, May 30.—The cigarette habit, which has been permitted to grow practically unchallenged during the war period, seems due for a dose of regulation in the near future in Oregon. Many complaints have been received from all sections of the state relative to the prevalence of the habit among minors and the numerous violations of the anti-cigarette law, according to Attorney General Brown who has notified the authorities of the complaints.

Sale of cigarettes to a minor is punishable by a fine of not to exceed \$100 for the first offense and not less than \$25 nor more than \$500 for subsequent offenses or by a 30-day jail sentence or both. Minors who violate the law by smoking cigarettes or having them in their possession are subject to a fine of \$5.

One offender, according to the attorney general, tried to excuse himself on the grounds that the minor to whom he sold cigarettes had served in the army, where he was permitted to indulge in the habit to his heart's content. Service in the army, however, does not change the status of a minor, according to Mr. Brown.

## TEXAS OIL MILL MAN IS GRATEFUL

McCRACKEN COULDN'T EAT OR SLEEP TO DO ANY GOOD BEFORE TAKING TANLAC

"Tanlac proved to be the very thing I needed, for it soon put an end to my troubles," said D. V. McCracken, 829 Second Ave., Dallas, Texas, night superintendent of the Dallas Oil and Refining Co.

"I had been troubled with indigestion for over two years," he continued, "and was going down hill fast. I was constantly belching up sour food and didn't digest enough to keep up my strength or do me any good, and I lived almost entirely on cereals. My stomach felt like there was a knot in it and hurt me all the time, and I was swollen up with gas till my heart would flutter and I would get dizzy. I could hardly sleep when I went to bed and got little rest at all."

"I had the best treatment money could buy, and kept getting worse all the time. I was induced by a friend to try Tanlac and it fixed me up so I have no more gas on my stomach, no palpitations nor dizziness, and I feel so grateful for what Tanlac has done for me that it is a pleasure to endorse it."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.
