# A Sanitary Creamery

Do you know what this means to your health? Do you know that there is nothing so productive of sickness as impure butter? Most impure butter is due to unsanitary dairies and improper manufacture. That is why we invite you to visit our creamery at any time and see for yourself what the state has pronounced to be one of the cleanest dairies in Oregon. Buy butter from a creamery that is always open to your inspection.

That is why we suggest that you insist on Klamath Creamery Butter.
